NOTICE OF EXISTING
WATER PERMIT

Notice is hereby given that the Washington Water Power Co., P. O. Box 1445, Spokane, Washington has received an approved Permit No. G-33485/96-2314 issued by the Idaho Department of Water Administration authorizing the diversion of 1.0 cubic feet per second of water from a ground water source. The priority to be established under this permit is February 21, 1967 and the permit was approved February 23, 1967.

Water is to be diverted by well and distribution system from a point within the SW¼NW¼, Sec. 18, T. 51 N, R. 3 W, B. M., Kootenai County, to be used

for domestic purposes in all of Sec. 7; N½ Sec. 18, T. 51 N, R. 3 W, B. M.

Proof of the application of the water to beneficial use is to be submitted to the Department on or before February 23, 1972. Any protests against the issuance of the license for the above referenced permit should be filed with the Idaho Department of Water Administration within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

Dear Ms. Mortlock:

RE: Draft Application for License, Cabinet Gorge Hydroelectric Project, FERC 2058

The letter of October 15, 1998, from Larry La Bolle on the above project requested comments to you by January 15, 1999. Our letter is recognized to be late; however, comments felt to be appropriate are quite minor in relation to FERC's responsibility but generally relate to state of Idaho water rights for the project. This letter results from my discussion with Larry La Bolle on February 17.

In regard to the Draft Application for License, on page 3-14 of the Draft Collaboratively Prepared Environmental Assessment under Idaho Water Rights, we would have preferred a listing of the License and Certificate of Water Right document numbers. These documents are as follows:

- 96-02179 with priority date of September 7, 1950 for 25,000 cfs
- 96-02180 with priority date of November 7, 1950 for 10,000 cfs (not September 7, 1950)
- 96-02269 with priority date of November 3, 1961 for 700 cfs

It should be noted there is no storage license of record for the Cabinet Gorge Reservoir. Therefore a Claim to a Water Right under Idaho Code 42-243 should be filed in the near future on a Idaho Department of Water Resources form no. 243, Claim to a Water Right (Statutory Claim). According to page A-4 of the draft license application, the claim would be for 105,000 acre-feet for storage and 42,780 acre-feet for use from storage for hydroelectric use.

On page 4-45, the reference to the Idaho Water Resource Board's State Water Plan should reference the January 1997 edition not a December 1986 edition.

For the Draft License Application in the Initial Statement under item 6, compliance with each of the laws cited, it would have been beneficial to repeat the above license information with a summary of the claim information. This compliance section, as you know, was not provided in the draft application for license.

In regard to the name change to Avista Corporation, good business practice suggests a name/address change filing either by letter or on form no. 42-248/42-1409(6), Notice of Change of Water Right Ownership, would be made for Idaho water rights [Cabinet Gorge, Post Falls, and any others (?)].

February 19, 1999

This letter or form should include a listing of the water rights and a copy of the document(s) that makes the legal name change. A partial review of our data base lists the following additional Idaho water filings:

<u>Filing No.</u>	<u>Priority Date</u>	<u>Source</u>	<u>Quantity</u>
95-04518	01/01/1907	Spokane River	4,250 cfs (for Post Falls) (a claim)
95-08003	03/17/1980	Spokane River	1,150 cfs (for Post Falls)
82-02070	03/11/1926	Moore's Lake	715 ac-ft (power) in 71 acre lake
Water transferred to Moore's Lake Creek to John's Creek to S.F. Clearwater R. (Storage in T. 26 N., R. 05 S., Sec. 6, NENE., B.M. Transferred from Inland Power & Light Co. A court likely would rule this licensed right forfeited because of non-use.)			
95-02205	02/21/1967	Groundwater	0.29 cfs (domestic)
95-04027	09/01/1963	Groundwater	1.20 cfs (domestic)
95-07185	04/03/1972	Groundwater	1.39 cfs (domestic)
95-07271	04/03/1973	Groundwater	0.83 cfs (municipal)
95-08432	01/30/1984	Groundwater	0.08 cfs (domestic)
95-02172	Lapsed		

Both the claim and name change filings may be made through our regional office located in Coeur d'Alene, Idaho, telephone number (208) 769-1450. Forms are enclosed with a copy of this letter to Larry La Bolle and also can be duplicated from internet at www.idwr.state.us.id/idwr/idwrhome.htm.

We have deferred a concern about erosion below Cabinet Gorge Dam to the oversight review and recommendations of the Idaho Division of Environment and the Idaho Department of Fish and Game.

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 33485/95-2205 and has found the following:

Quantity of water diverted: 0.29 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.29 cfs

The maximum quantity diverted shall not exceed 30 acre feet per year.

Beneficial use: Domestic purposes within the SW $\frac{1}{4}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 7; NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 18; Twp. 51N, Rge. 3W, B.M.

Point of diversion: SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 18, Twp. 51N, Rge. 3W, B.M.

Priority date established: Feb. 21, 1967

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

Gentlemen:

One of the conditions of approval of your water Permit No. G-33485/96-2314 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 23, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Dear Mr. Muffett:

With reference to your letter, of March 20, 1970, please be advised the above numbered permit has been renumbered to Permit No. 96-2314. At present, the permit is under the name of Avondale on Hayden, Inc. In order for Washington Water Power Company to control this permit, it will be necessary for them to obtain an assignment from Avondale on Hayden, Inc. We are enclosing the department's form for use in this matter. We do not have a fee requirement for the assignment. The permit appears to be in good standing and the permit holder is required to show evidence of beneficial use on or before February 23, 1972. We are enclosing a blank affidavit of beneficial use form and set of instructions for your use. At such time as the evidence of beneficial use is submitted to the Department of Reclamation, we will schedule a field examination and evaluate the statement of beneficial use with respect to the development found and the result of the examination will be a proposal for licensing and confirmation of water right.

Department of Reclamation

Dear Mr. Bosch

Enclosed please find the permit for well drilling issued to Avondale on Hayden, Inc., in February, 1967.

Permission to change location of the drilling site is requested. The new site is located in Government lot 2, section 18, range 51 N., range 3 W. The approximate site is 340 ft north from the southwest corner and approximately 30 feet east of the section line.

Our check for \$1 to cover the cost of this change is enclosed.

Very truly yours

Donald E. Babcock
