RE: 94-7218

Dear Ms. Ansel:

We acknowledge receipt of your statement of completion of water development and use for the above-referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We do not know at this time when he will be able to conduct the examination, however, the examiner will try to contact you at the time he makes the examination so that you may show him the system. If you will not be available to show the system, please provide this office with the name and address of someone who will be able to do so. Your permit will remain valid until the examination is made.

If you have any questions concerning the field examination, please contact this office. Please be sure to use the above-referenced permit number in all future correspondence concerning this examination.

Very truly yours,

Dear Mr. Keane:

Enclosed per your request we are sending a white Statement of Beneficial Use postcard. The postcard is intentionally not sent with the approved permit because in most cases the system has not been completed and the water has not been placed to a beneficial use when the permit is approved. Instead, we send the postcard with our notification that proof is due which is sent two months prior to the proof due date. The postcard can, however, be submitted at any time prior to July 1, 1983.

We are happy to provide the card at your request.
