Dear Mr. Webb:

We are returning your check in the amount of \$10.00 and your application submitted in behalf of Kootenai County, Idaho.

Please be advised that in order for the application to be acceptable, it must be signed by an elected official of the county. If you hold an elected position with the county, please indicate beside your signature your elected title. If you have to require another signature, just have the sign in addition to your name.

Also we are asking for clarification as to the information under Item 5 of the application. We must, for each use, have a month and a day in the spring to a month and a day in the fall of each year that the water will be used. If you will enter January 1 to December 31 for your domestic purposes and your fire fighting, this will be sufficient.

Please contact us if we may assist you in any manner.

Very truly yours,

Thank you —

#2. This system is a multipurpose system for the Kootenai County, Coeur d'Alene Air Terminal: A. Its prime purpose is for public consumption in public access buildings on the terminal property. B. A secondary purpose is limited and future irrigation of Airport lawns. Quantity is unknown at this time. C. The U.S.F.S. maintains a borate plant for forest fire fighting on the airport property. They may have a demand of about 0.12 c.f.s. in a bad fire situation. D. We will also maintain a mobile fire fighting truck on the airport. Conceivably we could need about 0.1 c.f.s. for short periods of time. E. Also, we have applied for approximately double our present maximum demand to accommodate future growth of our air terminal.

#3. This cost includes a multi-purpose building to house electrical equipment, auxiliary generator, pump and storage tank. It also includes a water distribution system.

Dear Mr. Higginson:

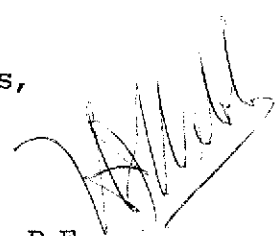

Please refer to subject Permit No. 95-7015. This project is now complete, and the water is being used by the fixed base operators on the Coeur d'Alene Air Terminal and by the USFS Borate Plant.

A permanent installation of a 4 inch Sparling CF-102, propellor type, main line water flow meter, Serial #79037, has been made.

Are there other "proofs of construction of works and application of water to beneficial use" required, or is this letter sufficient?

Thank you for your cooperation.

Very truly yours,

Herbert J. Webb, P.E.
Kootenai County Engineer
