Dear Mr. Kuczynski:

The filing fee for your application for permit was \$5.00, the fee for Certificate of Completion of Works was \$5.00 and the fee for the Water License was \$6.00. That is all you paid to this office. Cost of the publication of the legal notice is not known.

Your right on the creek is number one as far as our records show. Permit No. 21184 was issued to Harry Cochran with a priority of August 11, 1949. The Certificate of Completion of Works was issued however beneficial use of the water has not been proven.

Use rights are not of record however they are valid rights and can become recorded rights by action in the District Court. Use rights are rights obtained by diversion and beneficial use of water from natural sources without obtaining a permit or if a permit was obtained in not completing all requirements of the permit.

Coeur d'Alene, Idaho

Dear Mr. & Mrs. Kuczynski:

We now have on file the report of our field engineer on examination for beneficial use on your Permit No. 23169 which shows that you have irrigated 60 acres of land in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 28; SE $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 29, Township 50 North, Range 2 West, B.M. with the waters of Wolf Lodge Creek, with points of diversion in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 28; and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29, same Township and Range.

However, since your original Permit only describes land in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 29 with the point of diversion only in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of said section, the enclosed forms of amendment to the land list and to the point of diversion should be completed and returned to this department for record.

A License can then be issued for .28 second foot of water upon receipt of the license fee amounting to \$6.00.

Re: Permit No. 23169

Mr. A. Kuczynski
Route #3
Coeur d'Alene, Idaho

Dear Mr. Kucaynski:

We acknowledge receipt of the depositions of yourself, the holder of the Permit and also the two witnesses, but to date we ~~have~~ not received the affidavit of publication from the Kootenai Coun-
County Leader. If you have not already received it will you please get it and forward to us as we need it to complete this file.

Before final action is taken in the matter, the law re-
quires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. & Mrs. A. Kuczynski
Route 3
Coeur d'Alene, Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 23169 you are required to complete your diversion works on or before October 29, 1955. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

RE: Application No. 30868

Mr. A. Kuczynski
253 West 5th North
Salt Lake City, Utah

Dear Mr. Kuczynski:

Your application for permit to appropriate one second foot of water from Wolf Lodge Creek has been placed on file, but we notice a slight discrepancy.

Question 4 gives the point of diversion as the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 29, Township 50 North, Range 2 West, B.M., and Question 14 gives the place of use as the SE $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of the same section. However, the sketch map shows both locations in Section 28, Township 50 North, Range 2 West, B.M.

Please advise which is correct.

Very truly yours,

Dear Mr. Kuezynski:

In reply to your letter of September 2, 1952, we enclose a form of application for permit to appropriate the public waters of the State of Idaho together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,
