Dear Ms. Argraves

Sorry you haven't been able to locate my home. My home is not in Benewah Valley. It's the very last house on Cherry Creek Rd. At the very end of the road.

Were you by chance the Lady I talked to at St. Marie Wild Rice Inc. on Tuesday of last week. You came there to talk to Mr. Al Brewer who was not present at the time. I believe I mentioned at the time I was waiting for your inspection of my water system.

I am home most of the time except when I am at the Wild Rice Plant or am in town on business. However any time you wish me to be here at home I'll gladly be here at your convenience.

My Phone No is (208) 275-3272
And I can always be reached after six in the evening or before 7:30 each morning. Hope this note is of some help to you.

Dear Mr. Perry:

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned Identification No. 92-7178. Please refer to this number in all further correspondence.

This office is currently in the process of advertising the application in the St. Maries Gazette Record. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to the final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Enclosed please find your Receipt No. 38195 for the amount of \$30.00.

Please feel free to contact this office if you have any questions regarding this procedure.

Dear Mr. Perry:

A review of your application for water rights indicates that you have applied for 0.2 CFS (approx. 90 gpm) of water for one home.

This amount is considered excessive and the Department will take steps to reduce this amount to 0.04 CFS (approx. 18 gpm), which is the normal amount for one home, unless you can prove to the satisfaction of the Director that the water will not be wasted.

If the Department does not hear from you by February 10, 1987, the amount will automatically be reduced to 0.04 CFS.

If you have any questions, please contact this office.
