It has been brought to our attention by Mr. Levi Hughes that the NOTICE OF CLAIM TO A WATER RIGHT No. 15-4004 for Samaria Cemetery District, that we published for the weeks of August 28 and September 4, have the wrong number of cubic feet of water. We have 0.18 as per your notice. Mr. Hughes said it should read 1.8.

We will begin running the correction in our next issue.

Sincerely,

Dear Mr. Williams:

We are returning your claim to a water right in the name of Samaria Cemetery District and your check No. 92-86 in the amount of \$10.00.

The claim form has been revised and we have taken the liberty of retyping your claim on the new form with the following changes:

1. In Item 2, the amount of water has been changed to 0.18 cfs to reflect the maximum one inch or 0.02 cfs per acre which may be diverted for irrigation purposes. The period of use has also been changed to reflect the maximum irrigation season in your area.
2. In Item 4, the priority date is shown as March 1, 1963. A claim on a ground water source must have a priority earlier than March 25, 1963 to be acceptable.

Please review the claim, and if it meets with your approval, have it signed before a notary by an official of the cemetery district and return it to this office for processing.

If we can be of any further assistance, please contact us.

Very truly yours,

LOREN O. HOLMES
