Re: Permit #85-7133

Dear Sirs:

We have your letter dated Feb. 1. 1978 stating that you had acknowledged receipt of affidavit submitted as proof of beneficial use, for the above referenced permit.

You stated that before a license can be issued a field examination must be made by a representative of the Dept. for which I have waited all summer.

So as I have explained previously that the system had to be removed in November because I go through a Culvert under the State Highway. and it wont be put back until April.

No field representative has ever come. Nor have I heard any more about it. Is this still alive? and when can I expect the permit?

Would sure hate to go through all this again.

Sincerely

W. Eugene Stringham

Dear Mr. Stringham,

A representative of this Department made an examination of the works covered by your Permit No. 85-7133 on July 26, 1978, and has found the following:

Amount of water that can be recognized as beneficially used under Idaho law: 0.04 cfs Source: Clearwater River

The maximum quantity diverted shall not exceed 3.4 acre feet per year.

Point of diversion: NE¼NW¼, Sec. 35, Twp. 34N, Rge. 3E, B.M.

Beneficial use: Irrigation of 1 acre and stockwater within the NE¼NW¼, Sec. 35, Twp. 34E, Rge. 3E, B.M.

Priority date established: January 13, 1977.

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

Permit #85-7133

Dear Sirs:

We would like to get an extention of time, as we have a situation here that has made it impossible for us to comply with the deadline of March 1. 1978. as we havent been able to find a measuring device, that you approved of.

We had the Soil Conservation Service at Craigmont Ida. and their Engineer at Grangeville Ida. look at it. they Couldnt help us

The Point of diversion is not exactly permanent. as it goes through a Colvert under the State highway. and they wont allow anything to remain in it during the winter so the pump has to be pulled after the Irrigation season is over. It has to be raised with a rope a hundred feet almost straight up to the highway every thing must be disconnected & drained as its all rock formation. so it wont freeze.

We have a 450 foot raise we had to change 1 3/4 Pipe as we Couldnt find anything heavy enough Plastic to stand the pressure in that size. to a 1 1/4. We are trying to find a recording flow meter to install in the pipe as it is pumped into the cistern Maby something on the Order of City water systems.

Hoping this meets with your approval and you will grant an extention of time

Dear Mr. Stringham:

One of the conditions of approval of your water Permit No. 85-7133 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

Enclosed is a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to our office along with the publication bill. Your cooperation in this matter is appreciated.

Very truly yours,

ROBERT G. HAYNES, P.E.
District Supervisor
