WATER RIGHT LICENSE

License of Water Right No. 95-7034 Priority Oct. 7, 1968 Amount 0.02 cfs

THIS IS TO CERTIFY, that William Frederick Sims, Jr.
of Hayden Lake, Idaho, has complied with the terms and conditions of Permit
No. 95-7034 issued pursuant to Application for Permit dated October 7, 1968,
and has submitted proof to the Department of Water Resources on April 19, 1976,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.02 cfs of water from Hayden Lake,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u>	from <u>Jan. 1</u> to <u>Dec. 31</u> at <u>0.02</u> cfs and <u>0.57</u> acre feet		
	from _____ to _____ at _____ cfs and _____		
	from _____ to _____ at _____ cfs and _____		

(both dates inclusive)

Subject, however, to the condition that no more than 0.02 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
0.57 acre feet per year, said waters to be diverted within the Lot 3 of Sec. 16,

IN THE MATTER OF EXTENDING THE PROOF DUE
DATE IN CONNECTION WITH PERMIT NO. 95-7034
IN THE NAME OF WILLIAM FREDERICK SIMS, JR.

ORDER

WHEREAS, on October 7, 1968, William Frederick Sims, Jr. applied to the Department of Water Resources (formerly the Department of Reclamation) for a permit to appropriate 0.02 cubic feet per second of water from Hayden Lake to be diverted from within Lot 3, Sec. 16, Twp. 51N, Rge. 3W, B.M., Kootenai County, to be used for domestic purposes; and,

WHEREAS, on December 6, 1975, the Department approved said application and issued Permit No. 95-7034 with the condition that proof of construction of works and application of water to beneficial use be submitted to the Department on or before January 1, 1970; and,

WHEREAS, on December 26, 1969, the Department extended the time within which to submit proof of beneficial use to January 1, 1975; and,

WHEREAS, on September 3, 1974, the Department again extended the time within which to submit proof of beneficial use to January 1, 1976; and,

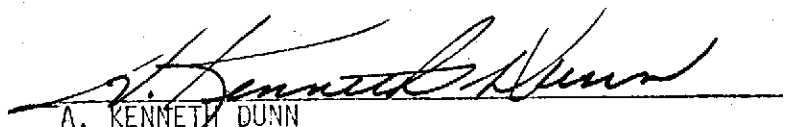

WHEREAS, on November 24, 1975, the permit holder submitted another request for an extension of time; and,

WHEREAS, it appears that the permit holder has been prevented from proceeding with his work because he did not obtain necessary consent or approval from a governmental agency; and,

WHEREAS, Section 42-204, Idaho Code, allows for an extension of time for the amount of time lost by such delays;

IT IS, THEREFORE, HEREBY ORDERED that the time within which to submit proof of beneficial use of water under Permit No. 95-7034 be extended to May 9, 1976.

Dated this 9 day of December, 1975.

Dear Mr. Sims:

One of the conditions of approval of your water Permit No. 95-7034 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 9, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

SUBJECT: Extension of time request

December 3, 1975

I called Chuck Anselma (environmentalist at 667-9461) of the Panhandle Health District, concerning the issuance of the sewage disposal system permit.

The permit was requested on December 30, 1974, but due to winter weather a field examination was impossible to make, therefore, the permit was not issued until May 30, 1975.

Therefore, the permit should be extended for 5 months, the length of time the permit holder was prevented from proceeding by a governmental agency.

Dear Sir,

In March of 1968 I requested the above permit. I was called to active military service. An extension of time was granted until 1 Jan 1975. Due to extended active duty and a delay in approval of a sewage disposal system pursuant to new environmental standards building had been postponed until the summer of 1975.

An extension of the proof due date thru 1975 was requested and granted by your order dated 3 Sept. 1974 and signed by Kenneth Dunn.

Building commenced as planned in July of 1975. The health dept issued a permit but with the stipulation that I install an evaporator

system. This required procurement of a heavy gauge vinyl liner to meet their specifications. The liner was ordered by C&R plumbing in August or September and was just received. It is currently being installed.

Attempting to build this home myself, I proceeded with and finished the cement work to include foundation walls and floor but was hesitant to proceed ^{further} until the sewage system situation was resolved. Due to delays in obtaining the permit and the specified materials the building completion ~~projections~~, actual occupancy, and application to beneficial use will not take place until Spring. Without the sewage disposal system, I postpone the installation of the diversion equipment. It now looks as though the sewage system should be completed by

the end of November, it is because of the
aforementioned facts that I again request
an order extending the proof due date
in connection with Permit-No. 95-7034

Dear Mr. Sims:

95-7034

One of the conditions of approval of your water Permit No. _____ (see last page of your approved permit) was that evidence of the extent of development be submitted ~~January 1, 1976~~ January 1, 1976 application of water to beneficial use to this office on or before January 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Cpt. Sims:

Enclosed is an Order which extends the time for making proof of beneficial use under the above referenced permit to January 1, 1976.

We have enclosed a proof of beneficial use affidavit, with a set of instructions for making proof which we hope will answer your questions regarding the proof of beneficial use procedure.

Also enclosed is a letter describing different types of measuring devices approved by the Department. We wish to advise you, however, that your permit does not require the installation of a measuring device.

If we may be of assistance at any time, please do not hesitate to contact us.

Re Permit # 95-7034

Dear Sir,

In March of 1968 I requested a water permit to divert water of Hayden lake for domestic purposes. At the time of original application I was a student anticipating construction of adwelling prior to Jan. 1970. Upon graduation a call to active military service changed these plans. Immediately an extension was requested and approval granted until 1 Jan. 1975. Now, due to extended active service and delay in approval of a sewage disposal system pursuant to new environmental standards, building has been posponed until next summer.

Request extension through 1975 to allow for construction and proof of beneficial Use or the maximun time under the law. Further request infromation as to proof of beneficial Use and approved or recommended metering devices for domestic systems.

Your assistance regarding this request is sincerely appreciated.

Dear Mr. Higginson:

Due to the enclosed orders from the U S Army calling me to active duty March 27 1970, I am compelled to request an extension of time to complete the application of water to beneficial use under permit # 95-7034. My wife and I had planned to establish our residence at the location pertaining to the permit the summer of 1969, but due to the intervention of the U S Army we felt it better to postpone our building plans until after the service, which will be from 2 to 3 years.

I am sorry to have inconvenienced your office by requesting this extension of time but the reasons are beyond my control. Please advise me on what further procedure I should follow to preserve this permit or rights thereunder.

Please send all further correspondence to the above address, as you have done before.

Thank you for your time!
