RE: Permit No. G-28974

Dale Schureman
Moore, Idaho

Dear Mr. Schureman:

Our field examiner's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-28974 shows the well ~~is~~ ^{is} capable of conveying 156 miner's inches, or 3.12 c.f.s. However, due to the limitations of your permit, we can only allow the amount of water originally requested, the amount of water actually used beneficially, or 1 (one) miner's inch per irrigated acre.

Upon receipt of the statutory fees, totaling \$ 13.00, we will issue the Certificate of Completion of Works for 3.12 c.f.s. and the License and Certificate of Water Right for 3.12 c.f.s. confirming the right, with priority of August 29, 1960, to the use of subterranean water with the point of diversion in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 16, for irrigation of 156 acres in the W $\frac{1}{2}$ W $\frac{1}{2}$, Sec. 16, T. 5 N., R. 26 E., B.M.

Re: Permit No. **G-28974**

Mr. Dale Schureman,
Moore, Idaho.

Dear Mr. Schureman:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. **G-28974**. The proofs are to be made at 10:00 o'clock A.M., on the 30th day of August, 19 65, before Charles A. Jones, Arco, Idaho Notary Public.

As of this date, we have mailed the Notice to the Arco Advertiser Arco, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN

Moore, Idaho

Dear Mr. Schureman:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 28974 are due not later than **September 1, 1965**.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER

G-30580 file

Dear Mr. Archibald:

Your letter of April 16th in regard to well in NW₁NE₄, Sec. 16, T. 5 N., R. 26 E., has been received.

Permit No. G-28647, in the name of Charles Burch for 3.2 c.f.s., priority April 25, 1960, well in NW₁NE₄, Sec. 16, to irrigate E₂W₂, Sec. 16, T. 5 N., R. 26 E.

Permit No. G-29556, in name of Blaine Yancey, for 3.2 c.f.s., priority Feb. 21, 1961, well in NW₁NE₄, Sec. 16, to irrigate E₂W₂, Sec. 16, T. 5 N., R. 26 E.

Permit No. G-28974, in name of Dale Schureman for 3.2 c.f.s., priority August 29, 1960, well in NW₁NE₄, Sec. 16, to irrigate E₂W₂, Sec. 16, T. 5 N., R. 26 E. This permit is probably correct.

The first two permits above show the wrong point of diversion and G-29556 show the land as E₂W₂, Sec. 16, instead of E₂W₁, Sec. 16, if our information is correct. Both men knew the point of diversion is shown in error and forms were sent to Mr. Yancey, however, no amendments have been filed. It seems like these permits should be assigned and amendments filed to correct the errors.

Mr. Jess W. Burch, Sr. should file a photo copy, or certified copy of the agreement in regard to division of water in the well.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

Re: Permit No. G-28974

Mr. Dale Schureman
Moore, Idaho.

Dear Mr. Schureman:

We enclose Permit No. G-28974 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-5172 which was issued covering payment in the amount of \$5.75 for the filing fee of the above mentioned permit.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proofs at any time you are prepared to do so within that time.

RE: Application for Permit
Permit No. 21546

Dale Schureman
Moore, Idaho

Dear Mr. Schureman:

Enclosed is Form 3, application for permit to appropriate subterranean water, with instructions.

You also requested information about Permit No. 21546. Our file shows the last item was a letter to you dated August 9, 1954 which shows in part: "A License can therefore be issued for 14.7 inches or 2.94 second feet of water upon receipt of the statutory fee amounting to \$12.00. This is at the rate of \$2.00 for each 40-acre subdivision in which the land is located". There is no evidence that the fee was received and the license has not been issued. The permit priority is June 13, 1950; however you made the proof of beneficial use of the water 25 days after the due date as shown on the permit and the priority on the License would have to be advanced 25 days or to July 8, 1950.

Permit 21546

Dale Schureman
Moorie, Idaho
Aug 24, 1960

State of Idaho
Dept. of Reclamation
Dear Sir,

I would like to place a request for a permit for pumping an irrigation well. At the last moment I decided to drill a well as I needed more water very badly. This water is being used on the following land - West one half of the west one half (W $\frac{1}{2}$ W $\frac{1}{2}$) of section 16, Township five (5) North, Range Twenty-six (26) East Boise Meridian - Containing 160 Acres. Completion of works could be done any time as I am pumping now. Any help on this would be greatly appreciated.

Another matter I would like to bring up at this time is - In going through my papers - I can't find a license for pumping my other well permit no. 21546. This was for pumping 147 inches or 2.94 second of water. I will gladly pay any added expense to get this straightened out.

Very Truly Yours

Dale Schureman
