APPLICATION FOR AMENDMENT

Permit No. 17-7002

Comes now SHOWELL BROTHERS, by Sidney Showell of (address) Stone, Idaho, and represents to the Director of the Idaho Department of Water Resources:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho No. 17-7002, and requests that the permit and permit map be changed as follows:

1. Point of diversion: bet. SW ¼ SE ¼, Sec. 23 Twp. 16 South Rge. 32 E., B.M., County of Oneida. Other points of diversion:

2. Period and nature of use: (irrigation, domestic, stockwatering, industrial, etc.)

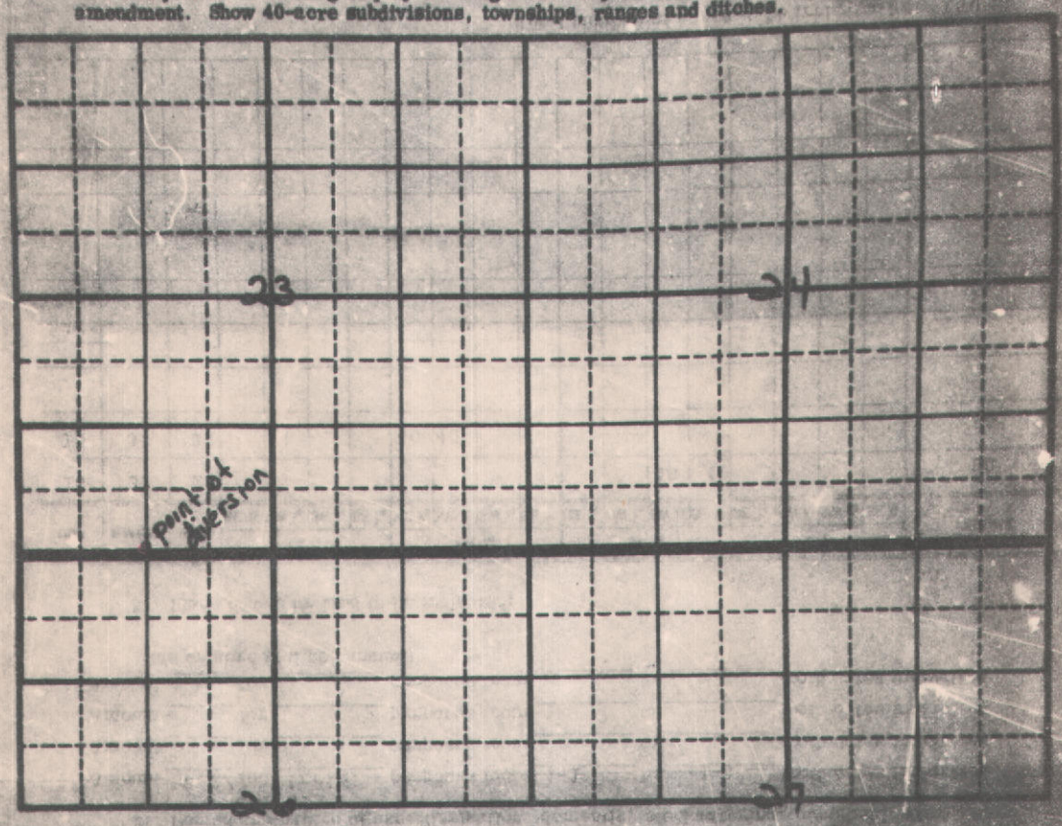

Amount 3.2/ c.f.s. for irrig. purposes from 4-1 to 11-1 (both dates inclusive)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre feet per annum)

3. Place of use or land to be irrigated:

TWP	RANGE	SEC	NE¼				NW¼				SW¼				SE¼				TOTALS
			NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	
16	32	23											40	40					80
16	32	26					40	40											80

Total number of acres to be irrigated 160

Complete the following map by showing land and point of diversion as proposed by this amendment. Show 40-acre subdivisions, townships, ranges and ditches.

Scale: 2 inches equal 1 mile

That no one will be injured by such change, and that such change will be made at permit holders own risk.

Signed at Malad City, Idaho, this 20th day of October, 19 75.

SHOWELL BROTHERS

NOTICE OF PROPOSED AMENDING OF WATER PERMIT

Notice is hereby given that Permit No. 17-7002 in the name of Showell Brothers was issued for the diversion of .20 C.F.S. of water from a ground-water source with the point of diversion within the SW¼NW¼, Sec. 24, T. 16S, R. 32E, B.M., Oneida County; to be used for the irrigation of 160 acres from Apr. 1 to Nov. 15 within the E½NE¼, Sec. 23, W½NW¼, Sec. 24, T. 16S, R. 32E, B.M.

The permit holder now proposes to amend Permit No. 17-7002, changing the point of diversion to the SW¼SE¼, Sec. 23, T. 16S, R. 32E, B.M., Oneida County, and the place of use to the S½SW¼, Sec. 23, N½NW¼, Sec. 26, T. 16S, R. 32E, B.M.

Any protest to the proposed amending of the permit must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401, on or before November 17, 1975.

R. KEITH HIGGINSON
Director

The Idaho Enterprise
P.O. Box 205
Malad City, Idaho 83252

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

Robert D. Arrasmith
Director Designate

Legal Notice (1)

NOTICE OF PROPOSED AMENDING OF WATER PERMIT

Notice is hereby given that Permit No. 17-7002 in the name of Showell Brothers was issued for the diversion of .20 C.F.S. of water from a ground-water source with the point of diversion within the SW¼NW¼, Sec. 24, T. 16S, R. 32E, B.M., Oneida County; to be used for the irrigation of 160 acres from Apr. 1 to Nov. 15 within the E½NE¼, Sec. 23, W½NW¼, Sec. 24, T. 16S, R. 32E, B.M.

The permit holder now proposes to amend Permit No. 17-7002, changing the point of diversion to the SW¼SE¼, Sec. 23, T. 16S, R. 32E, B.M., Oneida County, and the place of use to the S½SW¼, Sec. 23, N½NW¼, Sec. 26, T. 16S, R. 32E, B.M.

Any protest to the proposed amending of the permit must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401, on or before November 17, 1973.

R. KEITH HIGGINSON

Director

Re: Permit No. 17-7002

Rollin Showell
Stone,
Idaho 83280

Dear Mr. Showell:

One of the conditions of approval of your water Permit No. 17-7002 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Department of Water Resources

WATER RIGHT LICENSE

License of Water Right No. 17-7002 Priority May 17, 1983 (Late Proof) Amount 1.84 cfs

THIS IS TO CERTIFY, that Steven Showell of Malad, Idaho, has complied with the terms and conditions of Permit No. 17-7002 issued pursuant to Application for Permit dated February 15, 1968, and has submitted proof to the Department of Water Resources on May 17, 1983, that he has applied water to a beneficial use; an examination by the Department indicates that the works have a capacity for the diversion of 4.72 cfs of water from a groundwater source, tributary to _____, and that the permit holder has applied to a beneficial use and established a right to use water as follows:

Beneficial Use	Period of Use		Rate of Diversion	Annual Volume
Irrigation	from April 1	to November 1	at 1.84 cfs and	535.5 acre feet
	from	to	at cfs and	
	from	to	at cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 1.84 cfs of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 535.5 acre feet per year, said waters to be diverted within the SW¼SW¼, Section 23, Twp 16S, Rge 32E in the County of Oneida

Description and location of place of use:

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
16S	32E	23											34	40					74
		26					40	39											79

Total number of acres irrigated 153

MICROFILMED

CONDITIONS OF APPROVAL

a. Modifications to or variance from this license must be made within the limits of Section 42-222, **Idaho Code,** or the applicable Idaho Law. This right may be forfeited by five years of non-use.

b. The right to the use of the water hereby confirmed is restricted and appurtenant to lands or place of use herein described, and is subject to all prior water rights, as provided by the laws of Idaho.

c. Any water right confirmed in this license for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this license and shall not give rise to any right or claim against any future rights to the use of water other than hydropower, within the State of Idaho initiated later in time than the priority of this license.

This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 3.5 afa per acre for the lands above.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 21st day of June, 19 85.

LICENSING REPORT

17-7002
Permit No.

1. **Measurement Calculations**
   a) Field Measurement Calculations (Include theoretical capacities and system capacity)

By meter - 2200 gpm = 4.9 cfs ✓
0.0065 af/60 secs = 4.72 cfs capacity ✓

392 acres irrigated under two permits of which 153 acres are under # 17-7002

4.72 cfs / 392 acres = 0.012 cfs/acre ✓

0.012 cfs/acre X 153 acres = 1.84 cfs ✓ yes dw. rate

153 ac. X 0.02 cfs = 3.06 cfs needed

   b) Volume Calculations for Irrigation: 3.5 AF/ACRE REQ'D per w.u. handbook
214 irrig. season

$V_{I.R.}$ = (Acres Irrigated) x (Irrigation Requirement) = 153 acres x 3.5 af/a = 535.5 afa ✓
$V_{D.R.}$ = [Diversion Rate (cfs)] x (Days in Irrigation Season) x 1.9835 = 1.84 cfs x 214 days x 1.9835 = 781 afa
V = Smaller of $V_{I.R.}$ and $V_{D.R.}$ = 535.5 afa ✓

   c) Volume Calculations for Other Uses:

2. **Overlap Review**

   a) Other water rights with same place of use: ~~None~~ 17-2023

   b) Other water rights with same point of diversion: # 17-7024

   c) Analysis: see overlap review attached

Dear Mr. Showell:

A representative of this Department has made an examination of the works covered by your Permit No. 17-7024 , and has found the following:

Amount of water that can be recognized as beneficially used under Idaho law: 2.88 cfs Source: groundwater

The maximum quantity diverted shall not exceed 836.5 acre feet per year.

Point(s) of diversion: SW¼SW¼, Sec. 23, Twp 16S, Rge 32E

Beneficial Use: Irrigation of 239 acres within NE¼, S½NW, Sec. 26, Twp 16S, Rge 32E

Priority date established: May 17, 1983 (Late Proof)

Conditions (if any):

If you do not concur with these findings, please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

Jim Johnson

Showell Brothers,
Steven Showell &
Sidney Showell
243 N. 200 W.
Malad, ID 83252

Dear Permit Holders:
A representative of this Department made an examination of the works covered by your Permit No. 17-7002 and has found the following:

Amount of water that can be recognized as beneficially used under Idaho law: 1.84 cfs Source: groundwater

The maximum quantity diverted shall not exceed 335.5 acre feet per year.

Point(s) of diversion: SW¼SW¼, Sec. 23, Twp 16S, Rge 32E

Beneficial Use: Irrigation of 74 acres within S½SW¼, Sec. 23, & 79 acres within N½NW¼, Sec. 26, Twp 16S, Rge 32E

Priority date established: May 17, 1983 (Late Proof)

Conditions (if any): This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 3.5 afa per acre for the lands above.

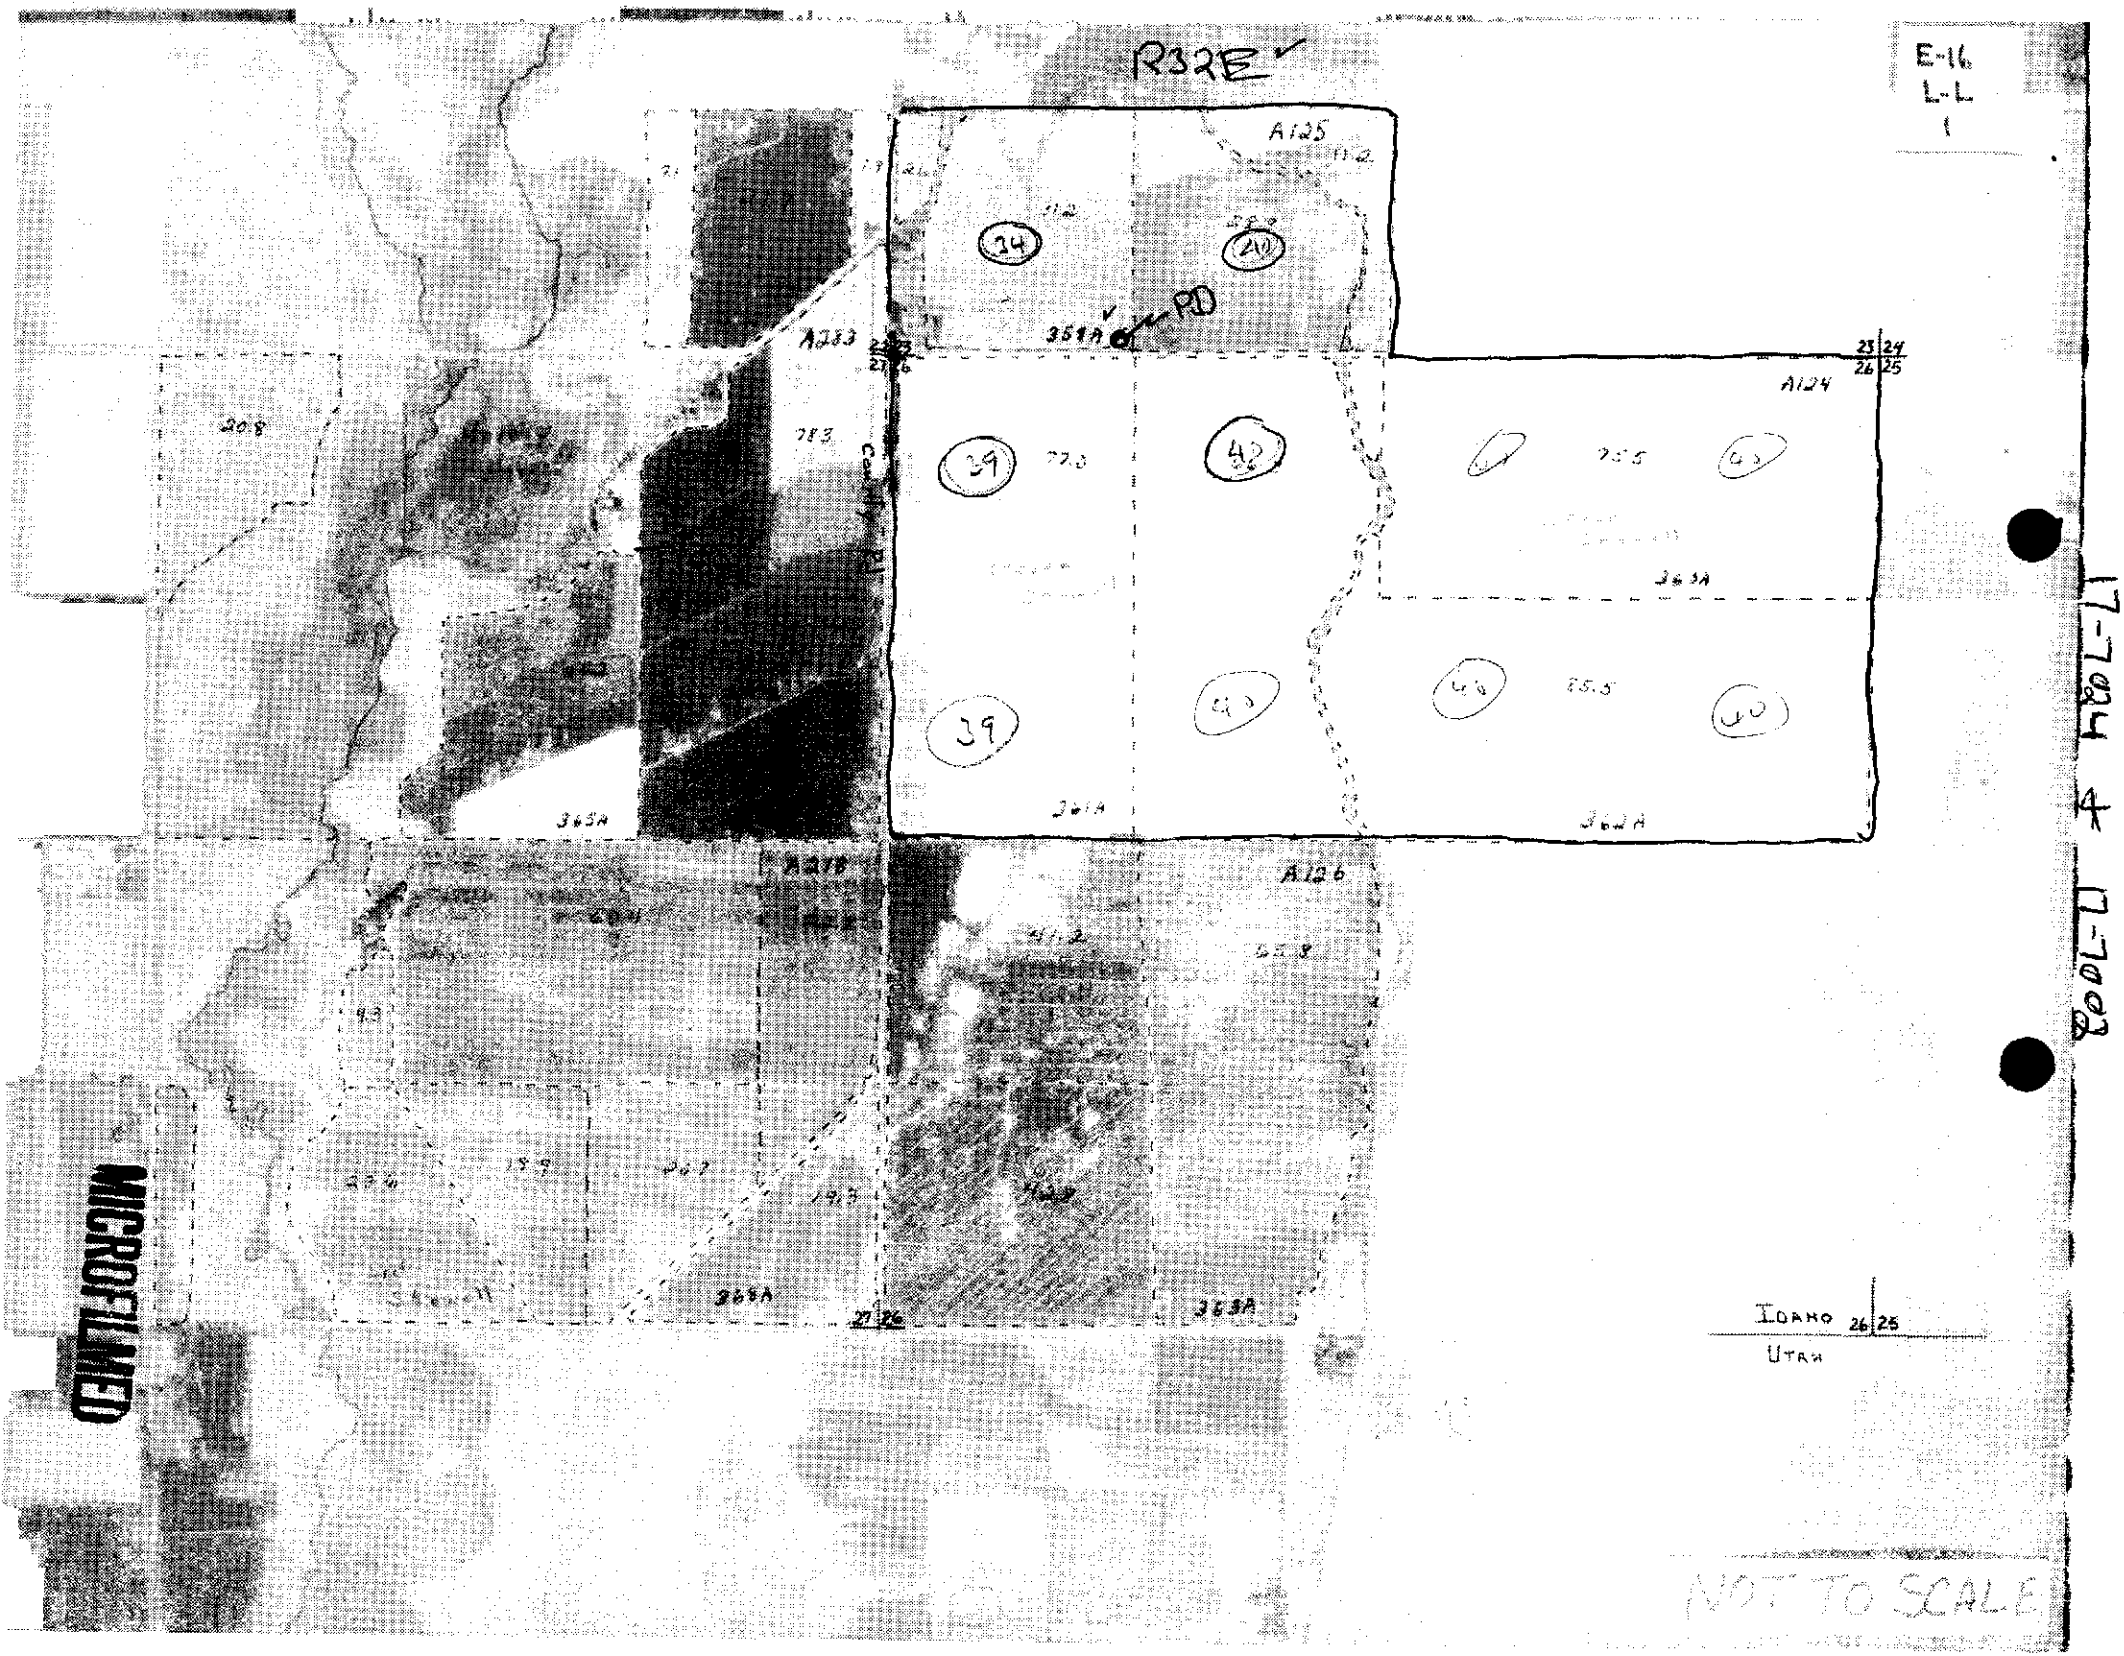

In order for the Department to issue the above license, it will be necessary for you to amend the permit to correspond with the findings of the field examiner. We are enclosing a partially completed amendment form for your use in this matter.

Please sign the amendment application and return it to this office along with a $20.00 filing fee within 30 days in order that we might issue your license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 30-day period.

Steve Showell License

Dear Mr. Johnson:

The above referenced permits have been submitted to your office for final licensing. It is imperative at this time that a license be issued on these permits. The property named in the permits is currently on the market for sale but a sale cannot be consummated until we have the license. We were unable to ratify a sale on the property a few months ago due to the fact that there was no license on the well.

Mr. Showell's bank is putting alot of pressure on me and Mr. Showell to get this property sold. Any assistance you could give at this time to get this matter cleared up would be appreciated.

Thank you.

Very truly yours,

Ruby C. Miles

Malad, ID 83252

Dear Mr. Showell:

Re:, Lapsed Permit Nos. 17-7002, 17-7024 and 17-7025

Enclosed are reinstatement orders relative to permits 17-7002 and 17-7024.

Reinstatement of these permits provides for a maximum of 7.20 cfs (360 miner's inches) for the irrigation of a maximum of 400 acres in the N½ of Sec. 26 and the S½SW½ of Sec. 23, Twp. 16S, Rge. 32E. Our regional office in Idaho Falls will be advised that a field examination needs to be made.

The evidence submitted relative to 17-7025 does not appear to justify reinstatement of the permit since no development in E½NE¼NE¼, Sec. 9 and NW¼NW¼, Sec. 10, Twp. 16S, Rge. 32E (the authorized place of use under the permit) appears to have been made under this permit.

If you have questions, please feel free to contact me.

Sincerely,

L. GLEN SAXTON

Att: Mr. L. Glen Sexton

Dear Mr. Sexton:

In regards to lapsed permits no. 17-7002, 17-7024 and 17-7025, and in answer to your letter of May 25, 1983, I feel I have supplied you with sufficient proof that I have used the water on the land described in the permits.

You should have in your file a petition submitted by us on July 29, 1982, which explains the circumstances surrounding these permits. I have enclosed a copy. Steve and Michael Brookhead made a trip to Boise on March 15, 1983, and spent two days with Norman Young explaining this situation. Please compare your information with him.

The A.S.C.S. office has supplied me with copies of aerial photos taken in 1970 and 1978. The fall, 1978 photo shows grain stubble, which you know could not have been grown without irrigation.

MICROFILMED

2/ The well log, of which you have a copy, is dated Nov 1, 1975. The well and main line were completed in June, 1976, but too late to get a very good crop that year. In 1977 an excellent crop of Barley was grown. I have enclosed a family picture showing myself, Steve, a daughter and son, taken in August 1977. The daughter was married in Nov. 1977, and left. The boy was born in 1974, and you can see, is 3 years old. We are standing in the middle of the Barley field on the N.M. Rabbins place. Note the height of the barley. This could not have been grown without irrigation.

In regards to projects #1, 2 & 3, we accumulated this place in three different purchases, the N.M. Rabbins place, the Joseph Hurd place & the Arthur Rabbins place, which we leased before purchase. The numbers refer to developments added to each place as it was needed.

I understand from Steve that permits #7024 and 7025 were both diverted into the hole specified in the

MICROFILMED

3/ lication of 7002. This is why no development records are included on these.

The reason I included a (proof) ~~permit~~ card for 17-7022 is that both wells were supposed to be in the process of being ~~approved~~ together. We checked repeatedly and thought work had been done as needed in clearing both of them. In 1979 measuring devices were required on both wells, which we had installed, and both were examined, then we were told they were not needed. At this time the well was engaged in beneficial use and seen by your men.

We are very anxious to have this lapsed permit reinstated, because as you know, we are in the Curlew Critical ground water area, and if we don't have irrigation water, we will lose nothing, and our farm will be lost. I sincerely hope I have included sufficient proof for your needs. Steve has given me this responsibility and I have done my best.

If you have further questions please call my office at 208-766-2263.

Sincerely,

Jean A. Howell

PETITION FOR REINSTATEMENT

OF PERMITS

Steven E. Showell and Jean Showell are the owners of 400 acres of land located within Sec. 13, 23 & 26 of Twp. 16S, R. 32E, B.M. and Sec. 18, Twp. 16S, R. 33E, B.M. Oneida County.

Permits 17-7002, 17-7024 & 17-7025 were originally owned by Showell Brothers, a partnership consisting of Rollin, Sidney and Steven Showell, ETUX. Showell Brothers had Waymon Yarbrough drill a 16" well in Sept. 1975. The well was drilled to a depth of 333ft. and completely cased.

The partnership was dissolved in 1977 and it was agreed that Steven Showell would receive the well and the three permits. In January of 1977, Steve Showell was assigned permit 17-7024 and made application with the Idaho Dept. of Water Resources to amend the Point of Diversion and Place of use.

Later that year a 75hp pump was installed along with four wheel-lines to irrigate 148 acres. In 1978, an additional 160 acre tract was purchased from the Hurd estate and 80 additional acres were rented from Gilbert Robins. (This 80 acre tract was later purchased also.) A 200hp pump was installed and four additional handlines, four wheellines and a small water cannon were purchased. This system has been used each year since 1978.

In 1978, Proof-due notices were sent by the Dept. of Water Resources The Petitioners do not recall receiving these notices. They speculate that correspondence related to permits 17-7002, 17-7024 and 17-7025 was received by Rollin Showell (who is now 86 years old) or Sid Showell, neither of whom have any remaining interest in these permits. Steve and Jean Showell were unaware that proof was due or that these permits had lapsed. Permit 17-7022, which is now going to license for the irrigation of 160 acres of lands was filed in the name of Steven Showell.

MICROFILMED

All correspondence from the Dept. has been received and appropriate action taken. The Petitioners realize that the Director normally does not even consider reinstating permits that have lapsed. However, in most cases the permit holder has an opportunity to re-file. Because the Showell property is located in the Curlew critical groundwater area, they have no opportunity to obtain another permit. It seems unduly harsh to force the Showells to lose their investment in their irrigation system and decrease the value of their farm because they can no longer irrigate.

The Petitioners therefore pray the Director of the Dept. of Water Resources will reinstate permits 17-7002, 17-7024 and 17-7025 and allow them to keep the equity they have in their farm and the investment they have in their irrigation system.

Signed at Malad this 29 day of July, 1982.

PETITIONERS

STEVEN E. SHOWELL

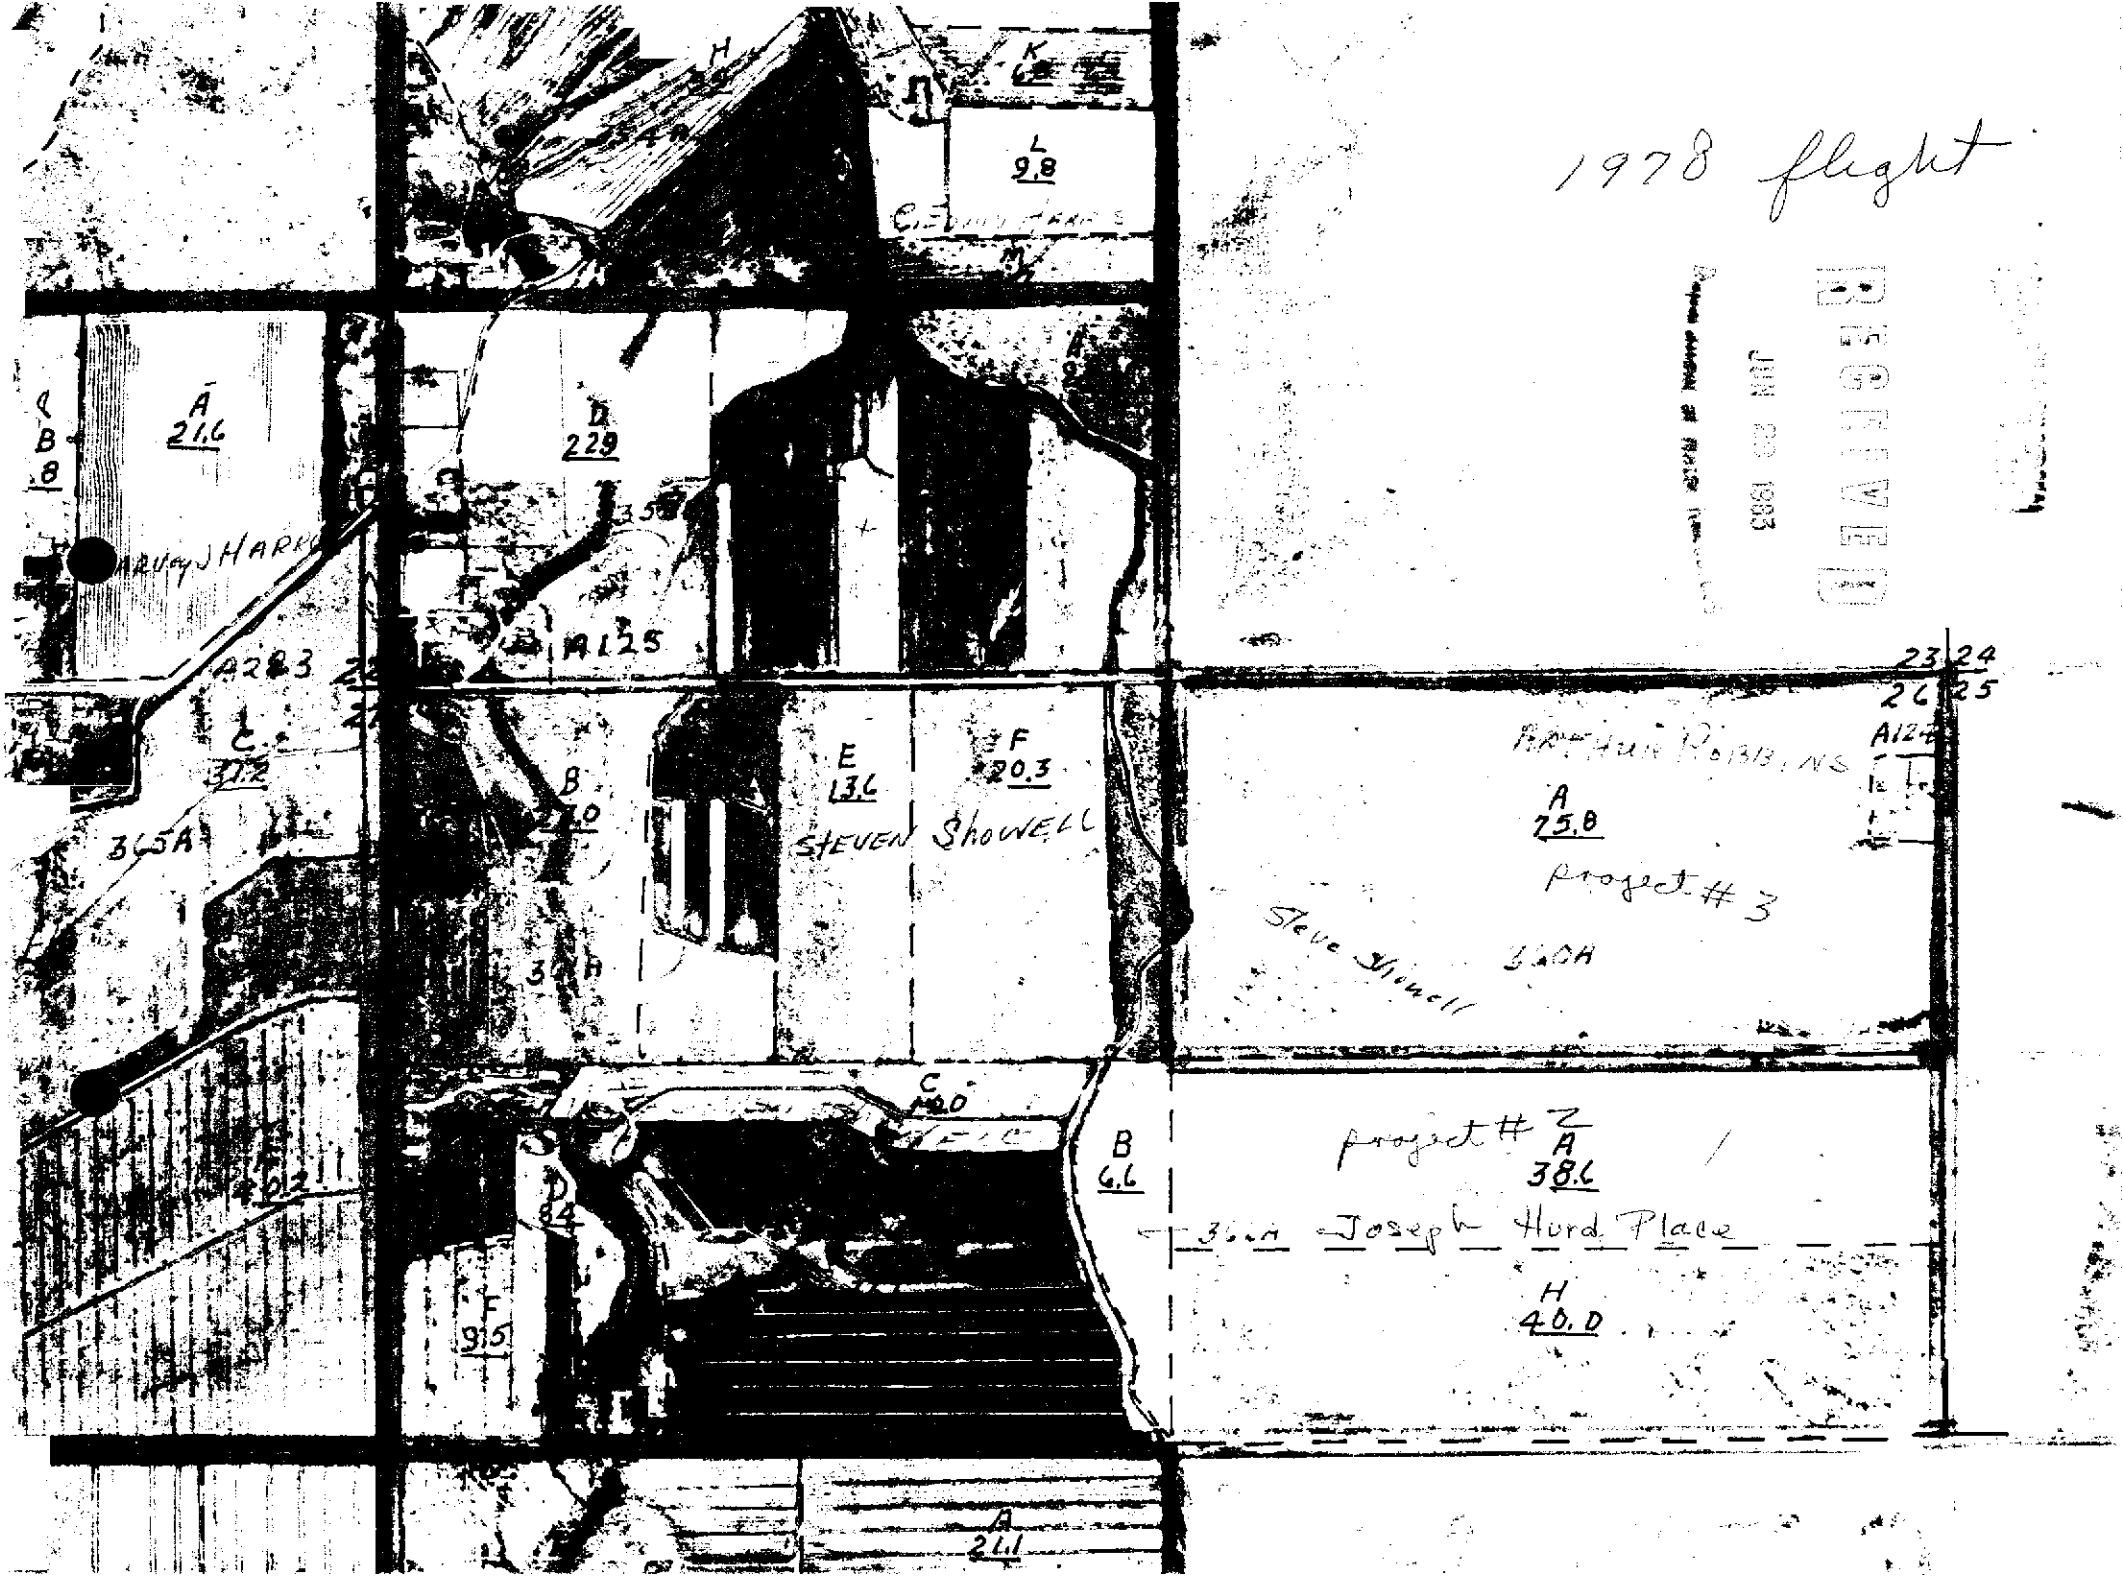

JEAN SHOWELL

Steven E. Showell
243 N. 2 W.
Malad, ID 83252

Dear Mr. Showell:

Re: Lapsed Permit Nos. 17-7002, 17-7024 and 17-7025

This office has received copies of several documents submitted on your behalf by D. Michael Broadhead of the First Bank and Trust of Idaho. The documents were submitted pursuant to your discussions with this Department and the recent changes to Section 42-218a, Idaho Code.

This proof card which you submitted for 17-7022 will be discarded since a license has been issued for that permit.

A review of the microfilm for each of the lapsed permits shows the following:

Permit No. 17-7002

- Permit in the name of Showell Brothers, Steven Showell and Sidney Showell
- Proposed well location in the SW1/4SE1/4, Sec. 23, T16S, R32E.
- Land to be irrigated: S1/2SW1/4, Sec, 23; N1/2NW1/4, Sec. 26, T16S, R32E.
- Authorized permit development period: April 5, 1968 thru April 1, 1978

Permit No. 17-7024

- Permit in the name of Steven E. Showell

MICROFILMED

- Proposed well location in the SW1/4SW1/4, Sec. 23, T16S, R32E.
- Land to be irrigated NE1/4, S1/2NW1/4, Sec. 26, T16S, R32E.
- Authorized permit development period: October 15, 1973 to October 1, 1978

Permit No. 17-7025

- Permit in the name of Rollin Showell and Sons, a partnership
- Proposed well location in the NE1/4NE1/4, Sec. 9 T16S, R32E
- Land to be irrigated - 100 acres in E1/2NE1/4, Sec. 9; NW1/4NW1/4 Sec. 10, T16S, R32E
- Authorized permit development period: October 15 1973 to October 1, 1978

The Department records include a well log showing that Yarbrough Drilling drilled a 330-foot well in Sec. 23, T16S, R32E. The 40-acre tract in which the well is located, however, is not clear on the log. The log shows that the well was started in September 1975 and finished October 23, 1975. The log appears to be clearly related to lapsed Permit No. 17-7002. I cannot locate well logs in connection with Permit Nos. 17-7024 and 17-7025.

Several items of information are needed before the documentation submitted can be considered sufficient to reinstate the permits. The items include:

a) Potential assignments depending on which of the three lapsed permits were developed in the authorized periods.

b) Legal description documentation of land irrigated and evidence of date when water was first applied to a beneficial use, i.e. aerial photos adequately identifying irrigated land may show that the land was irrigated in the authorized period.

c) Additional information differentiating project #1 from project #2 or #3 as shown on the Del-Vee Sales and Service statements which were submitted as proof of development.

Since the authorized period of development for Permit No. 74-7002 ended April 1, 1978 and on October 1, 1978 for Permit No. 17-7024, it is extremely important to clearly demonstrate that the water was applied to a beneficial use prior to those dates.

Your supplemental submittal of information to address questions raised in this letter should also describe reasonable cause why proof was not originally timely filed.

MICROFILMED

Please respond to this letter within 60 days in order that the Department can further consider reinstatement of the permits. If you have questions, please feel free to contact me at phone 334-4410.

Sincerely,

L. Glen Saxton

Dear Mr. Young:

I finance Steven E. Showell on his operation in Stone, Idaho. Mr. Showell has used well #2 on the H. B. Robbins estate property for a period of five years.

Mr. Showell explained the oversite on the legal description and your help in correcting this matter would be greatly appreciated.

Very truly yours,

D. Michael Broadhead

State of Idaho
Department of Water Resources

WELL DRILLER'S REPORT

RECEIVED
FEB 11 1977
Department of Water Resources
Eastern District Office

State law requires that this report be filed with the Director, Department of Water Resources within 20 days after the completion or abandonment of the well.

1. WELL OWNER

Name Steve & Sid Shotwell

Address Stone Idaho

Owner's Permit No. 17002

2. NATURE OF WORK

☒ New well ☐ Deepened ☐ Replacement

☐ Abandoned (Describe method of abandoning)

3. PROPOSED USE

☐ Domestic ☒ Irrigation ☐ Test ☐ Other (specify type)

☐ Municipal ☐ Industrial ☐ Stock ☐ Waste Disposal or Injection

4. METHOD DRILLED

☒ Cable ☐ Rotary ☐ Dug ☐ Other

5. WELL CONSTRUCTION

Diameter of hole 16 inches Total depth 330 feet

Casing schedule: ☒ Steel ☐ Concrete

Thickness	Diameter	From	To
1/4" inches	16 inches	+10 feet	330 feet
inches	inches	feet	feet
inches	inches	feet	feet
inches	inches	feet	feet
inches	inches	feet	feet

Was casing drive shoe used? ☒ Yes ☐ No

Was a packer or seal used? ☒ Yes ☐ No

Perforated? ☒ Yes ☐ No

How perforated? ☐ Factory ☐ Knife ☒ Torch

Size of perforation 3/16 inches by 6" inches

Number		Perforations From	To
1800	perforations	30 feet	330 feet
	perforations	feet	feet
	perforations	feet	feet

Well screen installed? ☐ Yes ☒ No

Manufacturer's name

Type Model No.

Diameter Slot size Set from feet to feet

Diameter Slot size Set from feet to feet

Gravel packed? ☒ Yes ☐ No Size of gravel 1/4" to 1 1/2"

Placed from 0 feet to 33 feet

Surface seal depth 20' Material used in seal ☐ Cement grout ☒ Puddling clay ☐ Well cuttings

Sealing procedure used ☐ Slurry pit ☐ Temporary surface casing ☐ Overbore to seal depth

6. LOCATION OF WELL

Sketch map location must agree with written location.

Subdivision Name

Lot No. Block No.

Caribou County Oneida

SW ¼ SW ¼ Sec. 29 T. 16 N/S, R. 32 E/W

7. WATER LEVEL

Static water level 22 feet below land surface

Flowing? ☐ Yes ☒ No G.P.M. flow

Temperature °F. Quality

Artesian closed-in pressure p.s.i.

Controlled by ☐ Valve ☐ Cap ☐ Plug

8. WELL TEST DATA

☒ Pump ☐ Bailer ☐ Other

Discharge G.P.M.	Draw Down	Hours Pumped

Dear Mr. Showell:

As a follow up to your visit to this office and our discussion on March 15, 1983, I am forwarding some information as I indicated I would.

Enclosed is an abstract showing outstanding ground water permits in Basin 17. Some of the permits may have had proof of beneficial use submitted but a license has not yet been issued by this office.

Also enclosed is a draft of legislation which if passed, would allow the director to consider certain late proof submittals. The House Resources Committee gave this bill a "do pass" recommendation yesterday for consideration by the full House later in the week. It will be a very tight schedule to get this bill considered by the Senate this session.

If this office can be of further assistance, please feel free to contact us.

Sincerely,

NORMAN C. YOUNG
Administrator
Resources Administration Division

PETITION FOR REINSTATEMENT

OF PERMITS

RECEIVED
AUG 5 1982
Department of Water Resources
Eastern District Office

Steven E. Showell and Jean Showell are the owners of 400 acres of land located within Sec. 13, 23 & 26 of Twp. 16S, R. 32E, B.M. and Sec. 18, Twp. 16S, R. 33E, B.M. Oneida County.

Permits 17-7002, 17-7024 & 17-7025 were originally owned by Showell Brothers, a partnership consisting of Rollin, Sidney and Steven Showell, ETUX. Showell Brothers had Waymon Yarbrough drill a 16" well in Sept. 1975. The well was drilled to a depth of 333ft. and completely cased.

The partnership was dissolved in 1977 and it was agreed that Steven Showell would receive the well and the three permits. In January of 1977, Steve Showell was assigned permit 17-7024 and made application with the Idaho Dept. of Water Resources to amend the Point of Diversion and Place of use.

Later that year a 75hp pump was installed along with four wheel-lines to irrigate 148 acres. In 1978, an additional 160 acre tract was purchased from the Hurd estate and 80 additional acres were rented from Gilbert Robins. (This 80 acre tract was later purchased also.) A 200hp pump was installed and four additional handlines, four wheellines and a small water cannon were purchased. This system has been used each year since 1978.

In 1978, Proof-due notices were sent by the Dept. of Water Resources. The Petitioners do not recall receiving these notices. They speculate that correspondence related to permits 17-7002, 17-7024 and 17-7025 was received by Rollin Showell (who is now 86 years old) or Sid Showell, neither of whom have any remaining interest in these permits. Steve and Jean Showell were unaware that proof was due or that these permits had lapsed. Permit 17-7022, which is now going to license for the irrigation of 160 acres of lands was filed in the name of Steven Showell.

All correspondence from the Dept. has been received and appropriate action taken. The Petitioners realize that the Director normally does not even consider reinstating permits that have lapsed. However, in most cases the permit holder has an opportunity to re-file. Because the Showell property is located in the Curley critical groundwater area, they have no opportunity to obtain another permit. It seems unduly harsh to force the Showells to lose their investment in their irrigation system and decrease the value of their farm because they can no longer irrigate.

The Petitioners therefore pray the Director of the Dept. of Water Resources will reinstate permits 17-7002, 17-7024 and 17-7025 and allow them to keep the equity they have in their farm and the investment they have in their irrigation system.

Signed at Malad this 29 day of July, 1982.

Dear Mr. Showell:

You are hereby notified that under the provisions of Section 42-218a of the Idaho Code, Permit No. 17-7002 has lapsed since you have not notified us that you have completed the project by the date required on your permit. You were provided forms for that purpose in our notice to you dated January 31, 1978.

Your permit cannot be reinstated unless you submit the proof of beneficial use affidavit, enclosed, or show other reasonable cause why the permit should be reinstated within 60 days from the date of this lapse notice.

Re: Permit No. 17-7002

Showell Brothers
Stone,
Idaho 83280

Gentlemen:

One of the conditions of approval of your water Permit No. 17-7002 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before April 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

NOTICE OF PROPOSED AMENDING OF WATER PERMIT

Notice is hereby given that Permit No. 17-7002 in the name of Stowell [illegible] was issued for the diversion of [illegible].20 C.F.S. of water from a ground-water [illegible] the point of diversion within the SW¼SW¼, Sec. 24, T. 16S, R. 32E, B.M., [illegible] to be used for the irrigation of 160 acres from Apr. 1 to Nov. 15 within the [illegible] NW¼NW¼, Sec. 24, T. 16S, R. 32E, B.M.

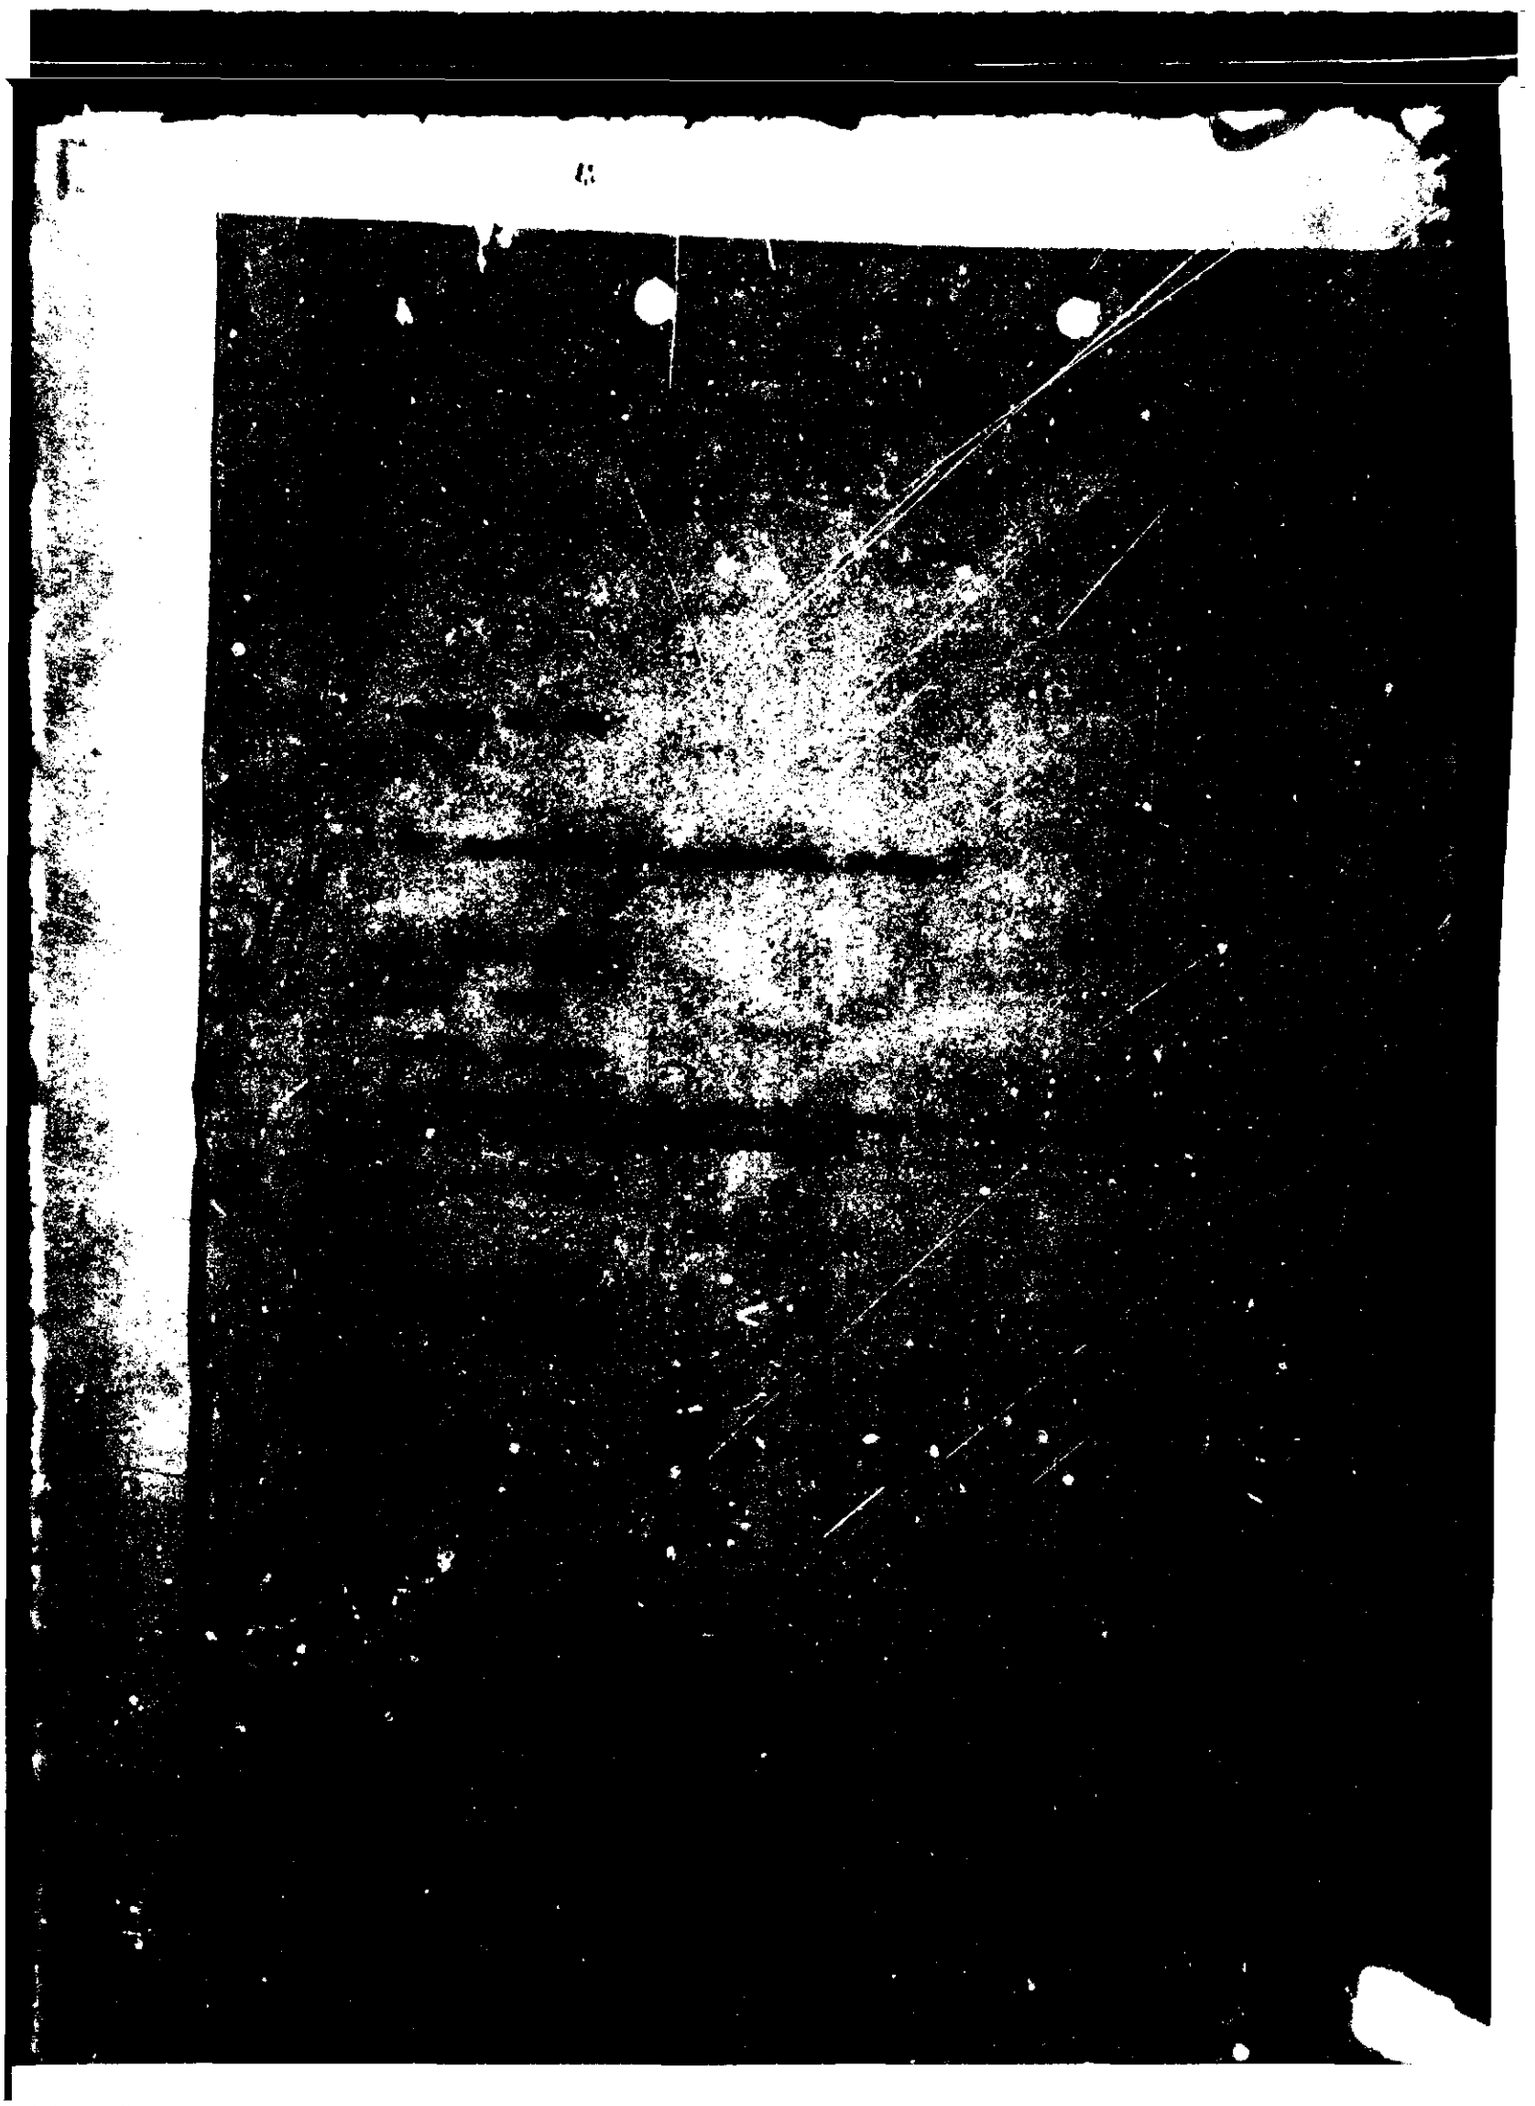

The permit holder now proposes to amend Permit No. 17-7002, changing the point of diversion to the SW¼SE¼, Sec. 23, T. 16S, R. 32E, B.M., Oneida County, and the place of use to the S½NW¼, Sec. 23, NW¼SW¼, Sec. 26, T. 16S, R. 32E, B.M.

Any protest to the proposed amending of the permit must be filed with the Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401, by November 17, 1973.

We have received your letter of March 29, 1973. However, before we can determine whether diligence has been shown toward the completion of your project, we need additional information. Therefore, we are enclosing an application for extension of time, which must be completed and returned on or before April 20, 1973.

If you have any questions, please contact us.

Sincerely,

Robby D. Fleenor

Re: Permit No. 17-7002
Rollin Showell

Gentlemen:

Considerable work and money have been expended under the above identified Permit to locate a sufficient water source to appropriate without success. It is necessary that the Permittee obtain an Extension of Time within which to complete development and make application of the water to beneficial use.

Please consider this an Application For Extension of Time to complete works and apply water for beneficial use. An additional period of five years for this purpose is hereby requested.

Thanking you, I am,

Very truly,

Rollin Showell

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

> I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.
>
> (Do not sign letter)
> Signature of claimant

Very truly yours,

Donald A. McKinney

Dear Mr. Showell:

We are returning your personal check in the amount of $10.00 and your application for permit. Before we can accept your application we must have an additional filing fee. The filing fee for 3.2 cubic feet per second or 160 miners inches would be $35.00. We would also like to request some additional information.

Please complete Item 6 c of the application. We are unable at this time to correspond the land list under Item 8 b of the application and the point of diversion with the map which you have submitted. We have noted in red below the map the information from Item 8 b and Item 3 a of the application. If the information is correct please fill it out in ink and return it to this department. If not, please correct either the map or the application.

Please contact us if we may be of further assistance.

Very truly yours,

Donald W. McMldowney
Water Rights Clerk
