STATE OF IDAHO
Water License No. 10152

District 71

WHEREAS, On the 24th day of April, A. D. 1914, Nathan J. Bullock

of Arbon, County of Power, State of Idaho, duly made application (No. 15083) to me for a permit to use 1/2 of 1 cubic foot per second of the waters of unnamed springs in Eagle Pass Canyon, in Water District No. 71, County of Power, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 22nd day of May, A. D. 1914, Permit No. 10152 was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 22nd day of May, A. D. 1916, and for the application to beneficial use of said water on or before the 22nd day of May, A. D. 1916, and,

WHEREAS, On the 19th day of April, A. D. 1916, Nathan J. Bullock

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 1/2 of 1 of cubic feet per second of said waters, as evidenced by my Certificate No. 10152, dated June 10, 1916, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 1/2 of 1 cubic foot per second of said water, with date of priority of April 24, 1914, and

WHEREAS, On the 19th day of April, A. D. 1916, Nathan J. Bullock,

the holder of said permit, duly made proof of the application to beneficial use of 1/2 of 1 cubic feet per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to

Nathan J. Bullock

of Arbon, County of Power, State of Idaho, the holder and owner of said Permit No. 10152, a perpetual right, dating from April 24, 1912, to the use of 1/2 of 1 cubic foot per second of the waters of unnamed springs in Eagle Pass Canyon,

in the County of Power and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted as follows: No. 1 in NW 1/4 of NW 1/4, Sec. 23; Nos. 2 & 3, in SE 1/4 of NE 1/4, Sec. 22, all in T. 10 S., R. 34 E., B.M.,

and conducted to and upon 40 acres of land in the NW 1/4 of SW 1/4, of Sec. 16, T. 10 S., R. 34 E., B.M.,

for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 10th day of June, A. D. nineteen hundred and sixteen.

J. H. Smith,

(Seal)

State Engineer:

No. 15083

Agent.

Date of first receipt at office of State Engineer J. 00 A. M. April 24, 1914.

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 10152

Recorded in Book 34 Page 10152 Approved May 22, 1914.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before July 21, 1914 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before May 22, 1915.

The whole of said work to be completed on or before May 22, 1916.

Beneficial use of water appropriated in accordance herewith, to be made on or before May 22, 1916.

Witness my hand this 22nd day of May, 1914.

F. P. KING,

State Engineer.

Remarks: The springs appropriated are located on unsurveyed government land, and the points of diversion have been located by running the lines from a corner of surveyed land, heretofore established.

Amount of water claimed from different points of diversion approximately as follows: No. 1-- 8/50 cu. feet; No. 2-- 8/50 cu. ft.; No. 3-- 9/50 cu. ft.

Proof of Completion of Works made April 19, 1916.

Certificate of Completion of Works issued June 10, 1916.

Permit No. 10152.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:-

This is to certify that Nathan J. Bullock, of Arbon, County of Power, and State of Idaho, the holder of Permit No. 10152, issued upon Application No. 15083, bearing date of priority of April 24, 1914, authorizing the diversion of 1/2 of 1 second foot of the waters of unnamed springs in Eagle Pass Canyon, County of Power, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho, relating to the proof of completion of the works of diversion set out and described in said permit; that said works are adequate for diverting and conveying to the place of intended use 1/2 of 1 second foot of the waters of springs in Eagle Pass Canyon; that the points of diversion of said waters are as follows; No 1 in the NW $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 23, Nos. 2 & 3 in the SE $\frac{1}{4}$ of NE $\frac{1}{4}$, Sec. 22, all in T S., R. 34 E.B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Southwest quarter (SW $\frac{1}{4}$) of Sec. 16, T. 10 S., R. 34 E.B.M., containing 25 acres.

Witness my hand this 10th day of June, A.D. 1916.

Re: 10152.

Mr. James L. Bullock
Arbon, Idaho

We wish to acknowledge receipt of your letter of February 19th in which you ask information relative to water right in the name of Nathan J. Bullock.

Our records show that Nathan J. Bullock received a license on State permit No. 10152 for 0.5 cubic feet, which is equivalent to 25 miner's inches, from an unnamed spring in Eagle Pass Canyon.

The priority date of this water filing is May 22, 1914. Acreage to be watered under this permit is 25 acres on the following described lands:

SW $\frac{1}{4}$ Section 16, Twp. 1 S., Rge. 34 E.

We can send you a certified copy of this license upon request. The rate will be \$1.50 for transcribing, which we should have in advance.

Very truly yours,

E. V. BERG.
Commissioner of Reclamation.

10152

Sir:

I am writing for information
concerning title of water filled
on by Nathan J. Bullock
on the date of May 22, 1914 as
approved by L.P. King.
We have in our possession the
approval permit map
no. 10152 but the title has
been misplaced by much
shuffling of papers by lease
holders and we would like
to secure a new title or

Copy of same. The title may be registered under the name of John H. Bullock at the present time. We have the Abstract of title No 1663 of the real estate. The land is in Power County the description is as follows. The southwest $\frac{1}{4}$ of section sixteen (16) Township Ten (10) South Range thirty four (34) East of B. M. We would like to obtain title or copy of same, or any information concerning water right on land described above, that you could give us.

If you have information or could suggest where we could get information

pertaining to rights on
springs and springs, that have
been upon State property
until recent years, we would
be very grateful.

Very truly yours,

James S. Bullock

10152

NOTICE FOR PUBLICATION.

Notice of Application of Water to Beneficial Use.

Notice is hereby given that at 10:00 a. m. on the 19th day of April, 1916, at Pocatello, County of Bannock, State of Idaho, before Wm. H. Jackson, Jr., Notary Public, proof will be submitted of the application to beneficial use of one-half cubic feet per second of the waters of the unnamed springs in Eagle Pass Canyon, in accordance with the terms and conditions of Permit No. 10152 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Nathan J. Bullock, Arbon, Power County, Idaho.

2. The use to which said water has been applied is domestic and irrigation purposes.

3. The amount applied to beneficial use is one-half cubic feet per second.

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) SW $\frac{1}{4}$, Section 16, T. 10 South, R. 34 E. B M.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

6. The right to take the water from such works is based upon Permit No. 10152.

7. The source of supply from which such water is diverted is unnamed spring in Eagle Pass Canyon.

8. The date of the priority which said user is prepared to establish is April 24, 1914.

J. H SMITH,
State Engineer.

BY CORRECTION
JUN 13, 1916.

REPORT OF ENGINEER

1. State name of applicant and number of permit: Nathan J. Bush No: 10152
2. State source of water supply: 3 unnamed Springs
3. Location of point of diversion: Eagle-pass Canyon

4. State whether or not the works of diversion are fully completed and in accordance with terms of permit: The works are fully or more than permit calls for

5. Describe works as they exist, giving dimensions and capacities of same: There are trenches dug from each spring to natural channel to conduct water to channel, which other wise laid in bog and marsh. There is about a mile of ditch. Practically a foot at bottom one & one half feet at top and foot deep and will carry about one foot per second or all the water that is so far developed.

6. State whether or not water has been turned into works of diversion: Water is in works & in use.

7. Give exact location of lands to be irrigated. Give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): The land to be irrigated is the South West Quarter of section sixteen Township ten Range 34 East B. M.

The North West forty of section sixteen is in crop and under cultivation and to be irrigated this year.

The ditch runs to Residence for Cullenary purposes and watering garden & orchard. There is forty acres cultivated Balance not broke

8. Submit map on enclosed plat, showing location and details of above description.

Remarks: The Plat is a rough sketch and may not be exact as land is unsurveyed. Being only spring in canyon there can be no misconstruction. and misunderstanding

This examination was made on the 1st day of May 1916

10152

RECORDING AT
AMERICAN FALLS, IDAHO.
MY COMMISSION EXPIRES MARCH 10, 1919

April 24, 1916.

Re Permit No. 10152.-Nathan J. Bullock.

Bannock Abstract & Trust Co.,
Pocatello, Idaho.

Gentlemen:--

We are in receipt of your letter of the 19th inst., enclosing affidavit of holder for proof of completion of works, together with depositions, and check for fees in the sum of \$7.00.

In checking the affidavit with the permit, I note a discrepancy in the description of the point of diversion. The permit gives this point in the NW $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 23 and the SE $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 22, T. 10 S., R. 34 E.B.M. while the affidavit gives it in the NW $\frac{1}{4}$ of SW $\frac{1}{4}$ Sec. 23 and the SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of sec. 22, same township and range.

We wrote Mr. Bullock some time ago that, if he would send the name of some one to make the examination for final proof, the blanks would be sent for the report but, as yet we have received no reply. As the amount of water is small, it would facilitate matters to have this examination made by some one near the property.

Very truly yours,

J. H. SMITH,

State Engineer.

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,
County of Bannock } ss.Nathan J. Bullock

, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 10152 and that his postoffice address is Arbon, Idaho
State of Idaho

Second: That the name of the stream from which said water is to be diverted is

an unnamed spring in Eagle Pass Canyon.

Third: That the point of diversion of said water is NW Sec 23 and SE Sec 22, Twp 10 South, Range 34 East B. M. (Unsurveyed lands)

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by May 22 1916.

Fifth: That the use for which said water is intended is Irrigation and Domestic

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Ditch

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit Ditch width at bottom 1¹ ft. feet, width at water line 1-3/4 feet, depth of water 1/2 feet; diameter of pipe none inches; average grade per mile is 100 feet. Length of conduit is 1-3/4 miles.

(State whether ditch, flume or pipe)

Seventh. That said works are capable of conducting to the place of intended use one half second feet of water, or more.

Eighth. That water appropriated under said permit is available for 25 acres of land described as follows: in the Southwest Quarter of Section 16, Twp 10 South, Range 34 East Boise Meridian. Said lands are unsurveyed lands, but above will doubtless be proper description when surveyed.

Ninth. Remarks: That There are forty acres of said lands now under cultivation.

PERMIT No. 10152

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Nathan J. Bullock, age 20 years, Residence and P.O. Address, Arbon, Idaho. I am married and head of a family.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting in my own behalf.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 10152. Dated April 24, 1914.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Unnamed springs in Eagle Pass Canyon.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Ditch, about 1 ft. or a little more in the bottom and about 1 1/2 ft. wide at the top, and having a grade of about 100 feet to the mile, and will carry much more water than applied for. The works of diversion are not named.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation purposes. It has been used on native untilled land, in the SE 1/4 SW 1/4 Sec 16, T. 10 S. R. 34 E. B. M. merely to increase the growth of grass. I also have 40 acres of land in NW 1/4 SW 1/4 said section planted to crop now and same can be irrigated from the present system of irrigation, and will be used there later in this season. The land actually irrigated is about 35 to 38 acres.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. For irrigation and domestic purposes only.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. I could use at least two cubic feet on my land.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the same person.

10152

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have put the water on the amount of acres during the spring of 1915 and this spring.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

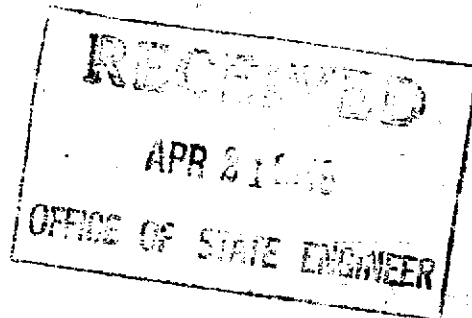

(Sign) Nathan J. Bullock

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Pocatello, County of Bannock, State of Idaho, on this 19th day of April

A. D. 1916.

Wm. Jackson
Notary Public.
Residence: Pocatello, Idaho.

10152

Permit No.

Proof of Application of Water to Beneficial Use.**DEPOSITION OF WITNESS**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. E. L. Floyd, age 40 years, Occupation, a farmer.

Residence and P. O. Arbon, Idaho.

Ques. 2. Are you acquainted with..... Nathan J. Bullock..... the

holder of Permit No. 10152? How long have you known him and where does he reside?

Ans. I have known him for over 2 years, and he resides at Arbon, Ida

Ques. 3. Have you read or heard read said Permit No. 10152, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Spring in Egal Pass Canyon. There is a ditch about $1\frac{1}{2}$ feet at the bottom, and about 2 feet wide at the top, and One foot deep. The ditch is about 1 mile long, and the natural channel is used for a little more than half a mile. There is also some ditchwork between the first spring from the land to be irrigated and the last spring. Capacity more than 1 ft. per second.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. See No 4. I have seen over a foot of water.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for Irrigation and domestic use. I have seen the water used on about 20 to 25 acres of native land in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 16, Twp 10 South, Range 34 E. B. M.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Has been used for irrigation only.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The soil is of a clay loam formation. The amount I estimate is 1 inch to the acre for Profitable irrigation. Fifty acres of the claim is now under cultivation.

10152

Report of Investigation of Water to be Diverted from

Source of Water

Question 1. State when, how, in what amount and to what extent you have witnessed the application to

Answer. The water was used during the whole of the latter part of the

summer, from about June 4, 1915, to the late fall and again this

spring. The water can be conducted on any part of the land

not cultivated from the present system of irrigation.

Question 2. Have you any interest in the works, water or lands above mentioned? If so, in what way

Answer. No.

Question 3. State when, how, in what amount and to what extent you have witnessed the application to

Answer. The water was used during the whole of the latter part of the

summer, from about June 4, 1915, to the late fall and again this

spring. The water can be conducted on any part of the land

not cultivated from the present system of irrigation.

BOISE

INSTRUCTIONS
PROOF OF BENEFICIAL USE

Nathan J. Bullock,
c/o Wm. H. Jackson, Jr.,
Pocatello, Idaho.

BOISE, IDAHO, April 3, 1916.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **10152.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On ~~April 19th~~ **April 19th**, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Pocatello, before Wm. H. Jackson, Jr., N.P.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J. H. SMITH,

State Engineer.

A. E. ROBINSON
ENGINEER

Re Permit 10153.
Nathan J. Bullock,
Pocatello, Idaho.

March 28, 1916.

DEAR SIR:

Before your proof can be accepted, it will be necessary that an examination and report be made to this office concerning the same. This examination preferably should be made by an engineer, but in the event that one cannot be secured, the report of any other person competent to determine the capacity of the works, and the area irrigated, will be satisfactory.

Will you, therefore, advise this office whom you wish to be instructed to make this examination for you?

Very truly yours,

J. H. SMITH, ~~A. E. ROBINSON~~
State Engineer.

Re: ~~Estimate~~ JNBull 10152.

Wm. Jackson, Jr.,
Pres. Bannock A. & T. Co.,
Pocatello, Idaho.

Sir:--

We are in receipt of notices for proof of completion of works and beneficial use of water under above permit. As the notice of proof of completion is not required to be published where the amount of water claimed does not exceed 6.4 second feet, only the notice for final proof will be published. At the time the proof is made, the enclosed affidavit form should be filled out for proof of completion, or, this can be sent in at once, if desired.

Very truly yours,

J. H. SMITH,

State Engineer.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10:00 a. m. on the 19th day of April, 1916,
 at Pocatello, County of Bannock, State of Idaho,
 before Wm. H. Jackson, Jr., Notary Public, proof will be submitted
 of the application to beneficial use of one-half cubic feet per second of the waters of
unnamed springs in Eagle Pass / Canyon, in accordance with the terms and conditions of Permit No. 10152
 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are.....

Nathan J. Bullock, Arbon, Power County, Idaho

2. The use to which said water has been applied is domestic and irrigation purposes

3. The amount applied to beneficial use is one-half cubic feet per second

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated).....

SW $\frac{1}{4}$, Section 16, T. 10 South, R. 34 E. S. 15

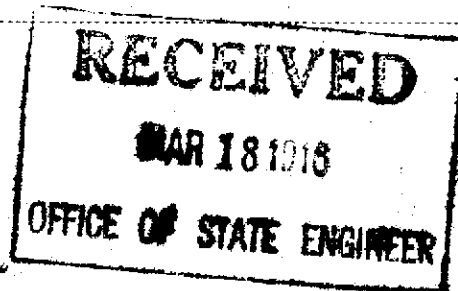

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is private

Ditch

6. The right to take the water from such works is based upon Permit No. 10152

7. The source of supply from which such water is diverted is Unnamed springs in Eagle Pass
Canyon

8. The date of the priority which said user is prepared to establish is April 24, 1914

State Engineer.

State Engineer

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) March 16, 1916

(P. O.) Pocatello, Idaho

To the State Engineer,
Boise, Idaho.

Dear Sir:

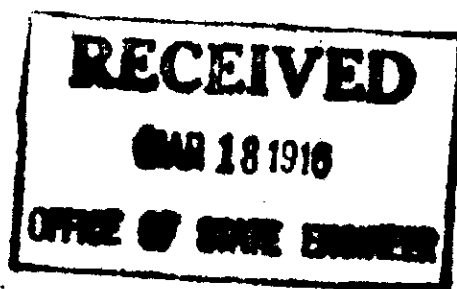

You are hereby authorized to have the attached notice published at my expense in the
American Falls Press, of Am. Falls, Idaho, published in the
county in which the works are situated.

Nathan J. Bullock

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

10152

State of Idaho
ENGINEERING DEPARTMENT
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Nathan J. Bullock,
Arbon Idaho.

February 1st, 1916.

Boise, Idaho,

Dear Sir:

Under the terms of your permit No.-----~~10152~~-----, you are required to complete your diversion works on or before-----**May 22, 1916**----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith
State Engineer.
