Dear Mr. & Mrs. Pearson:

One of the conditions of approval of your water Permit No. 33567/92-2031 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 19, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Higginson,

I have received from your office an application form for "Proof of application of Water to Beneficial use". This is to be completed before April 19, 1971, or I am to ask for an extension of time.

I should like to ask your advice as to what I am required to do there. This creek on which I have Permit No. 33567/92-2031 runs through my 20 acre wooded area far up in the mountains. I have only an old abandoned trailer there now in which we stay during a week or two for vacation during the summer.

Re: Permit No. 33567/92-2031

Mr. and Mrs. Edgar M. Pearson  
Route #5, Box 98  
Mt. Vernon, Washington

Dear Mr. and Mrs. Pearson:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
