CONDITIONS OF APPROVAL AND REMARKS

1. Use of water under these rights may be affected by an agreement between the protestant and the right holder.
2. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
3. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
4. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
- * 5. The total instantaneous diversion of water from all points of diversion under Transfer 5276 shall not exceed 28.50 cfs.
- ** 6. Right 15-02023 is limited to the irrigation of 3215.0 acres in the place of use described above in a single irrigation season.
- ** 7. Right 15-02024 is limited to the irrigation of 3215.0 acres in the place of use described above in a single irrigation season.
- ** 8. Right 15-02025 is limited to the irrigation of 6735.0 acres in the place of use described above in a single irrigation season.
- ** 9. Rights 15-02023 and 15-02024 when combined shall not exceed the irrigation of 3,215 acres, and when combined with Right 15-02025 shall not exceed the irrigation of 6,735 total acres.
- ** 10. The right holder shall cease irrigation of 10 acres previously authorized under this right, and consolidate use of water on the remaining 7,110 acres.
11. Approval of Transfer 5276 does not grant any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.

Department of Water Administration
WATER RIGHT LICENSE

License of Water Right No. 19071/15-2024 Priority August 28, 1940 Amount 3.5 cfs

THIS IS TO CERTIFY, that Samaria Water & Irrigation Company
of Samaria, Idaho, has complied with the terms and conditions of Permit
No. 19071/15-2024 issued pursuant to Application for Permit dated August 27, 1940,
and has submitted proof to the Department of Water Administration on November 5, 1951,
(late proof)
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 3.5 cfs of water from Warm Springs,
tributary to Big Malad River, and that the permit holder has applied to a beneficial use &
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u> from <u>April 1</u> to <u>Nov. 1</u> at <u>3.5</u> cfs and <u>1,483</u> acre feet			
from to at cfs and			
from to at cfs and			

(both dates inclusive)

Subject, however, to the condition that no more than 3.5 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
* 1,483 acre feet per year, said waters to be diverted within the NE¹NE¹ of Sec. 3,
Twp. 15 S, Rge. 35 E, B.M. in the County of Oneida

Description and location of place of use:

Twp.	Range	Sec.	NE ¹ / ₄				NW ¹ / ₄				SW ¹ / ₄				SE ¹ / ₄				Totals

See	Land	List	Attachment																

Total number of acres irrigated _____

* Subject to the condition that the maximum volume per year shall not exceed
3.5 acre feet per acre when combined with all other rights with the same
purpose and place of use.

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 14 day of
May, 19 74.

Director

REMARKS (Continued) Early historical record of Samaria, Idaho, shows; that the waters of the Warm Springs in NE¼NE¼ Sec. 3, Tp. 15 S., R. 35 E., B.M., Oneida County, Idaho, was diverted in a Canal built in 1869 diverting the waters of Warm Springs to the lands and farms between this spring and the town of Samaria, and this record also shows the names of the early settlers who built this canal and used the waters from these springs on their farms located South and to Samaria from said springs, and used each other time and means to build said canal and to protect each others rights. At this time this spring was known as the John Thorpe Spring, but since that time it is known as the Warm Springs.

AFFIDAVIT OF PERMISSION TO FILE ON SPRINGS.

I, Effie Evans Pilgrim, of Malad, Idaho, R. F. D. # 1, County of Oneida, State of Idaho, do hereby certify that I am the owner or lessee of the land on which the spring mentioned in the application of Samaria Water & Irrigation Co. is located, to-wit: NE¼NE¼ Section 3, 15 S., 35 E., B.M., and that I do hereby grant unto the said Samaria Water & Irrigation Co. permission to file on the said spring as set forth in the foregoing application.

EFFIE EVANS PILGRIM

State of Idaho)
County of Oneida) ss.

On this 26 day of August, 1940, before me, a Notary Public for the State of Idaho, residing at Malad, Idaho, personally appeared Effie Evans Pilgrim, known to me to be the person whose name is subscribed to the foregoing certificate, and acknowledged to me that she executed the same.

Witness my hand and seal the day and year in this certificate first above written.

Edward Woodley,
Notary Public.

(Seal) My commission expires November 10, 1940.

PERMIT NO. 19071
CERTIFICATE OF COMPLETION OF WORKS

To All Whom it May Concern:

This is to certify that SAMARIA WATER & IRRIGATION COMPANY, of Samaria, County of Oneida, and State of Idaho, the holder of Permit No. 19071, issued upon Application No. 26471, bearing date of priority of August 27, 1940, authorizing the diversion of 3.5 second feet of the waters of Warm Springs, tributary to Big Malad River in County of Oneida, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 3.5 second feet of the waters of said Warm Springs; that the point of diversion of said waters is at the spring, about 660 feet Southeasterly from the Northwest corner of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 3, Township 15 South, Range 35 East, B.M., and in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of said section; and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: 3215 acres in Sections 2, 3, 10, 11, 12, 13, 14, 23, 24, & 25, Township 15 South, Range 35 East, B.M., as described more particularly in said Permit No. 19071.

Witness my hand this 17th day of November, A. D. 1945.

MARK R. KULP

TO: Files 15-02023/02024/02025/02074 & 02075

FROM: Pam Skaggs²⁸/State Office

SUBJECT: Transfer 5233

DATE: October 23, 1998

Transfer 5233 changes the place of use under Rights 15-02023/02024/02025/02074 and 02075. The applicant is changing the place of use under the combined right system to include new land for a shareholder. The transfer also identifies the 7120.0 acre common place of use for these rights, and clarifies sources and uses.

Season of use for irrigation and irrigation from storage, and diversion volume were adjusted to current standards. Source and tributary names were corrected to match the names as identified on the USGS map.

Recommended conditions include irrigation overlap, permissible place of use limits for the non-storage rights, combined right limits, right-of-way and standard transfer conditions.

Gentlemen:

We are taking this opportunity to advise you that this office is currently in the process of clearing the Department's files of all old permits on which the statutory requirements have not been completed.

In reviewing our records, we find that the licensing fees have not been paid in connection with the above referenced permits. Therefore, upon receipt of licensing fees in the amount of \$224.60, the Department is prepared to issue water right licenses on the above numbered permits as follows:

Permit 18948/15-2023

Quantity: 3.0 cfs Source: Warm Springs
Point of diversion: NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 3, Twp. 15 S, Rge. 35 E, B. M.
Beneficial use: Irrigation of 3,215 acres (see enclosed land list)
Priority date established: March 1, 1940

Permit 19071/15-2024

Quantity: 3.5 cfs Source: Warm Springs
Point of diversion: NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 3, Twp. 15 S, Rge. 35 E, B. M.
Beneficial use: Irrigation of 3,215 acres (see enclosed land list)
Priority date established: August 28, 1940

15-2024

Permitt 19072/15-2025

Quantity: 22.0 cfs

Source: Big Malad River

Point of diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 22, Twp. 14 S, Rge. 35 E, B.M.

Beneficial use: Irrigation of 6,735 acres (see enclosed land list)

Priority date established: Sept. 6, 1940

Permit R-637/15-2074

Quantity: 500 acre feet

Source: Big Malad River

Point of diversion: SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 22, Twp. 14 S, Rge. 35 E, B.M.

Beneficial use: Storage for irrigation of 4,410 acres (see enclosed land list)

Priority date established: Sept. 27, 1937

The licensing fee is based on \$2.00 for each 40-acre legal subdivision. We found 197 subdivisions, however, 89 of these subdivisions were covered by the fee paid under License No. R-791/15-2075. Also, under Permit 19072/15-2074 there is a \$8.60 completion of works fee due at the rate of \$5.00 for the first 10 second feet and 30¢ for each additional second foot.

Please submit the required \$224.60 licensing fee within 30 days of the date of this letter in order that we may issue the licenses as set forth herein. If the fee is not received within the 30-day period, the Department will proceed to cancell these permits.

If you should have any questions regarding this matter, please do not hesitate to contact us.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

RE: Permits Nos. 18948 and 19071

Mr. William M. Jones, Secretary
Samaris Water and Irrigation Company
Route 1
Maled, Idaho

Dear Mr. Jones:

We now have on file the reports of our field engineer on examination for beneficial use under the above numbered permits to appropriate water from Warm Springs, tributary to Big Maled River. Licenses can be issued for 3 second feet under Permit No. 18948, and 3.5 second feet under Permit No. 19071, for use on the land within the boundaries of your company in Sections 2, 3, 10, 11, 12, 13, 14, 23, 24, and 25, Township 15 South, Range 35 East, B.M. These lands are located in 96, 40 acre subdivisions and the statutory fees in connection with final proofs amount to \$192.00, which is at the rate of \$2.00 for each legal subdivision in which the land is located.

However, the records in this department show that the statutory fees in connection with proof of completion of works and beneficial use under Permit No. 19072 for some 6,735 acres of land in 184 legal subdivisions, amounting to \$378.60, about which we wrote you on March 24, 1943, have not been paid. Since the lands described in Permits Nos. 19071 and 18948 are part of the same land included in Permit No. 19072, if this fee is paid, there will be no additional inspection fees required on these permits nor on Permits Nos. R-791 and R-923, when the proofs are made on the latter numbered permits, if supplementary to the existing rights acquired under Permit No. 19072.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 19071

Examination for Beneficial use

County Oneida

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 19071

Mr. William M. Jones, Secretary
Samaris Water and Irrigation Company
Route 1
Milled, Idaho

Dear Mr. Jones:

We acknowledge receipt of your letter of November 16, 1951, enclosing affidavit of publication in the Idaho Enterprise which completes the proof of beneficial use under Permit No. 19071.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:30 A. M. on the 5th day of November, 1951, at Malad, County of Oneida, State of Idaho, before Probate Judge Bill Fallis, proof will be submitted of the application to beneficial use of 3.5 cubic feet per second of the waters of Warm Springs in accordance with the terms and conditions of Permit No. 19071 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Samaria Water and Irrigation Co., Samaria, Idaho.

The use to which said water has been applied is Irrigation and Domestic Purposes.

The amount applied to beneficial use is 3.5 cubic ft. per second.

The place where said water is used - 3215 acres in Sections 2, 3, 10, 11, 12, 13, 14, 23, 24, 25, Twp. 15 South, Range 35 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Warm Springs Canal or Lower Ditch.

The right to take water from such works is based upon Permit No. 19071.

The source of supply from which such water is diverted is Warm Springs, tributary to Big Malad River.

The date of priority which said user is prepared to establish is August 27, 1940.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19071

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. ~~Samaria Water and Irrigation Company, Samaria, Idaho~~

William M. Jones is the Secretary and treasurer of the Company.

~~My Address is Rt. #1, Malad City, Idaho. I am a farmer.~~

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ~~Samaria Water and Irrigation Company, Samaria, Idaho, William M. Jones, Secretary and Treasurer of the said company.~~

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. ~~March 12, 1924, No. of Permit 19071~~

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. ~~Warm Springs which is a tributary of the Big Malad River. The location of the point of diversion is at the spring about 660 ft. Southeastly NW corner NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 3, Tp. 15 S., R. 35 E., B.M. and is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 3, Tp. 15 S., R. 35 E., B.M. County of Oneida.~~

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. ~~Earth dam with headgate, and canal, height of dam 10 ft., length of dam at top 60 ft., length of dam at bottom 45 ft., material used Earth with Rock rip-rap work on front of dam diverting the water. The canal width at bottom 12 ft., width of at water line 15 ft., Depth of water 2 ft. Length of canal about 5 miles. Average grade per mile 3 ft. The works are adequate for the diverting and conveying to the place of use 3.5 second feet.~~

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~Water is to be used for Irrigation and domestic purposes. The water is to be used on the following described land, to-wit: 3215 acres in sections 2, 3, 10, 11, 12, 13, 14, 23, 24 and 25, Tp. 15 South, Range 35 E., B.M. These are ~~xxx~~ cultivated lands. Many farms and homes have been developed because of the use that this water has been put too.~~

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Water is being used for irrigation and domestic use

Ques. 8. What is the minimum amount of water required for the purpose specified above?
of water

Ans. Two acre feet/per acre of land

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the Secretary and Treasurer of the Samaria Water and Irrigation Company, the holder of permit no. 19071.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water is used on the crop land which is described as follows, to-wit: 3215 acres in sections 2, 3, 10, 12, 13, 14, 23, 24, and 25, Tp. S. R. 35 East, Boise Meridian.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. We bring the waters from the Big Malad Springs and reservoirs.

(Sign)

Samaria Water & Irrigation Co.
William M. Jones Sec.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Malad City, County of Oneida, State of Idaho, on this 5th day of November, A. Ans. William M. Price, Malad City, Laborer, Malad City, Idaho

Ques. 2. Are you acquainted with Samaria Water and Irrigation Company, the holder of Permit No. 19071? How long have you known him and where does he reside?

Ans. Yes, I have been acquainted with the Company for 55 years. The home office of the Samaria Water and Irrigation Company and its address is Samaria, Idaho.

Ques. 3. Have you read or heard read said Permit No. 19071, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Warm Springs. At the Spring about 660 ft. Southeastly NW. corner NE $\frac{1}{4}$ NE $\frac{1}{4}$ of section 3, Tp 15 S. R. 35 E, B.M., and is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of section 3, Tp. 15 S. R. 35 E, B.M., County of Oneida. Earth Dam with headgate, and canal. Height of dam 10 ft; length of the dam at the top is 60 feet, length of the dam at the bottom is 45 feet. material used in in dam Earth with rock rip-rap on front of dam diverting the water Size of headgate width 8 ft. Height 3 $\frac{1}{2}$ ft. Canal width at bottom 12 feet; width at water line 15 ft; depth of water 3 ft. Length of canal about 5 miles

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

The works will convey 3.5 second feet of the waters of the warm springs can be

Ans. About 7 or 8 streams of water can safely flow conduct to the place of use. I have seen 7 or 8 streams of water safely conducted to the place of use.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. No pumps are used.

19071

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is to be used for irrigation and domestic use. Lands that the water will be used on are 3215 in sections 2, 3, 10, 11, 12, 13, 14, 23, 24 and 25, Tp. 15 South, Range 35 East, B. M. There are many fine farms and homes that are the direct cause of the use of this water. It is being used on cultivated lands.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. No, It is not being used for power.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of land is sandy loam and a clay loam. Wheat, sugar beets, and alfalfa hay.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I was the water master for the Company and I witnessed the distribution of the water and the growth the crops that were produced from the land on which the water was used.

(Signed) *William M. Fice*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing; that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Malad City, County of Oneida, State of Idaho, on this 5th day of October, A. D. 1951.

RE: Permit No. 19071

Mr. William M. Jones, Secretary
Sawyer Water and Irrigation Company
Route 1
Malad, Idaho

Dear Mr. Jones:

We are in receipt of notice for proof of beneficial use on Permit No. 19071, to be made on November 21, 1951, with the priority date of August 27, 1940.

This proof is due on or before November 4, 1951, and if it is not made until November 21, the priority date will have to be that much later, or September 17, 1940.

We are writing you now, because there is still time to set the date on November 3 or 5 which would still give you the August 27, 1940 priority.

Possibly this few days difference is not important, but we will not send the notice to the newspaper until we hear from you further.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
.....Idaho Enterprise..... of Malad, Idaho..... published in
the county in which the works are situated.

Samarina Water and Irrigation Co.
by Sec.

William M. Jones

Malad, Idaho R. #1 Box #100

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

19071

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:30 A. M. on the 21st day of November, 1951,
at Malad, County of Oneida, State of Idaho, before
Probate Judge Bill Fallis, proof will be submitted of the
application to beneficial use of 3.5 cubic feet per second of the waters of Warm Springs
in accordance with the terms and conditions of Permit No. 19071
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Samaria Water and Irrigation Company, Samaria, Idaho.

The use to which said water has been applied is Irrigation and Domestic

The amount applied to beneficial use is --3.5 cubic ft. per second.

The place where said water is used (for irrigation give full and accurate description of the lands irrigated)

3215 acres in
Twp. 15 S, Range 35 E, Sections 2, 3, 10, 11, 12, 13, 14,

23, 24, 25; Twp. 15 South, Range 35 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

Warm Springs Canal or Lower Ditch.

The right to take water from such works is based upon Permit No. 19071

The source of supply from which such water is diverted is Warm Springs, tributary to Big Malad
River.

The date of priority which said user is prepared to establish is Date of Permit Aug. 27, 1940.

Or ~~corrected application which is Oct. 29, 1940~~

MARK R. KULP

State Reclamation Engineer.

DEPARTMENT OF RECLAMATION

Boise, Idaho

September 1, 1951

Samaria Water & Irrigation Co.
C/o Wm. M. Jones, Secretary
Malad, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 19071. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than November 4, 1951, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

Re: Permit No. 19071

Mr. Wm. M. Jones, Secretary-Treasurer,
Samaria Water & Irrigation Co.
Route 1, Malad, Idaho

Dear Mr. Jones:

We acknowledge receipt of your letter of November 3rd, enclosing affidavit in proof of completion of works under Permit No. 19072, this being in response to form letter sent you on September 4th, advising that proof of completion of works was due on Permit No. 19071 on or before November 4, 1945.

We are returning the affidavit tendered in connection with Permit No. 19072, covering water from Big Malad River, as the records in this Department show that proof of completion of works and also of beneficial use under this permit were made on May 14, 1941; also that under date of March 24, 1943, office letter was sent you advising that the report of our Field Engineer's examination had been received; and that upon receipt of the statutory fee of \$8.60 Certificate of completion of works would be issued for 22 cubic feet per second; and the fee of \$368.00 was required for issuing the license, being at the rate of \$2.00 for each 40-acre subdivision on which the land is situated.

Permit No. 19071 is for 3.5 second feet of water from Warm Springs tributary to Big Malad River; and we enclose another form of affidavit for your use in making proof of completion of works under this permit.

This proof was due on or before November 4, 1945, and must be made not later than November 14th, which is the ten days' grace allowed under Section 41-208, Idaho Code Annotated.

With your permission, we shall hold to your credit your check for \$5.00, to pay the statutory fee in connection with the proof to be made under Permit No. 19071.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Samaria Water & Irrigation Co.
O/o C. E. Thomas
Samaria, Idaho

Boise, Idaho **Sept. 4, 1945**

Dear Sir:-

Under the terms of your permit No. 19071-----you are required to complete your diversion works on or before November 4, 1945. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
