LAPSE NOTICE

RE: Permit No. 94-7224

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218a, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated June 30, 1987.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this Department within sixty days of the date of mailing of this lapse notice.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

Sincerely,

L. GLEN SAXTON

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing
NA

This property is a part of a 1917 land grant to a Joseph Gutschperger, et al. who sold to Orlandini (160 acres) in 1936. Land was then sold to The Bunker Hill Company in 1978 and which The Bunker Hill Company has sold 6.8 acres to Goss (Llíniger) and 7.5 acres to us.

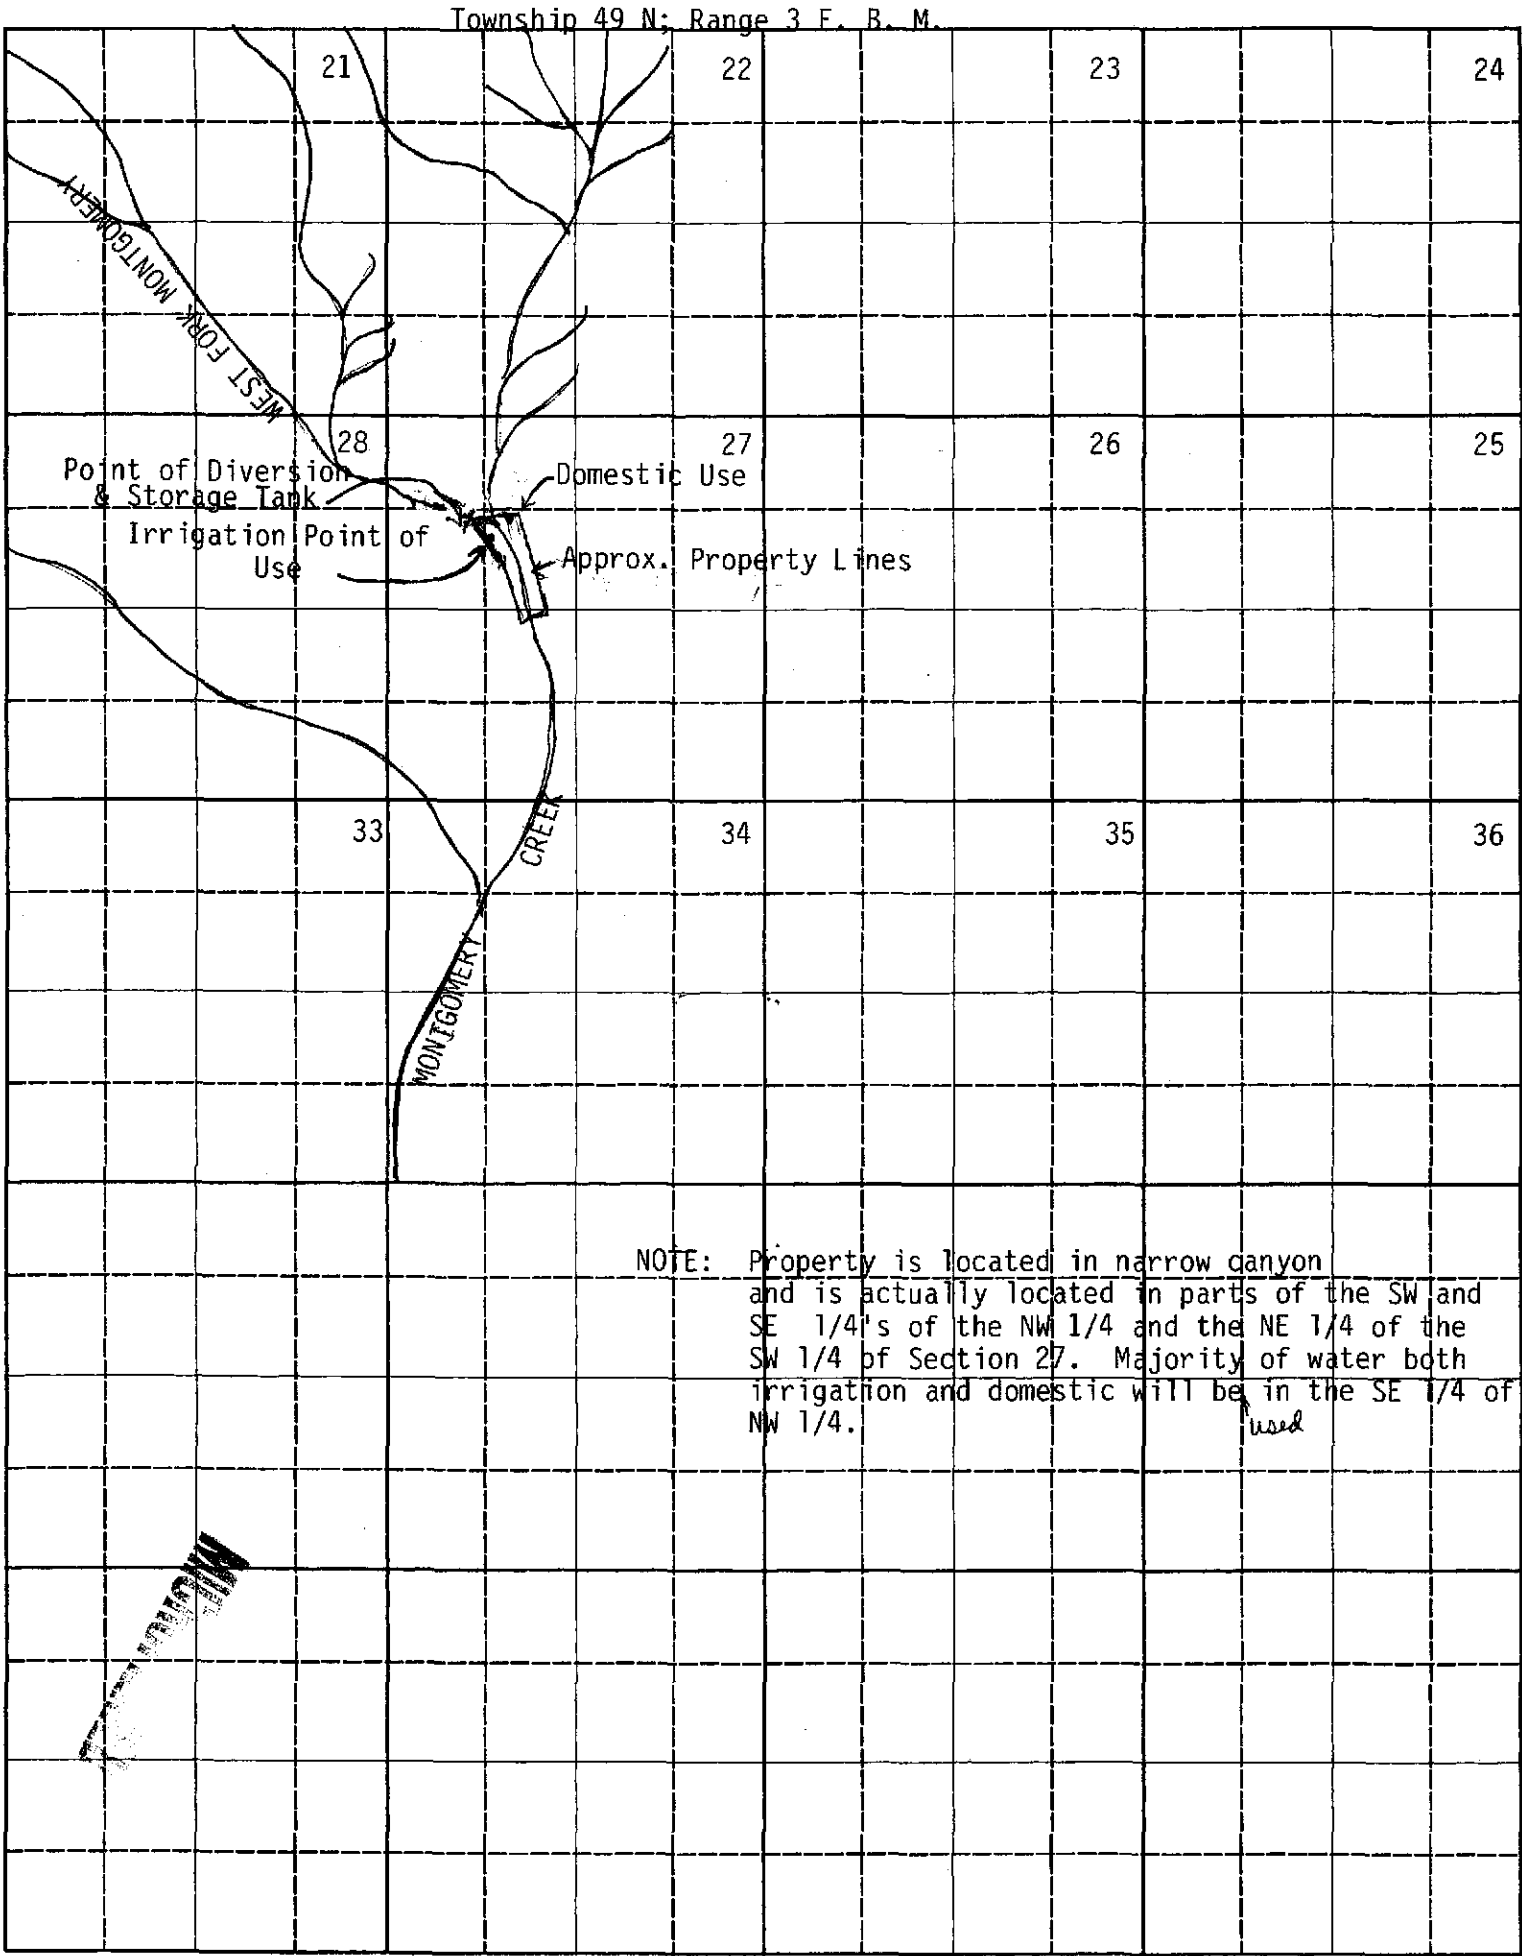

Water was first diverted for beneficial use in 1935 by Gutensperger. In 1952 Orlandini diverted water from a spring which is a tributary to Montgomery Creek. This diversion is now located on Bunker Hill property, the water line cuts through the southeast corner of our ground and the point of use is the 6.8 acres of land owned by Terry & Catherine Liningner.

We chose the West Fork of Montgomery Creek as our source of diversion as we did not wish to interfere with Linger's water source. We have noted that the Linger's have filed both a claim (#94-4082) on the diversion established by Orlandini and an application (#94-7220) for additional water to be diverted from Montgomery Creek in this area. We have filed a protest to the request for permit in accordance with the guidelines outlined by Department of Water Resources as the water claimed far exceeds (doubles) the amount allowed by the State of Idaho.

~~We respectfully request that the Department of Water Resources grants us the right to develop the West Fork of Montgomery Creek for domestic and irrigation purposes for a single house family.~~

for Domestic and Irrigation purposes for a single house family.

Dear Permit Holder:

We acknowledge receipt of your statement submitted as proof of beneficial use for the above referenced permit.

Enclosed please find a copy of an order involving your permit.

Before a Water Right License can be issued, a field examination must be made by a representative of this department.

A field examiner will contact you to arrange to examine your system.

If you have any questions regarding the field examination, please contact this office by phone or in person.

Dear Mr. and Mrs. Copeland:

Re: Permit No. 94-7224

Returned is your check No. 3938 in the amount of \$15.(92-55/1231) submitted to this office in connection with the proof of beneficial use form.

Please be advised that no fee is required for a diversion rate of 0.04 cfs.

Also enclosed is a copy of the order reinstating the permit and advancing the priority since the proof was received after the proof due date.

The next step is for the regional office to conduct a field inspection to determine the extent of use and rate of diversion. I cannot tell you just when this examination will be scheduled, but our representative will contact you to schedule a convenient time.

If you have any questions concerning this matter, please feel free to contact this office or our regional office in Cour d'Alene at 765-4639.

LAPSE NOTICE

RE: Permit No. 94-7224

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218a, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated June 30, 1987.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this Department within sixty days of the date of mailing of this lapse notice.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

Sincerely,

L. GLEN SAXTON

PROOF DUE NOTICE

RE: Permit No. 94-7224

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before September 1, 1987. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this Department on or before the above described proof due date, or the permit will no longer be of any force nor effect.

Sincerely,

RITA FLECK
Secretary/Records Manager

9. a. Who owns the property at the point of diversion Applicant

b. Who owns the land to be irrigated or place of use Applicant

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing NA

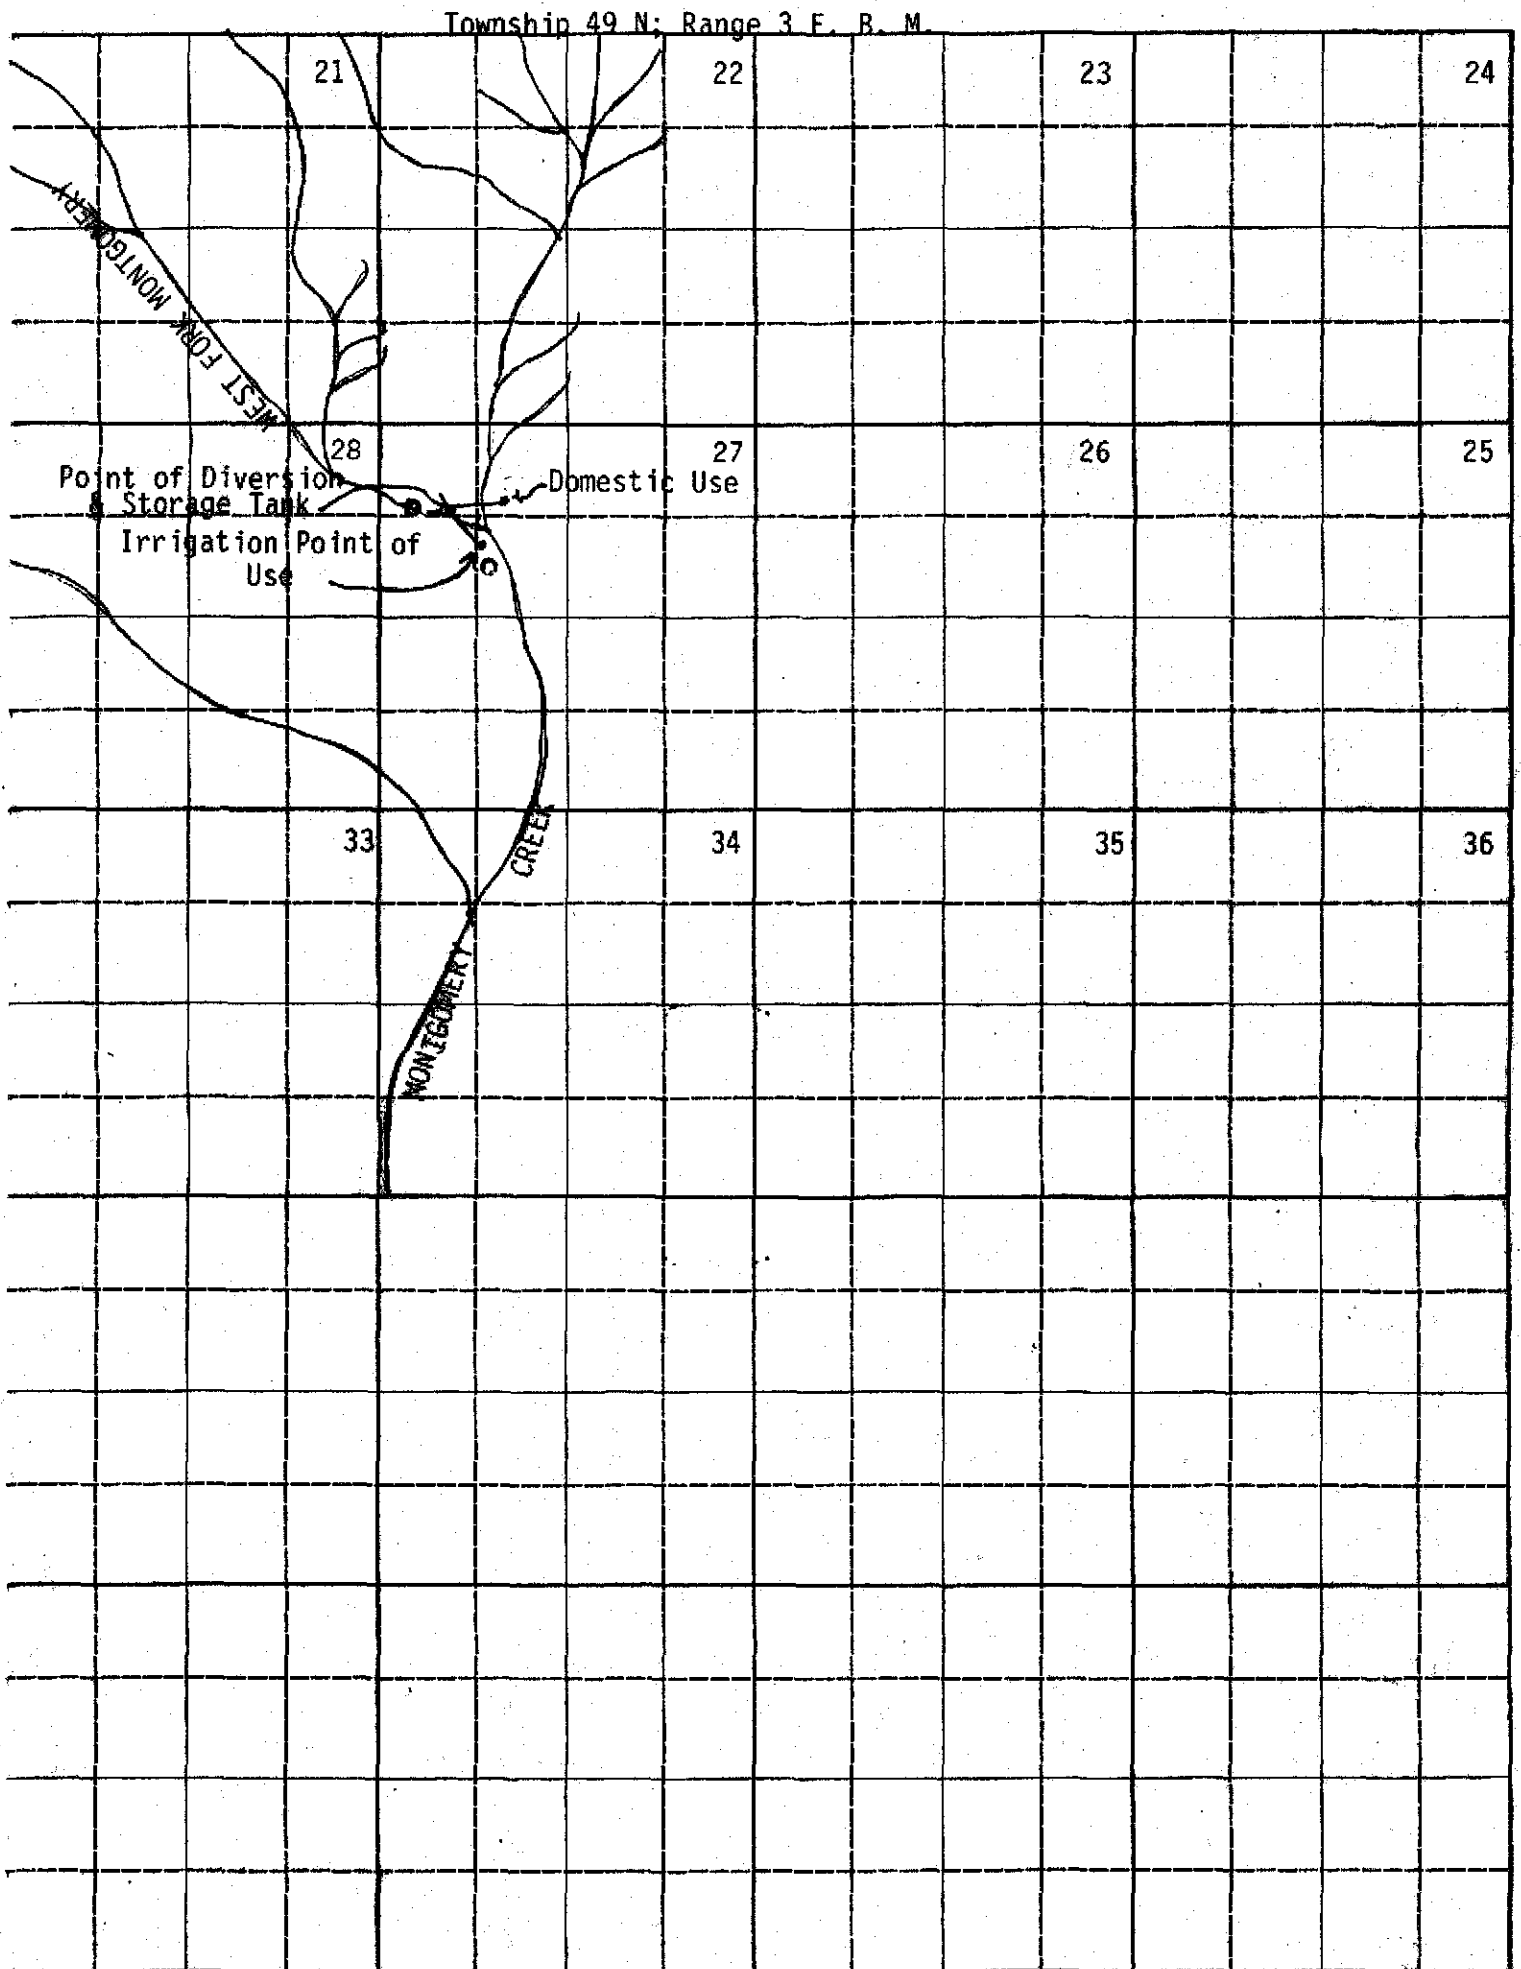

10. Remarks This property is a part of a 1917 land grant to a Joseph Gutschperger, et al. who sold to Orlandini (160 acres) in 1936. Land was then sold to The Bunker Hill Company in 1978 and which The Bunker Hill Company has sold 6.8 acres to Goss (Lininger) and 7.5 acres to us.

Water was first diverted for beneficial use in 1935 by Gutschperger. In 1952 Orlandini diverted water from a spring which is a tributary to Montgomery Creek. This diversion is now located on Bunker Hill property, the water line cuts through the southeast corner of our ground and the point of use is the 6.8 acres of land owned by Terry & Catherine Lininger.

We chose the West Fork of Montgomery Creek as our source of diversion as we did not wish to interfere with Lininger's water source. We have noted that the Lininger's have filed both a claim (#94-4082) on the diversion established by Orlandini and an application (#94-7220) for additional water to be diverted from Montgomery Creek in this area. We have filed a protest to the request for permit in accordance with the guidelines outlined by Department of Water Resources as the water claimed far exceeds (doubles) the amount allowed by the State of Idaho.

We respectfully request that the Department of Water Resources grants us the right to develop the West Fork of Montgomery Creek for Domestic and Irrigation purposes for a single house family.

11. Map of proposed project: show clearly the proposed point of diversion, place of use, section number, township and range number.

Scale: 2 inches equal 1 mile.

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.
