Re: Chilsee Lake Reservoir
Licenses 1803 and 6592,
Permits 20057 & 26991

Mr. Herbert Nagel
Attorney at Law
Coeur d'Alene, Idaho

Dear Mr. Nagel:

License 1805 was issued to L. T. Hoyas for 1.6 c.f.s., priority July 20, 1907, from an unnamed stream (probably Chilsee Creek) with point of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8 to irrigate 20 acres in W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 8, and 60 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 7, and NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 18.

License 6592 was issued to the Spokane Valley Commercial Orchards Company of Spokane for storage of 595 acre feet in Chilsee Lake, priority of September 3, 1910, with point of diversion in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 6, to irrigate 595 acres which included 32 acres in W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 8. See case W. E. Buell vs. Chilsee Irrigation District, dated December 15, 1938, by Bert A. Reed, District Judge.

There has also been some work on the reservoir in 1956 and 1957, according to our files which entailed some costs and assessments.

Permit 20057 in the name of Garland Neal of Abbot. Certificate of Completion of Works was issued March 29, 1952, for 0.45 c.f.s. of water of Chilsee Creek, point of diversion in SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8, to irrigate 33 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8 and 12 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 7. Beneficial use proof was made April 21, 1958, however our records do not show that the license was issued. Issuance of the license was protected however the protest was dismissed.

Permit 26991 in the name of W. E. Buell for 1 c.f.s. from a spring on the east line of SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 7, does not show irrigation in Section 8. Proof of Completion of Works has been made, Proof of Beneficial Use of the water is due on July 15, 1960.

All of the above land is in Township 52 N., Range 3 W., E. N.

The above are all the valid rights of record in our office of water from Chilsee Creek.

Water rights are valid until declared void by action in the District Court.

Very truly yours,

Water License No. 1803

WHEREAS, On the 5th day of February, A.D.1906, Z.T.NOYES, of Rathdrum, County of Kootenai, State of Idaho, duly made application (No. 2508) to me for a permit to use 3 cubic feet per second of the waters of an UNNAMED STREAM, County of Kootenai, State of Idaho, for irrigation and domestic purposes; and

WHEREAS, On the 10th day of February, A.D.1906, Permit No. 1803, was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 10th day of February, A.D.1908, and for the application to be beneficial use of said water on or before the 10th day of February, A.D.1909; and

WHEREAS, On the 4th day of August, A.D.1908, Z.T.NOYES, the holder of said Permit duly made proof of the completion of adequate works for the diversion of 3 cubic feet per second of said waters, as evidenced by my Certificate No. 1803, dated September 29,1908, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 3 cubic feet per second of said water, with date of priority of February 5,1906, and

WHEREAS, On the 25th day of July, A.D.1910, Z.T.NOYES, the holder of said permit duly made proof of the application to beneficial use of 1.6 cubic feet per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to Z.T.NOYES, of Rathdrum County of Kootenai, State of Idaho, the holder and owner of said Permit No. 1803, a perpetual right, dating from July 20,1907, to the use of 1.6 cubic feet per second of the waters of an UNNAMED STREAM, in the County of Kootenai, and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point in southwest quarter of southwest quarter (SW $\frac{1}{4}$ SW $\frac{1}{4}$) of section 8, township 52 North of Range 3 West of the Boise Meridian, and conducted to and upon (15 acres in northwest quarter of southwest quarter (NW $\frac{1}{4}$ SW $\frac{1}{4}$) Section 8, 5 acres in southwest quarter of southwest quarter (SW $\frac{1}{4}$ SW $\frac{1}{4}$) of section 8, 5 acres in northeast quarter of southeast quarter (NE $\frac{1}{4}$ SE $\frac{1}{4}$) of section 7; 30 acres in southeast quarter of southeast quarter (SE $\frac{1}{4}$ SE $\frac{1}{4}$) of section 7, 10 acres in northeast quarter of northeast quarter (NE $\frac{1}{4}$ NE $\frac{1}{4}$) of section 18, 15 acres in northwest quarter of northeast quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$) of section 18, of township 52 North of Range 3 West of the Boise Meridian, for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

Mr. Herbert Nagel
Attorney at Law
Coeur d'Alene, Idaho

Dear Mr. Nagel:

License 1805 was issued to Z. T. Noyes for 1.6 c.f.s., priority July 20, 1907, from an unnamed stream (probably Chilco Creek) with point of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8 to irrigate 20 acres in W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 8, and 60 acres in E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 7, and N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 18.

License 6592 was issued to the Spokane Valley Commercial Orchards Company of Spokane for storage of 595 acre feet in Chilco Lake, priority of September 3, 1910, with point of diversion in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 6, to irrigate 595 acres which included 32 acres in W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 8. See case W. E. Buell vs. Chilco Irrigation District, dated December 15, 1938, by Bert A. Reed, District Judge.

There has also been some work on the reservoir in 1956 and 1957, according to our files which entailed some costs and assessments.

Permit 20057 in the name of Garland Neal of Athol. Certificate of Completion of Works was issued March 29, 1952, for 0.45 c.f.s. of water of Chilco Creek; point of diversion in SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8, to irrigate 33 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8 and 12 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 7. Beneficial use proof was made April 21, 1958, however our records do not show that the license was issued. Issuance of the license was protested however the protest was dismissed.

Permit 26991 in the name of W. E. Buell for 1 c.f.s. from a spring on the east line of SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 7, does not show irrigation in Section 8. Proof of Completion of Works has been made, Proof of Beneficial Use of the water is due on July 15, 1960.

All of the above land is in Township 52 N., Range 3 W., E. N.

The above are all the valid rights of record in our office of water from Chilco Creek.

RE: Water Rights on Chilco Creek
License Nos. 1803 & 6592

Dear Mr. Buell:

License No. 1803 was issued to Z. T. Noyes for 1.6 cubic feet per second from an un-named stream (probably Chilco Creek) for use on 80 acres in the E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 7 and W $\frac{1}{2}$ S $\frac{1}{4}$ Section 8, Township 52 North, Range 3 West, B.M.

From the files we assume that a transfer was contemplated from Z. T. Noyes to C. S. Argo, Secretary-Treasurer, Golden Age Mining Co., Ltd., but the License had already been issued and the assignment is not of record.

A water license is evidence of a completed water right and thereafter transferred by deed as real estate with no record required for this office. I would assume that the real estate transfers from Noyes and successors of the land with appurtenant water rights would be the proper medium for tracing the chain of title to the water right evidenced by License No. 1803 recorded on Page 655, of our license records.

As far as our records go, License No. 1803 is still appurtenant to the land described. Although it would be possible for any owner to dispose of the land and the water right separately and if no other water rights were interfered with, to change the place of use. There is a statutory procedure for changing the place of use but our records do not show any such application having been filed.

Dear Sir:

Replying to yours of 28th inst regarding the permit No 1803 will say that when Mr. Noyes received from you the receipt of \$5. Aug. 14th, 1908, and the Certificate of Completion he presumed that his title was perfect and had same recorded and knew nothing about the "Beneficial Use Proof" which you say was to be filed by Feb. 10th 1909.

If you will send to me for him the proper blanks for making and proof same with instructions as to requirements ~~sixth~~ necessary I will have him complete them.

Thanking in advance for your trouble in this matter, I am,

Sir:--

Replying to yours of the 26th inst. would say that certificate of completion was issued for 3 second feet under Permit 1803 to Z. T. Noyes on the 29th of September 1908. The date of priority of this right should be February 5, 1906 as that was the date upon which the application for permit was filed. However the beneficial use proof which was required to be made by February 10, 1909 was never made and when it is made priority will be reduced from February 5, 1906 a period equal to the time elapsing from February 10 1909 to the date upon which such beneficial use proof is made. Otherwise the right appears to be in every way valid.

Very truly yours,

State Engineer.

RATHDRUM, IDAHO, July 26th, 1908.

Hon. James Stephenson Jr.,
State Engineer,
Boise, Idaho.

Dear S-r:-

The enclosed blueprint is a map of the works of diversion of Z. T. Noyes, the holder of Permit No. 1903. On the 18th of this month I made an examination of the works of Diversion and made the necessary survey. The creek at this time of the year is very low, there being scarcely .5 sec. feet in the stream. The stream during the earlier part of the season flows plenty of water and as the ground sought to be irrigated is a timothy meadow and the harvest of this crop is over with it has served its purpose for this year. His dam and the accompanying ditches have been in use for over a year.

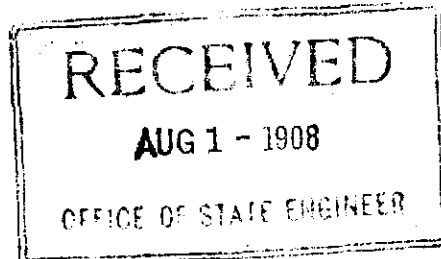

All of the ditches herein shown are about 18 ins. wide by about one foot in depth. About 65 ft. from the face of the dam the stream plunges over the rimrock for a sheer fall of fifty feet.

Respectfully submitted,

1803

Boise, Idaho, ~~July 2, 1908~~~~W. H. Edelblute~~~~Rethdrum, Idaho~~

DEAR SIR:

The holder of Permit No. 1803, ~~Z. T. Noyes~~, residing at 1208 14th Ave., Spokane, Wash., which permit authorizes the diversion of 3 second-feet of the waters of ~~an unnamed stream in Kootenai Co.~~ at _____, desire to make proof of the completion of works of diversion, at _____, on ~~August 4, 1908.~~

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

Your report should be of sufficient detail to enable me to determine the amount of water the works are capable of diverting and conveying to the place of use; giving also the description of the location of point of diversion, and, in case of irrigation, the legal description of the land to be irrigated.

Will you also make a map on the enclosed plat, giving all the essential features of the works, such as point of diversion, route of ditch, place of use, etc.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested.

Yours, truly,

JAS. STEPHENSON, JR.,

State Engineer.

Proof of Completion of Works.

Boise, Idaho, July 2, 1908

Z. T. Hoyes
1208 14th Ave.,
Spokane, Washington
Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works under your permit No. 1803.

Depositions of Permit Holder,

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On August 4, 1908, the date set for the proof of completion of works, the enclosed deposition forms (two for permit holder and two each for two witnesses) should be filled out and sworn to, at Rathdrum, Idaho, before A. Cook, N.D.

2. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you? Upon receipt of name of such engineer or surveyor I will authorize him to do the work. The examination should be made on or before the date set for the proof.

3. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$5.00. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of works will issue.

Yours truly,

Proof of Completion of Works.

Boise, Idaho, November 1, 1907

Z. T. Noyes
Rathdrum, Idaho

Dear Sir:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your Permit No. 1903.

This form should be filled out and mailed to the State Engineer at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before February 10, 1908. Upon receipt of the blank, properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place, convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

One of the requirements of the law is that an examination of the works constructed shall be made under the authority of the State Engineer. In order to make the expense as light as possible you are requested to furnish the name of a competent engineer, or surveyor, who can do this work for you at a reasonable cost. Upon receipt of name of such engineer or surveyor I will authorize him to make the examination and send me a report on or before the date set for the proof.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
