Mr. Philip T. de Jong

Dear Mr. de Jong:

We received your inquiry concerning the quantity of water that we propose in the license on Permit No. 92-7016.

The 0.60 acre feet per year is based upon the amount of water that is actually needed for domestic use by a household and it is approximately equal to 500 gallons per day.

Your calculation of 14.50 acre feet per year is correct, if the 0.02 cubic feet per second were diverted 24 hours a day, 365 days a year. However, as you can readily see, this is not the amount of water that can be beneficially used in one household.

Please let us know within 10 days if you do not agree with this quantity of water.

Sincerely,

Dear Sir:

I am in receipt of your letter of October 7, 1975 regarding water Permit No. 92-7016.

I concur with your review except that I cannot resolve the calculations of the third item, "The maximum quantity diverted shall not exceed 0.6 acre feet per year."

My figures indicate 14.5 acre feet per year at .02 c.f.s.

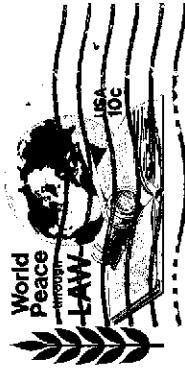

I will appreciate knowing of the conditions regarding the maximum allowable diversion. Thank you kindly for your interest.

Sincerely yours,

Dear Mr. de Jong:

A representative of this Department has made an examination of the works covered by your Permit No. 92-7016 and has found the following:

Quantity of water diverted: 0.02 cfs Source: South Fork Santa Creek

Amount of water that can be recognized as beneficially used under Idaho law: 0.02 cfs

The maximum quantity diverted shall not exceed 0.6 acre feet per year.

Point of diversion: SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 36, Twp. 44 N, Rge. 3 W, B.M.

Beneficial use: Domestic purposes within the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 36, Twp. 44 N, Rge. 3 W, B.M.

Priority date established: October 17, 1973

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

BOBBY D. FLEENOR

Dear Sir:

I would like to have unconditional approval for permanent water rights on my property in Benewah County, Idaho as described in the application submitted October 13, 1973.

The gasoline pump has been installed at the creek site and a 500 foot waterline buried underground 4 feet deep has been connected to a covered reservoir in a tower near my house. We have successfully utilized this system and have taken water from the creek for our domestic use for 1 year.

Your consideration and action on this request would be appreciated. Thank you.
