Re Permit 9411-

Mr. Charles Snook,
Kampa, Idaho.

Dear Sir:—

In regard to your proof of beneficial use of water under above permit, received here on the 2nd inst., would say we cannot accept the combined deposition of G. H. Harvey and Gerald H. Harvey, taken at Boise, in lieu of the depositions of two witnesses to be made before the notary at Mountain Home, as provided by law, blanks for which were sent to Mr. Howie. I am, therefore, returning the combined affidavit and am enclosing fresh deposition blanks for witnesses. These depositions should be filled out and returned as soon as possible.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Chas. Snook,
Hammett, Idaho.
Dear Sir:

Boise, Idaho, May 17, 1915.

Under the terms of your permit No. 9411, you are required to complete your diversion works on or before July 2, 1915. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith,

State Engineer.
