Ans. Yes, I have known Mrs. Henry C. Brown for 27 years; She resides in
Pleasant View, Idaho, with mail address of RFD # 1, Malad City, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18218, and are you familiar with its provisions and conditions?

Ans. Yes, I have read the same and know its contents.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is secured from four artesian wells located in Lot 1 (NE $\frac{1}{4}$ NE $\frac{1}{4}$) of Sec. 2,
Twp. 15 S. Range 35 East of the Boise Meridian and diversion is from said wells
through ditches to various parts of the above described tract and to SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 2,
above Twp. and Range.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. The water from said wells has been measured as 1.2 cubic feet per second. The
distribution ditches will take care of more than the water supplied from wells.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Waldamere Camp; age 29; residence Pleasant View, Idaho; present temporary address, Malad, Idaho; occupation, laborer.
Permanent address, RFD# 1, Malad, Idaho.

Ques. 2. Are you acquainted with Mrs. Henry C. Brown, the holder of Permit No. 18218? How long have you known him and where does he reside?

Ans. Yes, I have known Mrs. Brown all my life. She resides at Pleasant View, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18218, and are you familiar with its provisions and conditions?

Ans. I have read said permit and am acquainted with the contents thereof.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is supplied from four artesian wells in Lot 1 of Sec. 2, Twp. 15 S. Range 35 East of the Boise Meridian, Water is diverted from location of said wells to various parts of land watered by use of ditches all on said described land.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

I have seen all water from said wells conveyed through ditches for distribution.

Ans. Water has been measured as 1.2 cubic feet per second. The ditches constructed for diversion are more than sufficient for all water from wells.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 23, 1937, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Malad, Idaho before James B. Jones, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. E. FARIS

Commissioner of Reclamation.

Henry C. Brown
Mald, Idaho

Dear Sir:—

I enclose herewith blank notice of proof of application of water to beneficial use under your permit No.**18218**....., which should be filled out and returned to this office at least 60 days before the date upon which you wish to make proof. The date for proof, as set out in your permit, is **Dec. 15, 1937**, and, if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Henry C. Brown
Malad, Idaho

Boise, Idaho, **October 8, 1937**

Dear Sir:—

Under the terms of your permit No. 18218 you are required to complete your diversion works on or before Dec. 23, 1937. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

Re: Permit 18218.

Mrs. Henry C. Brown
Malad, Idaho

Dear Madam:

This will acknowledge receipt of notice in duplicate for publication in connection with beneficial use proof, and also your authorization to have the notice published in the Idaho Enterprise, Malad, Idaho, all in connection with Permit No. 18218.

A copy of the notice has been mailed to the newspaper with instructions to publish it once a week for four consecutive weeks prior to December 23, 1937. About ten days prior to this date depositions consisting of one for the holder and one each for two witnesses will be mailed to James B. Jones, Notary Public, Malad, Idaho, so that he will have them in ample time for the proof.

On the date designated you should appear at Mr. Jones' office with two disinterested witnesses who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

Deputy Commissioner of Reclamation

R.F.D. No. 1
Malad City, Idaho

Dear Madam:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since the department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office, you will be further notified as to fees due before the issuance of your license.

Very truly yours,

R. W. FARIS
