Dear Mr. Williams:

We have received no reply to office letters addressed you on March 1, April 26, and June 7, 1946, in regard to permit No. 13217, on our records in the name of Dan E. Jones, but which you advised us you have acquired through Sheriff's deed.

For that reason, we are returning herewith your check for \$32.00, tendered in payment of the statutory fee required in connection with beneficial use proof in order to obtain a license and certificate of water right.

If you wish to have the license issued in the name of the record holder, Dan E. Jones, or if you submit evidence of ownership, as outlined in these several office letters, you may again remit the fee, and specify which course you wish to pursue, and license will be issued accordingly.

Dear Mr. Williams:

We again remind you that we have had no reply to office letters addressed you in regard to the above numbered permit, which is on the records of this department in the name of Dan E. Jones, but which your letter of February 25th advised us that you had acquired through sheriff's deed.

If the license is to be issued in your name, it is necessary that the transfer of title be recorded in this Department, either by sending for record the Sheriff's Deed itself, which will be returned to you- or a certified copy thereof,- or an affidavit from the abstract company showing the transfer and present ownership. The fee for recording this is fifty cents.

In the absence of such a record, the license would have to be issued in the name of the original owner, Dan E. Jones.

Dear Mr. Williams:

We acknowledge receipt of your letter of February 25th, enclosing your check for \$32.00 to pay the license fee on Permit No. 13217, covering four (4) cubic feet per second of water from Big Malad River.

Since the record holder of this permit is Dan E. Jones, in order to have the license issued in your own name it will be necessary to submit, for record, evidence of the present ownership.

This can be done by furnishing this Department with a certified copy of the Sheriff's Deed (or the deed itself, which will be returned to you after recording), or an affidavit from the abstract company to the effect that you purchased this property at Sheriff's sale, and are the present owner thereof, giving a description of the property.

There is a small fee of fifty cents for recording same in this department.

Mr. S. D. Davis,

Dear Sir:--

In checking the affidavit of holder for proof of completion of works under above permit I note two discrepancies. In the location of point of diversion No. 2 the description should read "in said Sec. 35" not "2". In the description of the lands NE $\frac{1}{4}$ should be NW $\frac{1}{4}$, as pencil marked. I am therefore returning the affidavit, with check for fees, for correction as shown above.

Dan E. Jones,

Boise, Idaho, **Jan. 8, 1913.**

Dear Sir:—

Under the terms of your Permit No.-----**13217**-----, you are required to complete your diversion works on or before---**April 13, 1913**---. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
