State of Idaho
License and Certificate of Water Right

Water License No. G-25188

Amount .2 c.f.s.

Water District No.

Priority September 30, 1954

THIS IS TO CERTIFY that JAMES W. J. EVANS
of Malad City, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 30, 19 54 ; that Permit No. G-25188
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
.2 second feet, was issued thereunder on December 26, 19 56, showing that said works
were completed on the 6th day of July, 19 56 ; and that on the 6th
day of July, 19 56, JAMES W. J. EVANS

of Malad City, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
~~and a tributary of~~ subterranean flow, for the purpose of Irrigation
under Use Permit No. G-25188 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5890, on the 26th day of December, 19 56 ;
The right hereby confirmed dates from September 30, 1954 ;

The Point of Diversion is located
in the NW 1/4 NW 1/4, Sec. 34, Tp. 14 S, R. 36 E., B. M. County Oneida
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed .2 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

15-2044

Application No. G-33035
 Permit No. G-25188
 District No.

James W. J. Evans
 Box 332
 Malad City, Idaho

1. Name of Applicant: JAMES W. J. EVANS
 Postoffice address: Box 332, Malad City County: Oneida State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. One-third or Idaho
 Miners' inches 16.67 or gallons per minute. 150
 - (b) Annual withdrawal in acre feet per annum 125
3. Source of water supply: Subterranean water supply tapped by well in the Northwest quarter of Section 34, Township 14 South, Range 36 East, Boise Meridian
4. Location of point of diversion or well is in the NW 1/4 of the NW 1/4 of Section 34
 Twp. 14 S. , Rge. 36 E. , B.M., County of Oneida
5. Water is to be used for: Domestic, stock watering and irrigation purposes
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
 Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled well, cased, pump and motor
8. Estimated cost of works: \$ 1200.00
9. (a) Is reservoir to be used? No
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is One years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash onhand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 53 shares Deep Creek Irr. stock and 1/8th Int. in Southside Water Co.
 - (a) all (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) None (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

By _____ Agent.

RE: Permit No. G-25188

Mr. James W. J. Evans
Malad
Idaho

Dear Mr. Evans:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your permit No. G-25188 which shows that your well in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 34, Township 14 South, Range 36 East, B.M. will deliver 10 inches or .2 second foot of water which has been used to irrigate 70 acres of land in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 34.

A Certificate of Completion of Works and License can, therefore be issued for .2 second foot of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$4.00 license fee.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

REPORT OF ENGINEER

Permit No. G-25188This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant James W. J. Evans
2. Source of water supply: Subterranean flow from a well
3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 34
T. 14 S. R. 36 E., B.M. County of Oneida
4. Describe works as they exist, giving dimensions and capacities of same: 3 hp G. E. Motor, serial No. VLJ 819022. Peerless Pump serial No. 165488. 4" by 5' delivery to the North to open ditch. Water measured with a 10 gallon can and a stop watch to the fields by gravity. This is a small system that was installed principally for stock water and domestic purposes and yielded so well that he decided to irrigate supplementally on his fields and thus this filing.
5. Water is used for: Domestic, Stock watering and Irrigation.
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):
70.6 acres in the NW $\frac{1}{4}$ of Sec., 34., Twp. 14 S., Rge. 36 E., B.M.
See the map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Stop watch and 10 gal milk can used to check amt of flow.

This examination was made on the 12 day of Sept, 1956G-25188(Signed) E. M. Humphrey Examiner.

RE: Permit No. G-25188

Mr. James W. J. Evans
Malad City
Idaho

Dear Mr. Evans:

Inspection is required in connection with any permit,
for the use of water, being brought to license in the State of Idaho.

I will make inspection in connection with your Permit on
Wednesday, September 12, in the afternoon.

I intend to be at the hotel in Malad the evening before in
case you wish to contact me. I will attempt to contact you before
inspection, otherwise, I will drive to the farm where the well is
located.

Please be prepared to accompany me on the inspection, or
have someone there to represent you.

Yours truly,

MARK R. KULP

Re: Permit No. 25188

Mr. James W. J. Evans
Mald City, Idaho

Dear Mr. Evans:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Idaho Enterprise, all submitted in proof of completion of works and beneficial use on Permit No. 25188.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 25188

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. James W. J. Evans, Malad City, Idaho, Farmer, Malad City, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not acting in behalf of a corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 25188, date of permit October 4th, 1954, the date of priority user proposes to establish is September 30, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water supply tapped by well in the Northwest Quarter of Section 34 Township 14 South, Range 36 East, Boise Meridian. The point of diversion is NW 1/4, Section 34, Township 14 South, Range 36 East, Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Drilled well, cased, pump and motor, amount of water capable of conveying is one-third cubic feet per second. The well is 55 feet deep. The size the of the casing is 6 inch, then feet to the depth of water. A pump is used and the discharge from the pump was measured by a gauge.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation, domestic, and stock watering. The place where the water is used is NW 1/4 Se. 34 Tp. 14 S. R. 36 E. B. M. Three to four acres are watered by the well. The land is cultivated.

B25188

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Domestic and stockwatering. No power generated.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One-third cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. The permit was originally issued to James W. J. Evans, the holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. All the water has been put to beneficial use, for domestic, stockwatering, and irrigation.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The only water that I have is that covered by permit No. 25188 that can be used for entire year to be used for domestic and for stockwatering.

(Sign)

James W. J. Evans.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Malad City, County of Oneida

**Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Thomas H. Chivers, age 53, Malad City, Idaho, farmer, Malad City, Idaho.

Ques. 2. Are you acquainted with James W. J. Evans, the holder of Permit No. 25188? How long have you known him and where does he reside?

Ans. 45 years. He resides at Malad City, Idaho.

Ques. 3. Have you read or heard read said Permit No. 25188, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water supply tapped by well in the Northwest Quarter of Section 34, Township 14 South, Range 36 East, Boise Meridian. The kind of works are drilled well, cased, pump and motor. Place of diversion: NW 1/4 NW 1/4 Section 34, Tp. 14, S., R. 36 E. B. M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. One-third cubic feet per second

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 150 gallons per are delivered by the pump. Measured by a gauge.

J25188

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~The water is used for domestic, stockwatering, and irrigation. The place where the water is used is N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 34, Tp. 14 S. R. E. B. M. The land is cultivated. Three or four acres of land are irrigated by this well.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~The land is a clay loam. The water which is required for profitable cultivation is 150 gallons per minute.~~

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. All the water has been put to beneficial use.

(Signed)

Thomas H. Chivers

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Malad City, County of Oneida, State of Idaho, on this 6th day of July, A. Department of Reclamation

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M., on the 6th day of July, 1956, at Malad City, County of Oneida, State of Idaho, before Bill Fallis, Probate Judge, proof will be submitted of the completion of works for the diversion of one-third cubic feet per second of the subterranean waters of the State of Idaho and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G25188, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are James W. J. Evans, Malad City, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is one-third cubic feet per second.

3. The use to which said water has been applied is Domestic, stock watering and irrigation purposes, and the amount applied to beneficial use is one-third cubic feet per second.

4. The place where said water is used is N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 34, Tp. 14 S. R. 36 E.B.M. -- Point of Diversion: NW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 34, Township 14 South, Range 36 East.

5. The date of priority which said user is prepared to establish is September 30, 1954.

Mark R. Kulp, State Reclamation Engineer. 6-7-28 t4

RE: Permit No. G-25188

Mr. James W. J. Evans
Malad City
Idaho

Dear Mr. Evans:

We acknowledge receipt of Notice for Completion of Works and Beneficial Use proof on Permit No. G-25188 to be made July 6, 1956, before Mr. Bill Fallis, Probate Judge.

We shall send a copy of the notice to the newspaper, the Idaho Enterprise, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

At the time set, you should appear before Mr. Fallis together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M., on the 6th day of July, 1956, at Malad City, County of Oneida, State of Idaho, before Bill Fallis, Probate Judge, proof will be submitted of the completion of works for the diversion of one-third ^{subterranean} cubic feet per second of the waters of the State of Idaho and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G 25188 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are James W. J. Evans, Malad City, Idaho
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is one-third cubic feet per second.
3. The use to which said water has been applied is Domestic, stock watering and irrigation purposes, and the amount applied to beneficial use is one-third cubic feet per second.
4. The place where said water is used is N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 34, Tp. 14 S. R. 36 E.B.M. -- Point of Diversion: NW $\frac{1}{4}$ Sec. 34, Township 14 South, Range 36 East.

September 30, 1954. The date of priority which said user is prepared to establish is September 30, 1954.

Re: Permit No. G-25188

Mr. James W. J. Evans
Box 332
Malad, Idaho

Dear Mr. Evans:

We wish to call your attention to our letter of January 10, 1956, in which we stated that before proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. Forms for notice of publication were enclosed and up to date these forms have not been received in this office.

Since completion of work and beneficial use proof is not due until October 4, 1956, we thought possibly you were going to take more time in making proof on the above captioned Permit.

Will you please favor us with an answer to this letter and let us know what you are going to do about making the proofs on Permit No. G-25188.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-25188

Mr. James W. J. Evans
Box 332
Malad, Idaho

Dear Mr. Evans:

We have your letter of January 5, 1956, stating that you are prepared to make proofs of Completion of Works and Beneficial Use on your Permit No. G-25188.

Before these proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the notary public before whom the proofs are to be made.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two disinterested witnesses in making these proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
JAN 6 1956
Department of Reclamation

Dear Mr. Kulp:

In September 1954 I made an application to dig a well 55 feet deep with a four inch discharge pipe. The well was completed in 1954 and I have used the water from the well to water horses, cattle and sheep, also to water corn and beets and alfalfa in the 1955. I have also used the water from the well for house hold use.

I would like to complete the final papers now. This should have been done in 1955.

Would you please forward the necessary forms for final prof.

Malad, Idaho

ATTENTION: Mr. E. L. Scott

Dear Mr. Scott:

We enclose Permit No. G-25188 in the name of James W. J. Evans together with departmental receipt No. G-801 for the \$5.00 filing fee.

Although the application states that only one year will be required for the completion of works and beneficial use, you will note that we have allowed two years, but the proofs can be made at any earlier date that the applicant is prepared to make them.

Very truly yours,
