**NOTICE OF EXISTING
WATER PERMIT**

Notice is hereby given that Rodney L. and Evelyn M. Shriner, Coeur d'Alene, Idaho have received an approved Permit No. G-33140/95-2192 issued by the Idaho Department of Water Administration authorizing the diversion of 0.02 cubic feet per second of water from a ground water source. The priority to be established under this permit is August 15, 1966 and the permit was approved September 12, 1966.

Water is to be diverted by well from a point within the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 4, T. 48 N, R. 4 W, B. M., Kootenai County to be used for domestic purposes in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 4, T. 48 N, R. 4 W, B. M.

Proof of the application of the water to beneficial use is to be submitted to the Department on or before September 12, 1971. Any protests against the issuance of the license for the above referenced permit should be filed with the Idaho Department of Water Administration within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

Dear Mr. & Mrs. Shriner:

Your letter of July 13 indicates that you consider the request for domestic water, on your original application, sufficient to include stockwater as a proposed beneficial use of water. However, Section 42-111 of the Idaho Code states: "The phrase 'domestic purposes' as contained in this title shall be construed to include water for the household, and a sufficient amount for the use of domestic animals kept with and for the use of the household."

Your application for permit, submitted in August of 1966, has also been reviewed and no mention of watering stock is made. The only reference to use of the water was under Item 2, where you requested "maximum quantity for single family unit."

Our field exam report indicates that the water under your permit is used only for stockwater for approximately 150 head. We are sure you will concur that the watering of 150 head does not fall under "domestic animals kept with and for the use of the household."

The Department cannot issue a water license until the permit has been amended to show the correct beneficial use of water.

Dear Sir:

In reply to your letter of July 11, 1973 regarding that we amend our referenced Permit No: 33140/95 2192.

When we first applied for our permit it stated for domestic or irrigation purposes. Since we don't irrigate, naturally we chose Domestic, assuming it would include the watering of our stock; otherwise there would have been no need of drilling the well in the first place.

If this had to be stated in a different way, why weren't we notified at the time we applied for the permit?

Please take care of this matter promptly and if this doesn't meet your approval, I will contact my lawyer immediately.

Coeur d'Alene, Idaho 83814

Dear Mr. & Mrs. Shriner:

A representative of this Department has made an examination of the works covered by your Permit No. 33140/95-2192 and has found the following:

Quantity of water diverted: 0.02 cfs

Amount of water that can be recognized as beneficially used under
Idaho law: 0.02 cfs

The maximum quantity diverted shall not exceed 2.7 acre feet per year.

Beneficial use: Stockwatering purposes within the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 4,
Twp. 48N, Rge. 4W, B. M.

Point of diversion: NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 4, Twp. 48N, Rge. 4W, B. M.

Priority date established: August 15, 1966

Your permit lists the beneficial use as being domestic, whereas our examiner found the water being used for stockwater. Therefore, it will be necessary for you to amend the permit before a water license can be issued. We are enclosing a partially completed application for amendment for your use in this matter.

Please sign the amendment application and return it to this office with a \$10.00 filing fee within 10 days of the date of this letter in order that we may issue your water license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 10-day period.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Dear Mr. & Mrs. Shriner:

One of the conditions of approval of your water Permit No. G-33140/95-2192 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 12, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. G-33140/95-2192

Rodney L. and Evelyn M. Shriner
Coeur d'Alene,
Idaho

Dear Mr. and Mrs. Shriner:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Mr. Rodney L. Shriner,
Star Route
Coeur d'Alene, Idaho.

Dear Mr. Shriner:

Returned herewith your check for \$5.25 and application
to appropriate the subterranean waters of the State of Idaho.

If you are filing for domestic water for a single family
unit, the maximum quantity of water we can allow would be .02 cfs,
for which the filing fee is \$5.00. Please complete item No. 2 and
submit the proper fee.

Item No. 4 is not stated clearly - as it now reads you tend
to indicate you have two wells proposed, one in the SW~~NE~~^{NE}, the other
SE~~NE~~^{NE}. You have also indicated one well would be in Section 4 and
one in Section 5. To try and help clarify the issue, we have entered
both Section 4 and 5 on your map. We are showing the sections as
they would be found in the township of Township 48 N., Rge. 4 W.
Please enter your intentions on this map and make the application
correspond.

Contact us if we can be of further assistance.
