RE: WATER RIGHT NO. 92-07149

*No amendment
Rec'd*

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

NOTICE FILED

APR 23 1997

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Sincerely,

A handwritten signature in cursive script that reads "Shelley W. Keen". The signature is written in dark ink and is positioned above the typed name.

RE: Water Right No. 92-07149

Notice of Pending Order to Void Permit

Dear Mr. Houle:

On July 10, 1989, the Department of Water Resources (IDWR) received the Proof of Beneficial Use statement you submitted for Permit 92-07149, which authorized you to develop water from two springs for irrigation and stockwater purposes in Section 24, Township 44 North, Range 1 West, B.M., in Benewah County. In 1994 and 1995 IDWR personnel attempted on numerous occasions to contact you by telephone and by regular mail to schedule a time for conducting an examination to verify your water use. We have no record that you have responded to our telephone messages or other correspondence.

The final step in the water appropriation process is the issuance of a Water Right License. By issuing a license, IDWR recognizes that you have met the requirements for establishing a water right. No water right license can be issued to you unless a field examination is conducted and a Beneficial Use Field Report is filed by the examiner.

Please contact me within thirty days to make arrangements for a field examination to be conducted on your property. If I do not hear from you within thirty days, I will assume you no longer have any interest in establishing a water right and I will take action to void your permit.

If you are no longer interested in your permit, you can shorten the voiding process by signing and returning the enclosed relinquishment form.

Please contact me by telephone at 208-327-7946 or by mail at the address on the letterhead.

Respectfully,

Shelley Walter Keen

RE: Water Right Permit Number 92-07149

Dear Mr. Houle:

We are writing to make arrangements to conduct a field inspection of the above water right permit.

Our Field Agents have tried unsuccessfully to contact you by phone using the number listed on your Proof of Beneficial Use. Please call our office to schedule a time that you could join us for the inspection, or give us directions to your property and a description of the development of water for your stock.

Our goal is to complete the field work on your Water Right Permit and issue your Water Right License as soon as possible.

We look forward to hearing from you as soon as possible.

Sincerely,

Allen Beardslee
