Dear Mr. Swayne:

Since springs #1 and #3 appear to be directly tributary to the Clearwater River, they can be placed on the same claim, if they have the same priority date. To put them both on the claim, it would be necessary to state "Two Springs", in Item No. 2, and "Two Points" in Item No. 5a and to list the method of development for each in Item No. 5b. I am returning your Check No. 92-31 in the amount of \$30.00 and your Claim to a Water Right to allow you to make these changes.

Springs #2 and #4 appear to be directly tributary to the same spring and can be filed jointly on the same claim if they both have the same priority date.

I am enclosing two claim forms, one to allow you to file on springs #2 and #4, and one in case you wish to rewrite the original.

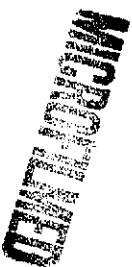

If you need any assistance, please contact me at this office.

Gentlemen;

Inclosed is an applicaton for recorded water right on a
spring in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ T 36 N, R 1 EBM.

This is one of the several small springs on our property
which we deem it adviseable to record water rights even tho
they may come under the statutory exemption. I can find no
basis to file all of the springs on one application since
each is on a separate drainage.

These springs were undoubtedly developed by the homesteaders
around 1900 but I have no real evidence of the date of use
until we bought the place shortly before Pearl Harbor.

The inclosed sketch-map indicates the approximate locations
of the water sources. If these can be combined in one
applicatin, please advise.

Yours truly
