RE: Permit Nos. G-23042 & G-24640
Robert Reese

Anderson & Beebe
Attorneys-at-Law
P.O. Box 752
Blackfoot, Idaho

ATT: J. Blaine Anderson

Dear Mr. Anderson:

We have your letter of June 28th, enclosing Notice for Completion of Works and Beneficial Use proof on Permit Nos. G-23042 and G-24640, in the name of Robert Reese, Rt. #3, Twin Falls, Idaho, to be made August 3rd, 1957, before you as Notary Public.

We shall send a copy of these Notices to the Daily Bulletin with instructions to publish them once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

At the time set, you should contact Mr. Reese, the permit holder, to appear before you together with two disinterested witnesses who are familiar with the terms of the permits and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

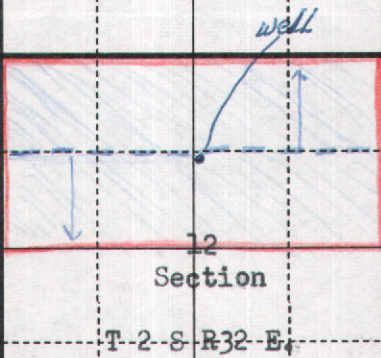

MARK R. KULP

State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A. M., on the 3rd day of August, 1957, at Blackfoot, County of Bingham, State of Idaho, before J. Blaine Anderson, a Notary Public, proof will be submitted of the completion of works for the diversion of

6.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24640 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person holding said permit is Robert Reese, Rt. No. 3, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is SW 74 NW 24, Section 12, Twp. 2 South, Range 32 E. B. M., Bingham County, Idaho.

5. The place where said water is used is N 2, Section 12, Twp. 2 So., Range 32 E. B. M., Bingham County, Idaho.

6. The date of priority which said user is prepared to establish is January 2, 1954.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

2070 Addison Avenue
Twin Falls, Idaho

Application No. G- 32447
Permit No. G- 24640
District No.

1. Name of Applicant: G. T. NEWCOMB
 Postoffice address: Twin Falls County: Twin Falls State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 6.4 or Idaho
 Miners' inches 320 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean to be raised through a drilled well
4. Location of point of diversion or well is in the SW 1/4 of the NE 1/4 of Section 12
 Twp. 2 S. , Rge. 32 E. , B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
 Rge. , B.M
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled wells, to be cased and equipped with turbine pump and sprinkler system
8. Estimated cost of works: \$ 16,000.00
9. (a) Is reservoir to be used? No
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Five (5) years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: The water applied for in this application is to cover lands patented and for which there has not been water allocated in the past. Upon allowance of this application there is expected to develop the land for agriculture and thus make beneficial use of the water in accordance with the terms of this application.

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

G. T. NEWCOMB Applicant.

Re: Permit No. G-24640

Mr. J. Blaine Anderson
Anderson & Beebe
Attorneys-At-Law
P. O. Box 752
Blackfoot, Idaho

Dear Mr. Anderson:

Our field engineer's report on his inspection of the completion of works and application of water to beneficial use under Permit No. G-24640, Robert Reese, 510 2nd Avenue South, Twin Falls, shows the well located in the SW corner of the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 12, Township 2 South, Range 32 East, B.M., and that it is capable of conveying 212 miners' inches (4.24 c.f.s.) of water for irrigation of 320 acres. The record of the permit lists the point of diversion in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 12, therefore, it is necessary that the permit be amended. We have enclosed an application for amendment form for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fees, totalling \$21.00, we will issue to Robert Reese, the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (sixteen dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of January 2, 1954, to his use of 4.24 second feet of subterranean water, with the point of diversion in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 12, for irrigation of 320 acres in the N $\frac{1}{2}$ of Section 12, Township 2 South, Range 32 East, B.M.

Dear Mr. Hanks;

This acknowledges the Notice of completion of works and application of water to beneficial use under permit No. G-24344, to be made on the 7th day of July at Burley at 9:00 A.M. Before Ray Voice, Notary Public.

As of this date we have mailed the Notice to the Minidoka County News with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses, who are familiar with the terms of the Permit and the work done thereunder, at the time, on the date, at the place and before the Notary as advertised. It is very important, and, necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each, and that all depositions (Holder & two Witness) are being returned. Also, be sure to enclose the Affidavit of Publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. G-24640

Mr. Robert Reese
500 Block,
3rd Avenue South
Twin Falls, Idaho

Dear Mr. Reese:

We acknowledge receipt of the Deposition of Volder and two witnesses, also affidavit of publication in the Daily Bulletin, all submitted in proof of Completion of Works and Water to Beneficial Use of Permit No. G-24640.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULE
State Reclamation Engineer

Permit No. G24640

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Robert Reese, 500 Block, Second Avenue South, Twin Falls, Idaho;
automobile dealer - farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not applicable.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G24640, dated 1-9-54. Priority date, 1-2-54.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean waters. SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 12, T. 2 S, R. 32, EBM,
Bingham County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Drilled well, 18" in diameter; cased approx. 15 feet; approx. 360
Ft. in depth; 180 ft. to water; 200HP electric motor and turbine pump, steel
mainline, approx. one mile, reducing at intervals from 10" to 8" to 6"; 9
alum. sections of 1300 ft. each; 297 Sprinkler heads; nozzles 11/64x3/32;
operating pressure 40#; capable of delivering 320 miner's inches, measured on
basis of rated pump capacity and previous experience.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation; N $\frac{1}{2}$ Sec. 12, T. 2 S, R. 32, EBM, Bingham County, Idaho;
40 acres in each of the 8 legal subdivisions have actually been irrigated;
cultivated meadow land; reclamation of desert lands for agricultural
purposes.

J24640

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately one inch per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Acquired by assignment from G. T. Newcomb and wife June 9, 1957.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Entire irrigation seasons, 1956 and 1957; through irrigation system above described, over entire area by rotation to the extent of approximately one inch per acre.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

Permit No. G24640

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Thomas B. Slayton; age 35; 280 Last Street, Blackfoot, Idaho;
agricultural engineer.

Ques. 2. Are you acquainted with Robert Reese, the
holder of Permit No. G24640? How long have you known him and where does
he reside?

Ans. Yes; three years; Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. G24640, and are you
familiar with its provisions and conditions?

Ans. Yes. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Subterranean water. SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 12, T. 2 S. R. 32, EBM, Bingham Count
Idaho; drilled well, cased approx. 15'; approx. 360' in depth; 180' to water;
200hp electric motor and turbine pump; steel mainline, approx. one mile, reducing
at intervals from 10" to 8" to 6"; 9 alum. sections of 1300 ft. each; 297 sprinkle
heads; nozzles 11/64 x 3/32; operating pressure 40#; capable of delivering 320
miner's inches; measured on basis of rated pump capacity and previous experience.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Not less than 4.5 second feet; same amount.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. Not less than 2400 gpm's open discharge; from estimate based on
experience as engineer, actual observation and from pump manufacturer's
specs.

24640

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. N $\frac{1}{2}$, Sec. 12, T. 2 S, R. 32, EBM, Bingham County, Idaho; 40 acres in each of the 8 legal subdivisions have actually been irrigated; cultivated meadow land; reclamation of desert lands for agricultural purposes.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sagemoor silt loam, gently rolling. Approximately 4.5 second feet.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. 1956 and 1957; entire irrigation seasons, over entire area through system above described, by rotation.

(Signed)

Thomas B. Slayton

P.O. Box 752
Blackfoot, Idaho

Gentlemen:

We have your letter of June 18th, stating that Mr. Reese is prepared to make proofs of Completion of Works and Beneficial use on his two ~~mentioned~~ Permits.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this department together with Form 11 which is the Permit holders authorization for us to have the Notice published at his expense in the designated county newspaper.

The proofs may be made at any place convenient for the Permit holder and his two witnesses but the date must be set far enough ahead to allow for four weeks publication.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by Mr. Reese and his two disinterested witnesses in making these proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

P.O. Box 752
Blackfoot, Idaho

Gentlemen:

We have your letter of June 18th, stating that Mr. Reese is prepared to make proofs of Completion of Works and Beneficial use on his two above captioned Permits.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this department together with Form 11 which is the Permit holders authorization for us to have the Notice published at his expense in the designated county newspaper.

The proofs may be made at any place convenient for the Permit holder and his two witnesses but the date must be set far enough ahead to allow for four weeks publication.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be executed by Mr. Reese and his two disinterested witnesses in making these proofs.

Very truly yours,

MARK R. KULP

RECEIVED
MAY 22, 1956
Department of Reclamation

Application for Amendment
POINT OF DIVERSION
Permit No. G-24347

RECEIVED
MAY 14, 1956
Department of Reclamation

Comes now Donna M. Butler
and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-24347.

That the point of diversion is described in said Permit as being located:

in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ section 27, Township 9 South, Range 25 E.B.M. in Cassia County, Idaho

That he now requests that the point of diversion be changed to a point
located: in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 27, Township 9 South, Range 25 E.B.M., in Cassia County,
Idaho.

That the reason for desiring to make such change is as follows:

The new point is nearer the center of the land to be irrigated and irrigation could
be done more readily.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Burley, Idaho this 12th day of May, 1956

/s/ Donna M. Butler

Date of Receipt at Department of Reclamation: May 14, 1956

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. G-24347. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

/s/ Mark R. Kulp

Re: Permit No. G-24369
Max V. Herbold

Creason & Creason
Attorneys At Law
Rupert, Idaho

Attention: H. V. Creason

Dear Mr. Creason:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use, under Permit No. G-24369, in the name of Max V. Herbold. Final proof is to be made before you, as Notary, on the 12th day of August, 1958, at 10:00 A. M.

As of this date, we have mailed the Notice to the Minidoka County News, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

E. N. HUMPHREY

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A. M., on the 3rd day of August, 1957, at Blackfoot, County of Bingham, State of Idaho, before J. Blaine Anderson, a Notary Public, proof will be submitted of the completion of works for the diversion of

6.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24640 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person holding said permit is Robert Reese, Rt. No. 3, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is SW 1/4 Sec. 12, Twp. 2 S., Range 32 E. B. M., Bingham County, Idaho.

5. The place where said water is used is NW 1/4, Section 12, Twp. 2 S., Range 32 E. B. M., Bingham County, Idaho.

6. The date of priority which said user is prepared to establish is January 2, 1954.

State Reclamation Engineer
MARK R. KULP
