

NOTICE OF EXISTING
WATER PERMIT

Notice is hereby given that Ralph L. Furniss, Route #4, Blackfoot, Idaho, has received an approved permit No. G-32254 issued by the Idaho State Reclamation Department authorizing the diversion of 6.4 cubic feet per second of water from ground-water source, subject to all prior rights. The priority to be established under this permit is March 1, 1965, and the permit was approved March 5, 1965. Water is to be diverted by motors, pumps and sprinkler systems from a point within the center of the NW 1/4 and a point within the center of the SW 1/4, Sec. 1, T. 3 S, R. 32 E, B.M., Bingham County, to be used for irrigation in the W 1/2, Sec. 1, T. 3 S, R. 32 E, B.M. Proof of the application of the water to beneficial use is to be submitted to the Department on or before March 5, 1970. Any protests against the issuance of a license for the above referenced permit should be filed with the Department of Reclamation within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

Dear Mr. Furniss:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for permit G-32254/36-2762.

Before a license can be issued you must submit an affidavit of publication to this department. The affidavit of publication may be obtained from the Blackfoot News, Blackfoot, Idaho, (after November 20) upon payment of the bill of publication.

Prior to the issuance of the license a field examination must also be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than yourself should be contacted by the examiner, please advise.

Very truly yours,

Donald W. McEldowney

Gentlemen:

Enclosed is a legal notice which we wish to have published for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact the Department of Reclamation immediately.

The expense of the publication is to be paid by Ralph L.

Furniss, Route 4, Box 82, Blackfoot, Idaho 83221,
to whom you should furnish an affidavit of publication.

Dear Mr. Furchner:

Thank you for your letter of April 17, 1969.

Our letter of April 9, 1969, to Mr. Furniss was the result of a well log received August 2, 1968, for Jack Cushman, well driller. We are enclosing a copy of the well log which initially raised the questions. If you can assist the Department in identifying the well in question it will be greatly appreciated.

In reference to Permit No. G-32254, the permit has not yet been modified. The Department will undertake this project at this time. We are enclosing proof forms and instructions. Please complete the proof form and return it so that we may proceed with the licensing of the permit. You will also be required to publish a notice for two consecutive weeks concerning the approval of the permit. The authorization for this advertising is also enclosed. Please have Mr. Furniss sign the form and return it for processing.

Permit No. G-30188 is at this time pending a field examination by the Department of Reclamation. It is hoped that the examination can be completed during the 1969 irrigation season.

If we can assist you in any manner, please contact us.

Re: Permit No. G-32254

Ralph L. Furniss

Dear Mr. Furniss:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit ~~and are now submitting proof of beneficial use.~~ Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney

Re: Ralph Furniss

Dear Mr. McEldowney:

Mr. Ralph Furniss has brought me your letter of April 9, 1969, relating to a purported well drilled by him in the Southeast Quarter of the Southeast Quarter of Section 1, Township 2 South, Range 32 E.B.M. You are advised that your report concerning his drilling of such well at that location is erroneous. The above location is approximately six miles North of the lands owned and farmed by him.

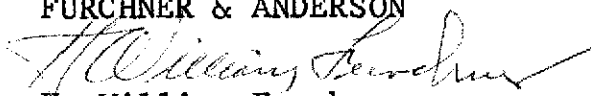

However, Ralph Furniss does own lands in Section 1, Township 3 South, Range 32 E.B.M. and holds Permit No. G-32254 for 6.4 cubic feet per second of water for irrigation purposes taken from wells 1 and 2 in the West Half of said section.

Mr. Furniss is now prepared to make proof of completion of works and application of water to beneficial use on this permit and we would appreciate your sending to us the appropriate forms and directions for this proof.

We would also like to know if your records show completion of proof and issuance of license for a third well covered by Permit No. G-30188, which is located in the Northeast Quarter of the Northeast Quarter of Section 1, Township 3 South, Range 32 E.B.M. for which we submitted proof to your office September 14, 1966.

Gentlemen:

It has been brought to our attention that on or about
April 10, 19 68, you had a well drilled.
The well is reported to be located at a point in the
SESE, Sec. 1, T. 2S, R.
32E, B.M. for irrigation use.

A search of our records has failed to find your application or approved permit. Under existing Idaho Statutes, Sections 42-226, 42-229, and 42-230 of the Idaho Code, you are required to file and obtain an approved permit before you divert waters from a subterranean source, with the exception of domestic wells which are defined under Section 42-111 of the Idaho Code.

If we have overlooked your permit, please advise the Department as to your permit number. However, if you have not yet filled out an application for permit, please use the instructions and the blank application form which we have enclosed.

We will be very happy to assist you with any questions you may have.
