Gentlemen:

One of the conditions of approval of your water Permit No. 93-7007 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. Dear Mr. Haynes:

The Panhandle Health District has reviewed the above application for City of Worley and has no objection to the well located in NE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 23, Township 47 N, Range 5W, B.M.

Supplying water for municipal purposes however would be creating a public water supply and is therefore subject to the Idaho Drinking Water Standards. The City of Worley must submit Engineered plans to the Department of Health and Welfare for approval. They should contact James Kimball with the Department of Health and Welfare at 118 North 7th Street, Coeur d'Alene, phone number 664-3166.
