STATE OF IDAHO

Water License No. 10988

WHEREAS, On the 11th day of January, A. D. 1915,
Charles E. Thomas,
of Malad, County of Oneida, State of Idaho, duly made application
(No. 16025) to me for a permit to use 1/2 of 1 cubic foot per second of the waters of
Stump Canyon Springs,

County of Oneida, State of Idaho, for domestic purposes, and,

WHEREAS, On the 13th day of February, A. D. 1915, Permit No. 10988 was issued
to said applicant for the diversion of said water and providing for the completion of the works of diversion
therein described on or before the 13th day of August, A. D. 1915, and for the application to ben-
eficial use of said water on or before the 13th day of August, A. D. 1915, and,

WHEREAS, On the 21st day of August, A. D. 1915,
Charles E. Thomas
the holder of said permit, duly made proof of the completion of adequate works for the diversion of
2/10 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 10988
dated September 10, 1915, confirming the completion of works of sufficient capacity for diverting and
conveying to the place of intended use 2/10 of one cubic foot per second of the said waters,
with date of priority of January 11, 1915, and

WHEREAS, On the 14th day of August, A. D. 1915,
Charles E. Thomas
the holder of said permit, duly made proof of the application to beneficial use of 2/10 of one cubic
foot per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I
hereby grant and confirm to Charles E. Thomas,

of Malad, County of Oneida, State of Idaho, the holder and owner
of said Permit No. 10988, a perpetual right, dating from January 11, 1915,
to the use of 2/10th of 1 cubic foot per second of the waters of Stump Canyon Springs,

in the County of Oneida and State of Idaho, or so much thereof as may be necessary for the
purposes hereinbelow mentioned, to be diverted at a point in the SW 1/4 of NE 1/4 of Section 14,
T. 14 S., R. 34 E.B.M.

and conducted to and upon the SW 1/4 of NE 1/4, Sec. 14, T. 14 S., R. 34 E.B.M.

for the purpose of Watering stock, subject, however, to the laws of the
State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local
or community customs, rules and regulations which have been or may be adopted from time to time by
a majority of the users from a common source of supply, canal or lateral from which such water may
be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 25th day of September,
A. D. nineteen hundred and Fifteen.

J. H. SMITH.

(Seal)

State Engineer:

No. 16025.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Charles E. Thomas

Postoffice address: R. F. D. #1 - Malad

County: Oneida

State: Idaho.

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(c) The amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is 0.5 cubic feet per second.

3. Source of water supply: Springs and seepage springs, known as "Stump Canyon Springs"

4. Location of point of diversion: SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 14, Township 14 South of Range 34 E. of Boise Meridian.

County of Oneida

5. To be used for: Watering stock in the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Sec. 14 T. 14 S. R. 34 E. B. M.

I. Irrigation and domestic use: (a) Amount of land to be irrigated:

acres.

(b) In the following legal subdivisions:

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under

ft. head

(c) Is water to be returned to any stream?
return:

(d) If so, name stream and locate point of

6. Estimated cost of works: \$500.00

7. Description of works for diversion:

I. Kind of works:

II. Dimensions of works:

(a) Height of dam

feet, length of dam at top

feet,

length of dam at bottom

feet. Material used in construction:

(b) Capacity of reservoir

acre feet.

(c) Size of headgate, width

feet,

Height

feet.

(d) Conduit

width at bottom

feet,

width at water line

feet, depth of water

feet; diameter of pipe

inches; average grade per mile is

feet. Length of conduit is

miles,

and it crosses the following quarter sections:

8. The time required for the completion of the construction of such work is

years.

9. Time required for the complete application of the water to the proposed use is
additional years.BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters
of the State of Idaho as herein set forth.Charles E. Thomas,
Applicant.

By

Agent.

Date of first receipt at office of State Engineer 4.10 p.m. January 11, 1915.
 Returned to applicant for correction January 12, 1915.
 Corrected application received January 23, 1915.

APPROVAL OF STATE ENGINEER

The number of this permit is 10988
 Recorded in Book 37 Page 10988 Approved February 13, 1915.
 This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.
 Bond in the sum of to be filed on or before
 Work to begin on or before April 12, 1915 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
 One-fifth of the work above specified to be completed on or before May 13, 1915.
 The whole of said work to be completed on or before August 13, 1915.
 Beneficial use of water appropriated in accordance herewith, to be made on or before August 13, 1915.

Witness my hand this 13th day of February, 1915.

Herbert Wing,
 Acting State Engineer.

Remarks:

This water supply is very limited, it practically dries up in July. I desire to improve and increase the supply, and trough the same for a watering place for cattle throughout the summer months, as this is almost the only water available on the east side of the Range. The spring is located near the summit of the range, isolated from all settled land, and the water could never be used for irrigation.

In order to increase the present supply, I intend to dig a trench at the head of said springs to afford a draw for same, also to fence the head of spring to prevent cattle trampling and checking the water. Furthermore, to build a dam about 200 ft. below head of spring to store water from running off during early spring when not all consumed.

The above mentioned spring is upon Government land.

Proof of Completion of works made August 21, 1915.
 Certificate of Completion of works issued Sept. 10th, 1915.

Permit No. 10988.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that Charles E. Thomas of Malad, County of Oneida, and State of Idaho, the holder of Permit No. 10988, issued upon Application No. 16025, bearing date of priority of January 11, 1915, authorizing the diversion of .5 of 1 second foot of the waters of Stump Canyon Springs, County of Oneida, State of Idaho, for domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use .2 of 1 second-foot of the waters of Stump Canyon Springs; that the point of diversion of said waters is in the SW4 of NE4, Sec. 14, T. 14 S., R. 34 E.B.M. and that the place of use of said water is the SW4 of NE4 of Sec. 14, T. 14 S., R. 34 E.B.M., to be used for watering stock.

Witness my hand this 10th day of September, A.D. 1915.

Permit No. 10988

Proof of Application of Water to Beneficial Use/ 11D

DEPOSITION OF WITNESS

AUG 2 1915

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. T. M. HURMES, 38, Malad RFD#1, Farmer, Oneida County, Idaho.

Ques. 2. Are you acquainted with Charles E. Thomas, the holder of Permit No. 10988? How long have you known him and where does he reside?

Ans. 15 years: Resides at Malad RFD#1, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10988, and are you familiar with its provisions and conditions?

Ans. Yes Sir.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Stump Canyon Springs: SW 1/4 NE 1/4 Sec. 14 Tp 14 S. R. 34 E. B. M.
Dam constructed, into which flows the waters thru trenches made into the side hill.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2 tenths second feet and have seen this amount flow therefrom.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Watering stock at the SW 1/4 NE 1/4 Sec. 14 Tp 14 S. R. 34 E. B. M.,

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Permit 10988.

Mr. Charles E. Thomas,
R.F.D.#1, Malad, Idaho.

Sir:--

We are today in receipt of depositions, affidavit of publication and check for fees in the sum of \$2.00, for proof of beneficial use of water under above permit. In looking over the depositions I note that your examining engineer, Mr. E. A. Blasdell, has acted as a witness also. This could not be accepted as one party could not act in both capacities. It will, therefore be necessary for you to obtain the deposition of some one else in lieu of the said deposition.

Where the permit holder is required to pay the expense of the examining engineer, no additional fees are charged by this office on final proof. I am, therefore, returning you the check for \$2.00.

As soon as the deposition of some one else has been obtained and sent to us, the matter of issuing the license will be taken up.

Very truly yours,

J. H. SMITH,

State Engineer.

AFFIDAVIT OF PUBLICATION

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that at 2 A. M. on the 14th day of August, 1915, at Malad, County of Oneida, State of Idaho, before Jenkin Jones, proof will be submitted of the application to beneficial use of one half of one cubic foot per second of the waters of Stump Canyon Springs, in accordance with the terms and conditions of permit No. 10988 heretofore issued by the State engineer of the State of Idaho.

1. The name and address of the person or corporation holding said permit are Chas. E. Thomas, Malad, Idaho.

2. The use to which said water has been applied is watering live stock.

3. The amount applied to beneficial use is 0.2 Cu. Ft. per second.

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) SW1-4 of the NE1-4 of Section 14, Township 14 South, Range 34 East, Boise Meridian.

5. The name of the canal, ditch, or other works by which said water is conducted to such place of use is Stump Canyon Cuts.

6. The right to take the water from such works is based upon permit No. 10988.

7. The source of supply from which such water is diverted is the Stump Canyon Springs.

8. The date of the priority which the said user is prepared to establish is January 11, 1915.

Permit No. 10988

Proof of Application of Water to Beneficial Use**DEPOSITION OF WITNESS**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lafayette Larson, 36, Malad RFD #1, Farmer, Oneida Co., Idaho

Ques. 2. Are you acquainted with Charles E. Thomas, the holder of Permit No. 10988? How long have you known him and where does he reside?

Ans. 15 years; Malad RFD #1, Oneida County, Idaho

Ques. 3. Have you read or heard read said Permit No. 10988, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Stump Canyon Springs; SW 1/4 NE 1/4 Sec. 14 Tp. 14 S. R. 34 E. B. M.; constructed trenches about 60 to 70 feet long into side of hill and built a dam, trenches and dam fenced so that cattle cannot tramp the same.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 2 tenths second feet. have seen in running there.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Just for watering stock. On the SW 1/4 NE 1/4 Sec. 14 Tp. 14 S. R. 34 E. B. M.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

10988

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way

and to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to

beneficial use of water diverted under said permit.

Ans. Before claimant performed development work on Springs there

was very little to them, but since the trenches have been constructed about 2 tenths second feet of water flowed to the dam. Cattle have used the same but the Spring is now dry.

PERMIT No. 10988

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Charles E. Thomas, 33, Malad RD#1, Farmer, Oneida Co., Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not acting for corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 10988, June 8th 1915.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Springs and seepage springs known as "Stump Canyon Springs" SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 14 Twp. 14 South Range 34 East of Boise Meridian. County of Oneida State of Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Dug trenches into side of hill for a distance of 75 feet; built a dam 3 feet high; trenches and dam fenced to keep cattle from tramping same. Trenches are capable of carrying .2 -second feet of water. known as "Stump Canyon Springs".

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water stock in the southwest quarter of the northeast quarter of Section 14 Township 14 South of Range 34 East of the Boise Meridian. Dam is used as sort of trough with fence surrounding same. Cattle can drink from this dam, but do not tramp in the water.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. From April 15th 1915, for stock watering, used continually until July 25th 1915 when Springs went dry.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans.

INSTRUCTIONS
PROOF OF BENEFICIAL USE

Chas. E. Thomas,
c/o Jenkin Jones, County Clerk,
Dear Sir: **Malad, Idaho.**

BOISE, IDAHO, **July 28, 1915.**

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **10988.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On **August 14th**, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Malad, before Jenkin Jones, County Clerk.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J. H. SMITH, ~~F. P. KING~~

State Engineer.

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 2 a.m. on the Fourteenth day of August, 1915,
 at Malad Idaho, County of Oneida, State of Idaho,
 before Jerkin Jones (County Clerk), proof will be submitted
 of the application to beneficial use of One Half cubic feet per second of the waters of
Stump Canyon Springs in accordance with the terms and conditions of Permit No. 10988
 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are

Charles C. Thomas Malad Ida R. 9 10#1

2. The use to which said water has been applied is

Watering Live Stock

3. The amount applied to beneficial use is

0.5 Cubic feet per Second

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated)

S.W. 1/4 of the N.E. 1/4 of Sec 14 T. 14 S. - R. 34 E. B.M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is

STUMP CANYON CUTS

6. The right to take the water from such works is based upon Permit No. 10988

7. The source of supply from which such water is diverted is

~~S.W. 1/4 of the N.E. 1/4 of Sec 14 T. 14 S. - R. 34 E. B.M.~~ Stump Canyon Springs

8. The date of the priority which said user is prepared to establish is

January 11 - 1913

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Charles R. Thomas,
R. F. D. #1, Malad, Idaho.
Dear Sir:

Boise, Idaho, June 8, 1915.

Under the terms of your permit No. ~~10988~~ you are required to complete your diversion works on or before ~~Aug. 13, 1915.~~ I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith

State Engineer.

STATE ENGINEER

Charles R. Thomas
Mald, Idaho.

June 8, 1915.

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your permit No. ~~10988~~ which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and the date it is submitted.

Yours truly,

J. E. Smith

State Engineer.
