Dear Mr. McEldowney:

Enclosed are the papers needed to advertise the notice regarding our water permit application.

It is not quite clear to me what additional information I am to furnish. The Notary Public in Post Falls is G. M. Rollis. The date we are to appear can be any date following the necessary time needed following publication of the notice. The Notary Public has said that she will be there on whatever time and date is put in the notice.

You will notice that on the Notice of Approved Application For Water form our address was given as Wisconsin instead of Washington.

In regard to your reference of making a change of address, we should leave it as it is. My home address is different than our business address, so I will take your suggestion and use the business address in the future.

Very truly yours,

Dear Mr. Bosch:

Reference is made to our water right permit G-32168.

This is an application where we got so far as to advertise it in the Coeur d'Alene Press and I noticed I had made a mistake in the legal description. This past summer we made an application to amend the permit, and it was approved by your office.

Now I am at the point again where we should pursue the procedure to go through with the proof of works completion. Would you please send me the instructions again so that we can get this completed?

Very truly yours,

Dear Mr. Murphy:

Our office acknowledges receipt of Assignment of Permit for the above referenced water right. However, in reviewing the file I find that the Permit has been licensed.

In Idaho, a licensed water right is considered real property and is acquired when the property to which it is appurtenant to is purchased. Proof to owning the property is proof of owning the water right license.

Therefore, I have put the Assignment of Permit into the file for future reference only and no other action will be taken. I have also enclosed a copy of the license for your records.

If you have any questions please feel free to contact our office.

Re: Permit No. G-32168 (New No. 95-2156)

Jeco, Inc.
23822 East Euclid
Otis Orchards, Wash. 99027

Gentlemen:

One of the conditions of the approval of your permit no. G-32168/95-2156 was that proof of application of the water to beneficial use be submitted to this office on or before January 14, 1970.

Enclosed is an affidavit form which must be used to submit this proof. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code Amended.

Either the proof or a request for extension of time must be received by this department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

We acknowledge receipt of the affidavit of publication submitted in connection with the above referenced permit. Since proof of beneficial use of the water is not required until January 14, 1970, the Department will notify you sixty days in advance of this date as to further requirements. We wish to advise you, however, that if you have fulfilled the requirements under the permit you may submit proof anytime prior to the above date.

As of this date we have not yet received the affidavit of publication to be submitted in connection with the above referenced permit. Proof of beneficial use is not required until January 14, 1970, however, many newspapers do not keep copies of these advertisements in their files. We, therefore, recommend that you obtain this affidavit from the Coeur d'Alene Press, Coeur d'Alene, Idaho, and submit it to the Department as soon as possible. This insures that when you are ready to submit proof of beneficial use there will be no unnecessary delay or added expense.

Dear Mr. McElowney:

Enclosed are the papers needed to advertise the notice regarding our water permit application.

It is not quite clear to me what additional information I am to furnish. The Notary Public in Post Falls is G. M. Ellis. The date we are to appear can be any date following the necessary time needed following publication of the notice. The Notary Public has said that she will be there on whatever time and date is put in the notice.

You will notice that on the Notice of Approved Application For Water form our address was given as Wisconsin instead of Washington.

In regard to your reference of making a change of address, we should leave it as it is. My home address is different than our business address, so I will take your suggestion and use the business address in the future.

Re: Permit No. G-32168

**Joe, Incl
25822 E. Euclid

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit ~~and have submitted proof of beneficial use~~. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

This is an application where we got so far as to advertise it in the Coeur d'Alene Press and I noticed I had made a mistake in the legal description. This past summer we made an application to amend the permit, and it was approved by your office.

Now I am at the point again where we should pursue the procedure to go through with the proof of works completion. Would you please send me the instructions again so that we can get this completed?
