Dear Mr. Winkelman:

Statutes requires a field inspection in connection with the proofs on Permit # 25788 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Friday, in the afternoon,

July 31, 1959.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Dear Mr. Winkelman:

We acknowledge receipt of the Deposition of Holder and two Witnesses, also Affidavit of Publication in Coeur d'Alene Press all submitted in Proof of Completion of Works and Application of Water to Beneficial Use on Permit No. 25788.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

In reply to your letter of June 9th, it is not necessary that you have a copy of your permit unless you would like to have same for your files. We will be glad to make you a copy upon request. The fee for this copy work is \$1.50.

Mr. George Winkleman
Rt. # 1, Box 101
Coeur d'Alene, Idaho

Dear Mr. Winkleman:

This acknowledges the Notice for Publication of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 25788. The proofs are to be made before Gretchen M. Rollis, Notary Public, at 10:00 A. M. on the 9th of June, 1959, at Post Falls, Idaho.

As of this date we have mailed the Notice to the Coeur d'Alene Press, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Re: Permit No. ~~2~~- 25788

Date: April 1, 1959

George Winkelman
Route #1, Box 101
Coeur d'Alene, Idaho

Dear Sir:

The date for proofs of Completion of Works and Application of Water to Benefi-
cial Use, as set out under the terms of Permit No. ~~2~~- 25788 are due not later
than June 30, 1959.

Before these proofs can be made, the statutory requirement is that a notice of
your intention of proof be published once a week for four consecutive weeks in
a newspaper within the county in which the land is located. In completing the
Notice of proof for publication, the information should be taken from your Per-
mit, including any amendments made in connection with a change of point of diver-
sion or land list which has been recorded in this department. If changes have
been made and no amendments are on record, we advise that you request a form
for this purpose before your Notice is published.

We enclose Form ⁸~~26~~, in duplicate, which is to be filled out and returned to
this department at least forty (40) days before the above mentioned date,
(allowing for four weeks publication). Please give the name of the town, the
address of the place where the depositions will be executed, and, the name of
notary public before whom you will appear to make the depositions of proof
(this may be at any place convenient for you and your two witnesses), the
quantity of water filed; for what purpose it is used; the point of, or points of
diversion; and the location of use or the lands which are irrigated -- all by
legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice
published in the designated county newspaper at your expense. This is to be
returned with Form ~~26~~. 8.

At the time we send the notice to the newspaper we will send to you the forms
for the depositions of holder and two disinterested witnesses. It is important
that the depositions be executed at the time, on the date set, at the place
named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

Dear Mr. Winkelman:

In reply to your letter of June 6, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 in the application.
