Re: Water Permit No. 92-7067

Department of Water Resources

Dear Sirs:

This letter is to inform you that during the past 2 years I have completed the construction of my water extraction project and continue to make beneficial use of the water thereby obtained. The extraction project included the purchase and installation of: 1) a 1200 gallon water collection basin, 2) 2-3 h.p. electric water pumps, 3) approximately 600 feet of buried water pipe, 4) small water storage pond for late summer use and fire prevention, and 5) domestic water delivery system to recently constructed residence. Total project construction costs approximate \$14,000 and the water quality has been checked and approved by the Bonkardle Health District.

I trust these actions satisfy those conditions necessary for the establishment and maintenance of permit no. 92-7067.

Sincerely
