NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 P. M., on the 2nd day of December, 1952, at Post Falls, County of Kootenai, State of Idaho, before W. F. Chapin, Notary Public, proof will be submitted of the completion of works for the diversion of 2.24 cubic feet per second of the waters of a well in the SE¼SE¼ Section 1, Township 50 North, Range 6 W.B.M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22506 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Jacklin Seed Company, Dishman, Washington.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 2.24 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.24 cubic feet per second.

4. The place where said water is used is SE¼ SW¼ and SE¼ Section 1, W½ NE¼, E½ NW¼ Section 12, Township 50 North, Range 6 West, B. M.

5. The date of priority which said user is prepared to establish is December 5, 1951.

MARK R. KULP,
State Reclamation Engineer.

State of Idaho
License and Certificate of Water Right

Water License No. G-22506 Amount 2.24 second feet

Water District No. Priority December 5, 1951

THIS IS TO CERTIFY that JACKLIN SEED COMPANY of Dishman, Washington, made application for a permit to appropriate the public waters of the State of Idaho, dated December 5, 1951; that Permit No. G-22506 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 2.24 second feet, was issued thereunder on October 6, 1953, showing that said works were completed on the 2nd day of December, 1952; and that on the 2nd day of December, 1952,

JACKLIN SEED COMPANY of Dishman, State of Washington, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of a well (subterranean flow), for the purpose of irrigation, under Use Permit No. G-22506 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 8 of Licenses at page 5149, on the 6th day of October, 1953;

The right hereby confirmed dates from December 5, 1951;

The Point of Diversion is located

in the SE ¼ SE ¼, Sec. 1, Tp. 50 N., R. 6 W., B. M. Kootenai County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2.24 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 30248
Permit No. G- 22506
District No.

1. Name of Applicant: JACKLIN SEED COMPANY

   Postoffice address: Dishman County: Spokane State: Washington

2. Quantity of water claimed:

   (a) Rate of withdrawal in cubic feet per second. 2.24 or Idaho Miners' inches or gallons per minute.

   (b) Annual withdrawal in acre feet per annum 4.0

3. Source of water supply: Subterranean, by drilled well.

4. Location of point of diversion or well is in the SE ¼ of the SE ¼ of Section 1

   Twp. 50 N. , Rge. 6 W. , B. M., County of Kootenai

5. Water is to be used for: Irrigation

6. If for municipal, industrial or recreational purposes, give:

   (a) Point of use of water is in the ¼ of the ¼ of Section , Twp. Rge. , B. M.

   (b) Waste water or sewage effluent is to be returned to at a point in the ¼ of the ¼ of Section , Twp. , Rge. , B. M.

7. Kind of works: Drilled, cased well, with pump and motor.

8. Estimated cost of works: $ 8,196.00

9. (a) Is reservoir to be used? No

   (b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is Two(2) years.

11. If applicant is a corporation, give:

   I. (a) Date and place of incorporation:

   (b) Amount of capital stock: $ (c) Amount paid in: $

   (d) Names and addresses of directors:

   II. The financial resources of the applicant are (a) Cash on hand: $

   (b) Treasury stock: (c) Bonds to be issued:

   (d) Other resources:

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

   (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

   (b) 2.24 (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Donald L. Lubbers
Route #2, Box 326
Post Falls, Idaho 83854

Dear Mr. Lubbers:

Our records do not indicate water rights for the parcel of land listed in your letter of December 15th. It is possible that the previous owners had a use right or a constitutional right. These are valid rights that are not of record. The Idaho law states the primary obligation for a water right is the beneficial use. Therefore, if the water was used for many years beneficially they would have a use right. It is also possible they purchase water from an irrigation district or company and these rights are by districts not individual.

We are forwarding you a water application and instructions for filing. If you would like to obtain a water license, fill them out and return.

Very truly yours,

M. RUSSELL BOSCH
Administrative Assistant

Dear Sirs,

Last January 1969, we purchased 10 acres of the 17 acres of land in Kootenai County, from Vernon and Olga Sandin.

At the time of this purchased, we understood that there is Water Rights, on this land, and would like to continue these Water Rights, for Irrigational purposes, and to notify you also of the change of ownership to Donald L. Lubbers and Dianne Lubbers.

Being we are new residents of this state , we would like to have any information you may have on the Water Rights , if our request is considered.

Enclosed is a drawing of the 10 acres that we wish to irrigate, andalso the Legal Description of the land.

If it is at all possiable, may we have this returned. Thank You.

Respectfully,

Mr. Donald L. Lubbers

RE: Permit No. G-22506

Jacklin Seed Company
Dishman, Washington

Dear Sirs:

The report of our field engineer upon examination for Completion of Works and Beneficial Use proof on Permit No. G-22506 shows that your well in the SE¼ SE¼ Section 1, Township 50 North, Range 6 West, will deliver two and twenty-four hundreths feet of water and that you have irrigated 210 acres of land in the SE¼ SW¼ and SE¼ Section 1, and the W½ NE¼, E½ NW¼ Section 12, same township and range.

The statutory fee for Completion of Works proof is $5.00 and license fee $18.00 the latter being at the rate of $2.00 for each 40 acre subdivision in which the land is located, or a total of $23.00.

Therefore, upon receipt of this amount certificate of Completion of Works and license will be issued.

APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 P. M., on the 2nd day of December, 1952, at Post Falls, County of Kootenai, State of Idaho, before W. F. Chapin, Notary Public, proof will be submitted of the completion of works for the diversion of 2.24 cubic feet per second of the waters of a well in the SE¼SE¼ Section 1, Township 50 North, Range 6 W.B.M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22506 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Jacklin Seed Company, Dishman, Washington.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 2.24 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.24 cubic feet per second.

4. The place where said water is used is SE¼ SW¼ and SE¼ Section 1, W½ NE¼, E½ NW¼ Section 12, Township 50 North, Range 6 West, B. M.

5. The date of priority which said user is prepared to establish

In December [redacted]

BOISE, IDAHO

Permit No. G-22506

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Arden W. Jacklin E. 10501 8th Ave., Opportunity, Washington
Seedsman

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Partner of Jacklin Seed Company, Dishman, Washington (Partnership)

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-22506 December 5, 1951 water use started 4-20-52

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subteranean S.E. ¼ of the S. E. ¼ of Sec. 1, Twp. 50N, Rge. 6W, B.M. County of Kootenai

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Well is 167 feet deep, casing is 167 feet 16 in. iron casing. Water is 130 feet on 4-1-52. Pump is 1000 gallons per minute by sprinkler head count.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation in Sec. 1 and 12, Rge 6W, Twp. 50N about 210 acres of grass for seed production. The rotation is changing from dry land grasses to irrigated lawn type grasses.

G-22506

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. .....

.....

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 2.24 cu. ft. per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. .....

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Irrigated during the summer of 1952

.....

.....

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Permit No. G-22506

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Burt T. Koentopp 33 years 6th & Williams Post Falls Idaho Elec. Electrician

Ques. 2. Are you acquainted with Arden W. Jacklin, the holder of Permit No. G-22506? How long have you known him and where does he reside?

Ans. Yes, 5 years E. 10501 8th Ave., Opportunity, Washington

Ques. 3. Have you read or heard read said Permit No. G-22506, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2.24 cu. ft. per second

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. about 1000 gallons a minute by count of sprinkler heads (100 at 10 gallons per minute per head)

G-22506

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation in Sec. 1 and 12, Rge. 6W, Twp. 50N about 210 acres of grass for seed production. The rotation is changing from dry land grasses to irrigated lawn type grasses.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is Garrison gravelly loam, and would require about 4 acre feet per year.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Sprinkler irrigating through the season of 1952.

(Signed) Burt T. Koontopp

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Post Falls, County of Kootenai, State of Idaho, on this 2 day of Dec., A. RE: Permit No. G-22506

Jacklin Seed Company
Dishman
Washington

ATT: Mr. Arden W. Jacklin

Dear Mr. Jacklin:

We acknowledge receipt of your letter of September 15, 1952, enclosing log on your well described in the above numbered permit.

In order to complete the water right and obtain a license, it is necessary to make proofs of completion of works and beneficial use. This requires publication of a notice once a week for four weeks prior to making the proof in a newspaper published in the county where the well is located. This notice should be made in duplicate on Form 36 enclosed, setting time and place for making proof and naming the Notary Public before whom proof is to be made. Both copies of Form 36 to be returned to this department together with Form 11 which is authorization for us to have the notice published in the designated county newspaper at your expense.

The proof may be made at any place convenient for you and your two witnesses, but the publication must be in the county where the well is located.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

ATT: Mr. Arden W. Jacklin

Dear Mr. Jacklin:

In reply to your letter of November 21, 1951, we enclose a form of application for permit to appropriate subterranean water from a well, together with the pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,

Dear Sir:

We have a ranch on Rathdrum Prairie just east of the Washington Idaho State Line, near State Line Village. This is dry farmed now. We are considering drilling or digging a well for overhead sprinkler irrigation. Present plans call for about 1,000 gallons per minute pump capacity.

Can you inform us of steps necessary to secure a permit, if a permit is necessary.

Very truly yours,
