Dear Sirs:

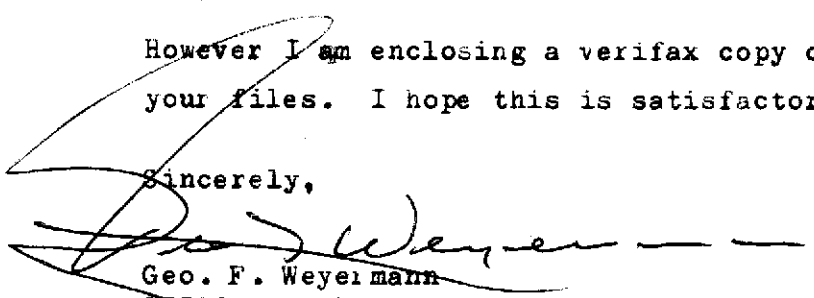

Re: Your inquiry of Aug. 31 concerning permit 927023

This was an application for a deep well. The well was drilled 7/23-25/74. The pump was installed the following year (June?). It has been in use on an intermittent basis, ever since. We use the facility as a trailer site during our vacations.

Carmen Development Company told me at the conclusion of drilling that they sent you a copy of the well drillers report - which you apparently did not receive. I cannot check with them, since they are out of business.

However I am enclosing a verifax copy of my copy of the report for your files. I hope this is satisfactory.
