Gentlemen:

Returned herewith is proof of completion of works affidavit of holder for the above referenced permit.

It is noted that the notary public has not signed nor affixed his seal to this document; therefore, it is not acceptable.

As you have asked for information in regards to submitting proof of beneficial use of the water under this permit, we are forwarding form 36 and 11 with instructions for your use in this matter. If you so desire to make proof of completion of works and application to beneficial use at the same time, it is not necessary for you to return the form 6, affidavit of holder of proof of completion of works. You may, instead, submit both proofs under the form 36 and 11 enclosed.

Please contact us if we may be of further assistance.

Under the terms of your Permit No. _____ you are required to complete your diversion works on or before _____. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the said permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
