Dear Mr. Eliason:

We received the amendment form and the fees due for your permit 27928/17-2044. However, since the permit is in your name only, the application for amendment must be signed by you, or you may give Ray the power of attorney to act in your behalf.

Enclosed is the amendment form which you should sign and return as soon as possible. Or, if you prefer, you may complete the enclosed Power of Attorney form and return it along with the amendment application.

The confusion mentioned in the last letter from Ray was caused by amendments being submitted on two permits, No. 17-2044 and 17-2054, and a licensing fee due on No. 17-2044. The fees are now all in order.

If you have any further questions, please contact me.

Enclosures

September 29, 1972

Mr. Chester Eliason
Holbrook,
Idaho 83243

Dear Mr. Eliason:

A representative of this Department has made an examination of the works covered by your Permit No. 27928/17-2044 and has found the following:

Quantity of water diverted: 0.53 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.53 cfs

The maximum quantity of water diverted shall not exceed 225 acre feet per season.

Beneficial use: Irrigation of 123 acres within the SW $\frac{1}{4}$ (96), SW $\frac{1}{4}$ SE $\frac{1}{4}$ (10), Sec. 10; NW $\frac{1}{4}$ NE $\frac{1}{4}$ (1), N $\frac{1}{2}$ NW $\frac{1}{4}$ (16), Sec. 15; Twp. 14 S, Rge. 32 E, B.M.

Point of diversion: NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 9, Twp. 14 S, Rge. 32 E, B.M.

The priority date established is: August 24, 1959 (late proof)

Our field examination indicates the point of diversion to be within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 9, whereas your permit lists the point of diversion within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 9; therefore it will be necessary to amend your permit before a license can be issued. We are enclosing a partially completed amendment application for your use. Please sign the application and return it to this office with a \$10.00 filing fee.

A licensing fee in the amount of \$21.00 must be received within 30 days of the date of this letter in order that we can issue you a Water License as set forth above. Therefore, please submit a total fee of \$31.00 along with the application for amendment. If you do not concur with these findings, please advise us by return mail.

Re: Permit No. G 27928

Dear Mr. Tappan:

Please find enclosed Deposition of Holder and Depositions of two witnesses in connection with the proof of completion of works of the above Permit.

These Depositions were actually signed within the last week by these persons. I have notarized the depositions as of August 28th, the date set forth in the Notice which was published. This is done on a nunc-pro-tunc basis (now for then) to conform with the Notice and to keep your file in proper order.

Also, I notice by the published notice which I have, that under paragraph 6, the date of priority which said user is prepared to establish is May 11, 1959. Actually the Permit was approved on May 15, 1959, and I have shown this date in the Proofs enclosed. I don't know how the 11th was shown in the notice, but believe this was in error.

I f I can be of further service in this, please advise.

Sincerely yours,

E. L. Scott

Chester Eliason
Holbrook,
Idaho

Dear Mr. Eliason:

Enclosed please find new forms # 16, Deposition of Holder, and 17A, Deposition of Witness. These forms must be made out to agree with the Legal Notice as published in the IDAHO ENTERPRISE.

The original Forms were received with the following discrepancies:

Question 3 - shows Permit G-24259 with the approval date and priority date of July 3, 1953 and July 3, 1953. It should read Permit G-27928 May 15, 1959, and May 11, 1959.

Question 4 point of diversion listed as the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9-14S, 32E. It should read NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 9, T14S-R32E8M.

We suggest that you follow the original information as advertised unless changes have been made, in which case amendments are necessary and a new publication will be required.

Please complete the enclosed forms and return to this office promptly.

**Mr. Chester Eliason,
Holbrook, Idaho.**

Dear Mr. Eliason:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. **0-27928**. The proofs are to be made at **11:00** o'clock **A.M.**, on the **28th** day of **August**, 19**64**, before **E. L. Scott, 26 Court Street, Malad City, Idaho**, Notary Public.

As of this date, we have mailed the Notice to the **Idaho Enterprise Malad City, Idaho**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Dear Mr. Tappan:

Mr. Eliason is in concerning your notice to him dated June 26, 1964, notifying him that the above permit is being held for cancellation under the provisions of Sec. 42-234, Idaho Code.

Mr. Eliason was completely unaware that the time for proving up on the well had run out until your registered notice came to him. He is desirous of showing cause why the Permit should not be cancelled, and further would prefer to submit final proof under the terms of the permit.

I would appreciate having you advise me as to the necessary steps to be taken by Mr. Eliason to accomplish his goals.

Thanking you kindly, I remain,

Very truly,

Re: Permit No. G- 27928

Chester Eliason
Holbrook, Idaho

Dear Mr. Eliason:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 27928 are due not later than **May 15, 1964.**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36,

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

State Reclamation Engineer

Re: Permit No. G-27928

Mr. Chester Eliason,
Holbrook, Idaho.

Dear Mr. Eliason:

We enclose Permit No. G-27928 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-4014 which was issued covering payment in the amount of \$5.50 for the filing fee of the above mentioned permit.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years, however, you may make the required proofs at any time you are prepared to do so within that time.
