Gentlemen:

We have purchased the NE $\frac{1}{4}$ Twp 51 Range 4W Sec. 28 Kootenai County Idaho.

We have changed the pump on the above Permit Well and are pumping water on the NW $\frac{1}{4}$ and the NE $\frac{1}{4}$, which is double the amount on our water right. Now we must change the amount of water we are using and secure a new water right on the larger amount and include the new land purchased on the water right.

Please send the necessary papers and instructions to bring us up-to-date and legally in line.
