Dear Mr. Preece:

Re: Permit No. 93-7033

On April 4, 1984, the department received the statement of beneficial use postcard. After some review, I found that the postcard describes your claimed right.

Enclosed is a copy of the permit for which the statement of beneficial use was requested. Please note that the source of water is a spring and the extent of use is diversion to storage and storage for stockwater. The statement of beneficial use indicates the source of water to be Crummerine Creek and the extent of use is stockwater and irrigation. The statement was apparently submitted on your Claim to a Water Right No. 87-4160.

Have you developed the water right as described on the permit? If so, please complete and return the postcard and if not, and you need additional time in which to complete the project, submit the request for extension of time. If no development has taken place and you wish to abandon this project, I will lapse the permit as of May 10 if no response is received from you.

If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,
