Bond.

Bond No. 47780

KNOW ALL MEN BY THESE PRESENTS, That Hope Land and Water Co., Inc.
of Twin Falls, Idaho, as principal, and AMERICAN BONDING COMPANY OF BALTIMORE,
of Baltimore, Maryland,

as surety, are held and firmly bound unto the State of Idaho in the full
and just sum of One Thousand and No/100 - - - - - (\$ 1000.00) Dollars,
lawful money of the United States, to the payment of which sum, well and truly to be made, said
principal and surety bind themselves, their heirs, administrators, executors and assigns, jointly and
severally, under the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the 12th
day of January, 19 49, filed in the office of the Commissioner of Reclama-
tion in Boise, Idaho, a certain application for permit to appropriate the public waters of the State
of Idaho, the said application being thereupon numbered No 28289, in accordance with which said
application the Commissioner of Reclamation granted and issued to the said principal herein a cer-
tain permit numbered No. 20863, a full, true and complete copy of which application No 28289
and permit No. 20863, is of record in the office of the Commissioner of Reclamation in Book
75 of Permits, at Page 20863

Now, if the above bounden principal shall faithfully carry to completion the said works of diver-
sion as specified in said application No. 28289 and permit No. 20863, in the manner and form
prescribed therein and within the time therein allowed, then the above obligation to be void, otherwise
to remain in full force and effect.

IN WITNESS WHEREOF, The said principal and surety have hereunto set their hands and seals,
this 1st day of February, 19 49

Residence: Arco, Idaho.

My commission expires Nov. 6, 1950.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
NOTICE OF APPLICATION TO
APPROPRIATE THE PUBLIC
WATERS OF THE STATE OF
IDAHO IN ACCORDANCE WITH
THE PROVISIONS OF SECTION
41-203, IDAHO CODE ANNOTATED

NOTICE IS HEREBY GIVEN That
the Hope Land and Water Company,
Inc., of Twin Falls, Idaho, made ap-
plication on the 17th day of Septem-
ber, 1948, for permit to appropriate
forty (40) cubic feet per second of
subterranean water from a group of
wells, for irrigation and domestic
purposes.

That the points of diversion, or
location of the wells, are described
as follows:

NW 1/4, SW 1/4, NW 1/4, NW 1/4
SW 1/4, SW 1/4, SW 1/4, SE 1/4, SW 1/4,
SW 1/4, SE 1/4, SE 1/4, SE 1/4, Section
10, Township 6 North, Range 29
East, B. M.

NE 1/4, NE 1/4, SW 1/4, NE 1/4, SE 1/4,
NE 1/4, Section 21, Township 6
North, Range 29 East B.M.

That the lands to be irrigated, as
described in said application, con-
sist of 1920 acres in Sections 32 and
33, Township 6 North, Range 30 East,
B. M., and Sections 3, 4, and 5 Town-
ship 5 North, Range 30 East, B. M.

That any protests against the ap-
proval of this application must be
filed in the Department of Reclama-
tion, at Boise, Idaho, within forty
(40) days from the date of this
notice, and such protest shall state
the name and address of the protest-
ant, and shall clearly set forth his
objections to the approval of said ap-
plication.

Dated this 8th day of September,
1948.

LOST RIVER

By BEATRICE E. SORENSEN

Mr. and Mrs. Jenness Anderson attended the wedding dance of Sharon Anderson, daughter of Mr. and Mrs. Sylvan Anderson of May last Saturday night.

Mr. and Mrs. Courtleigh Toombs returned home to Lost River last Wednesday following a ten day trip through Utah and Idaho. They traveled as far south as Monroe, Utah and reported cold and stormy weather everywhere they visited. However, they had a very pleasant trip.

Returning home Tuesday were Mr. and Mrs. Roy Pearson and daughter. The Pearsons went by plane to New York to meet Maud who has been stationed at Lebanon for the past three years. She will now enjoy a six months vacation before returning. While in the east they visited in New York and Washington D.C. where they met with our C.A. Bottolfsen. Maud says it is good to be home.

Weldon Sorensen spent both Wednesday and Saturday on business in Twin Falls.

A Junior Sunday School was started in the Lost River Ward Sunday morning with 65 children in attendance. Mrs. Josephine Toombs has been chosen as the coordinator for the new group.

NOTICE FOR PUBLICATION

NOTICE IS HEREBY GIVEN that at 1:00 P.M., on the 3rd day of May, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Lyle Frazier, Notary Public proof will be submitted of the completion of works for the diversion of 9 cubic feet per second of the waters of 3 wells in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 21, and NW $\frac{1}{4}$ -NW $\frac{1}{4}$ Sec. 16, Township 6 North, Range 29 E.B.M. in accordance with the terms and conditions of a certain permit heretofore issued by the Department of Reclamation of the State of Idaho.

1 The name of the person or corporation holding said permit is HOPE LAND & WATER CO., INC.

2 The postoffice address of such person or principal place of business of such corporation is 1964 FILER AVE. E., TWIN FALLS, County of Twin Falls, State of Idaho.

3 The number of such permit is 20863, and the date set for the completion of such work is MAY 3, 1955.

4 Said water is to be used for irrigation purposes.

5 Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 9 cubic feet per second.

6 The amount of lands for which said water is available is 1,920 acres, particularly described as follows:

State of Idaho
License and Certificate of Water Right

Water License No. 20863

Amount 2.32 c.f.s.

Water District No.

Priority Sept. 2, 1951

THIS IS TO CERTIFY that HOPE LAND & WATER COMPANY, Inc.
of Twin Falls, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 17, 1948; that Permit No. 20863
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
4.72 second feet, was issued thereunder on December 20, 1956, showing that said works
were completed on the 3rd day of May, 1955; and that on the 18th
day of April, 1960,

HOPE LAND & WATER COMPANY, Inc.

of Twin Falls, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
a tributary of subterranean flow, for the purpose of irrigation
under Use Permit No. 20863 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume

11 of Licenses at page 6935, on the 20 day of September, 1960;

The right hereby confirmed dates from September 2, 1951;

The Point of Diversion is located

in the NE 1/4, NE 1/4, Sec. 21, Tp. 6 N, R. 29 E., B. M. Butte County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.32 cubic feet per second.

Description and location of use:

[illegible]

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20863.

Comes now J. Edwin True, and represents to the State Reclamation Engineer of the State of Idaho.

That he is the agent for the Hope Land & Water Co., Inc., the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 20863, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

S $\frac{1}{2}$ Section 32; SW $\frac{1}{4}$ Section 33; Twp. 6 N., Range 30 E., B.M.
NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 4; N $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$ Section 5;
N $\frac{1}{2}$, SE $\frac{1}{4}$ Section 6; Twp. 5 N., Range 30 E., B.M.
NE $\frac{1}{4}$ Section 1; Twp. 5 N., Range 29 E., B.M.
NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 8; Twp. 5 N., Range 30 E., B.M.
SW $\frac{1}{4}$ Section 6; Twp. 5 N., Range 30 E., B.M.
E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 1; Twp. 5 N., Range 29 E., B.M.

making a total of 1920 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, Idaho, this 28th day of July, 1950.

Hope Land & Water Co. Inc.
J. EDWIN TRUE, SEC. TREAS.

Date of receipt at Office of Department of Reclamation July 28, 1950.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 20863. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

WHEREAS, Permit No. 20863, in the name of the Hope Land and Water Co. Inc, filed September 17, 1948 was in connection with a desert land entry filed in the Bureau of Land Management; and

WHEREAS, under the terms and conditions of said Permit No. 20863, proof of completion of works was due on or before January 7, 1954; and

WHEREAS, said permit holder was unable to proceed with construction until allowances of the desert land entry; and

WHEREAS, said desert land entry was allowed May 3, 1950;

THEREFORE, extension of the time is allowed for completion of works on Permit No. 20863 to May 3, 1955, or the length of time permit holder was prevented from proceeding pending allowance of the desert land entry, and a similar extension is allowed for all other acts required under the terms and conditions of Permit No. 20863.

Signed at Boise, Idaho, February 5, 1954.

MARK R. KULP
State Reclamation Engineer

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20863

Comes now Hope Land & Water Co., By J. Edwin True, Sec.-Treas. and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 20863.

That the point of diversion is described in said permit as being located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 21 & the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 16, Twp. 6 N., Rge. 29 E., B.M.

That he now requests that the point of diversion be changed to a point located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 21, Township 6 North, Range 29 E., B.M.

That his reasons for desiring to make such change are as follows: Better consolidation of water facilities.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 10th day of February, 1956.

J. EDWIN TRUE, Sec.-Treas.

Date of receipt at Department of Reclamation February 10, 1956.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 20863. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP
State Reclamation Engineer

Permit No. 20863

Certificate of Completion of Works

TO ALL WHOM IT MAY CONCERN:

This is to certify that HOPE LAND & WATER CO., INC., W. T. Williams, President of Rt. # 2, Twin Falls, County of Twin Falls, and State of Idaho, the holder of Permit No. 20863, issued upon Application No. 28289 bearing date of priority of September 17, 1948, authorizing the diversion of 40.0 second feet of the waters of Subterranean flow County of Butte, State of Idaho, for Irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 4.72 second feet of the waters of Subterranean flow that the point of diversion of said waters NE $\frac{1}{4}$ NE $\frac{1}{4}$ & SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 21, Township 6 N. Range 29 E. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 4; N $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$ Section 5, N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 6; Twp. 5 N., Range 30 E.B.M. In the Matter of Proof of Application
of Water to Beneficial Use, Permit
No. 20863

ORDER DISMISSING PROTEST AND
ISSUING LICENSE

WHEREAS, Sweet Sage Water Corporation, holder of Permit No. 20863
to appropriate the public waters of Idaho has submitted proof of application
of water to beneficial use satisfactory to the State Reclamation Engineer;
and,

WHEREAS, the field report of the examining engineer of the Department
of Reclamation states that application of water has been beneficially made
by irrigation and cultivation of the lands described in said permit to the
extent shown in his report and accompanying map; and,

WHEREAS, Warren Stauffer and seven others all claiming to be prior
appropriators of water in the general vicinity of Permit No. 20863, and acting
on behalf of all ground water appropriators, filed a "Protest in Opposition
to Proof of Completion of Works and Application of Water to Beneficial Use" on
Permit No. 20863; and,

WHEREAS, the allegations stated in the protest are not believed to be
borne out by information and reports available to the Department of Reclamation.

NOW, THEREFORE, it is hereby ordered that said protests be dismissed
and held for naught and water license be issued to permit holder in accordance
with the facts and figures contained in the field engineer's report.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the
official seal of the State Department of Reclamation, at Boise, Idaho, this
6th day of September, 1960.

*See report in 6-25536. It covers all wells.
Inspection was made in company with Ed True
on July 19-1960.*

*The report and permit 20863-6-25535 &
6-25536 were turned over to Ralph Thomas*

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: *to creek and harmonize. He talked
with E. True and Mr. C. H. Carter,*

See letter of awards in file 6-25536

This examination was made on the

July 19 day of _____, 1960
(Signed) *E. H. Humphrey*
Examiner.

20863

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 20863
G-25535
G-25536

Sweet Sage Water Corporation
J. Edwin True, Secretary-Treasurer, Manager
511 First Security Bank Building
Boise, Idaho

Dear Mr. True:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Arco Advertiser, submitted in proof of completion of works and beneficial use on Permits G-25535 and G-25536, and proof of beneficial use on Permit 20863.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

LEGAL NOTICE

NOTICE FOR PUBLICATION NOTICE OF PROOF OF APPLI- CATION OF WATER TO BENE- FICIAL USE

Notice is hereby given that at
2:00 p. m. on the 18th day of
April, 1960, at Boise, County of
Ada, State of Idaho, before Ona
Daley, Notary Public, 511 First Se-
curity Building, proof will be sub-
mitted of the application to bene-
ficial use of 4.72 cubic feet per
second of the waters of Under-
ground source, in accordance with
the terms and conditions of Permit
No. 20863 heretofore issued by the
Department of Reclamation of the
State of Idaho.

The name and postoffice address
of the person or corporation hold-
ing said permit are: Sweet Sage
Water Corporation, Boise, Idaho.

The use to which said water has
been applied is Irrigation and do-
mestic.

The amount applied to beneficial
use is 4.72 second feet.

The place where said water is
used, give full and accurate legal
description: NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec.
1, T. 5 N., R. 29 E.B.M.; SW $\frac{1}{4}$,
W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 32, T. 6 N., R. 30
E.B.M.; NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$,
W $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec.
5; All Sec. 6; NE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ -
NE $\frac{1}{4}$, Sec. 8, T. 5 N., R. 30 E.B.M.

The name of the canal or ditch
or other works by which said wat-
er is conducted to such place of
use is Sweet Sage Water Canal.

The right to take water from
such works is based upon Permit
No. 20863.

The source of supply from which
such water is diverted is Under-
ground.

Points of Diversion (legal descrip-
tion) SW cor. of NE $\frac{1}{4}$ NE $\frac{1}{4}$, NE
cor. of SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 21, T. 6 N.,
R. 29 E.B.M.

The date of priority which said
user is prepared to establish is
Sept. 2, 1951.

Permit No. 20863

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. J. Edwin True, 3136 Crane Creek Road, Boise, Idaho, Life Underwriter,
511 First Security Bank Building, Boise, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Sweet Sage Water Corporation, Boise, Idaho., Secretary-Treasurer, Manager.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20863 1-7-49 9-17-48

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. WELLS. NE⁴NE⁴ SE⁴NE⁴ - SEC. 21 - T6N, R29E.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Eleven drilled wells ranging in depth from 120 to 133 ft., 16" casing, 12" pumps with motors from 30 to 60 horsepower. These pumps deliver water into a privately owned canal which has a 5,000 inch capacity. This canal conveys the water to the farmland. These eleven pumps produce 1,650 inches of water. The amount was determined by prolonged welltests with orifice discharge.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use. Irrigation. Water has been used on the following land: NE¹₄, E⁴₄ SE¹₄, Section One, Township 5 North, Range 29 East;

Ans. all of Section Six, and the SW¹₄, and the W¹₂ NW¹₄ and NE¹₄ NW¹₄ and NW¹₄ NE¹₄, Section Five, all in Township 5 North, Range 30, E.B.M., Butte County, Idaho, a total of 1240 acres. Cultivated land. These permits also apply to the following land which has not yet been irrigated: NE¹₄ NW¹₄, NW¹₄ NE¹₄, Section 8, Township 5 N., Range 30 East, the SW¹₄ and W¹₂ SE¹₄, Section 32, Township 6 N., Range 32 East; W¹₂ SE¹₄, Section 5, Township 5 North, Range 30 East Boise Meridian, Butte County Idaho, a total of 400 acres.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. eight wells drilled by Ralph Denton, Murtaugh, Idaho
three wells drilled by Leland Haney, Moore, Idaho

20863

RT

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One inch per acre at the wells.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Assignment by Hope Land and Water Co., Inc. to Sweet Sage Water Corp.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 1240 acres crop land irrigated season 1959 with over 1240 inches.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none.

SWEET SAGE WATER CORPORATION

Permit No. 20863

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Merle M. Larson, age 55, Howe, Idaho, irrigator, Howe, Idaho.

Ques. 2. Are you acquainted with J. Edwin True, the manager and Secretary- the
Treasurer of Sweet Sage Water Corporation, holder of Permit No. 20863? How long have you known him and where does he reside?

Ans. One year and he resides in Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20863, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion and describe works for conveying water from point of diversion to place of use.

Ans. There are 11 drilled wells, ranging in depth from 120 to 133 ft. with 16" casings and 12" pumps with motors from 30 to 60 horsepower. These pumps deliver water into a privately owned canal which has a 5,000 inch capacity. This canal conveys the water to the farmland. These eleven pumps produce 1,650 inches of water; the amount was determined by prolonged welltests with orifice discharge.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. about 5,000 inches; approximately 1300 inches.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Eight pumps which I estimate to deliver about 1300 inches.

On this permit?

20863

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use. Irrigation. Water has been used on the following land: NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$, Section One, Township 5 North, Range 29

Ans. East, all of Section Six; and the SW $\frac{1}{4}$, and the W $\frac{1}{2}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section Five, all in Township 5 North, Range 30, E.B.M., Butte County, Idaho, a total of 1240 acres. Cultivated land. These permits also apply to the following land; which has not yet been irrigated: NE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 8, Township 5 N., Range 30, East, the SW $\frac{1}{4}$ and W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 32, Township 6 N., Range 32 East; W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 5, Township 5 North, Range 30 East Boise Meridian, Butte County, Idaho, a total of 400 acres.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~Silt loam sagebrush land. Should require about one inch to the acre at the pumps, which will allow for ditch loss.~~

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ~~No.~~

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~1240 acres were farmed during the season of 1959 with the above water.~~

(Signed) Mark M. Larson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise County of Ada, State of Idaho, on this 18 day of April, A. D. 1960.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
APR 19 1960
Department of Reclamation

Permit No. 20863

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ted B. Deason, age 51, Howe, Idaho, Farm Laborer, Howe, Idaho.

Ques. 2. Are you acquainted with J. Edwin True, the manager and Secretary-Treasurer of Sweet Sage Water Corporation, the holder of Permit No. 20863? How long have you known him and where does he reside?

Ans. One year and he resides in Boise, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20863, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion and describe works for conveying water from point of diversion to place of use.

Ans. There are 11 drilled wells, ranging in depth from 120 to 133 ft. with 16" casings and 12" pumps with motors from 30 to 60 horsepower. These pumps deliver water into a privately owned canal which has a 5,000 inch capacity. This canal conveys the water to the farmland. These eleven pumps produce 1,650 inches of water; the amount was determined by prolonged welltests with orifice discharge.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. about 5,000 inches; approximately 1300 inches.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Eight pumps which I estimate to deliver about 1300 inches.

2
not on this permit.

20863

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Water has been used on the following land: NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$, Section One, Township 5 North, Range 29 East, all of Section Six, and the SW $\frac{1}{4}$, and the W $\frac{1}{2}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section Five, all in Township 5 North, Range 30, E.S.M., Butte County, Idaho, a total of 120 acres. Cultivated land. These permits also apply to the following lands which has not yet been irrigated: NE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 3, Township 5 N., Range 30, East, the SW $\frac{1}{4}$ and W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 32, Township 6 N., Range 32 East, W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 5, Township 5 North, Range 30 East Boise Meridian, Butte County, Idaho, a total of 400 acres.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Silt-loom sagebrush land. Should require about one inch to the acre at the pumps, which will allow for ditch loss.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. 120 acres were farmed during the season of 1959 with the above water.

(Signed) Ted B. Deason

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 18 day of April, A. D. 1960.

Protests against Numbers G25535
and G25536 and Number 20863.

Dear Mr. Carter:

On behalf of eight protestants, all of whom are residents of Howe, Butte County, Idaho, we enclose herewith duplicate originals of protest against the issuance of a license with respect to Permits No. G25535 and G25536. There is also enclosed a protest against the issuance of a license pursuant to Permit No. 20863.

We understand that proof will be submitted under these Permits before one Ona Daley, Notary Public of Boise, Idaho, on the 18th day of April, 1960.

The protestants earnestly request that serious consideration be given to a hearing before you some time in the future, at which time both sides to the controversy may be afforded the right of producing witnesses to support their several contentions.

Will you please acknowledge receipt and filing of the protests.

Sincerely,

ANDERSON & BEEBE

Re: Permit No. 20863

**Forest Sage Water Corporation,
511 First Security Building,
Boise, Idaho.**

**Attention: J. Edwin Tru
Secretary-Treasurer**

Gentlemen:

This acknowledges the Notice of Proof of ~~Application of Water~~ and Application of Water to Beneficial Use under Permit No. 20863. The proofs are to be made at 2:00 o'clock P.M., on the 18th day of April, 1960, ~~1959~~, before One Daley, 511 First Security Building, Boise, Notary Public.

As of this date we have mailed the Notice to the Area Advertiser with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RE: Permit No. 20863
Sweet Sage Water Corporation

Alma M. Bickmore, Manager
Farm Loan Closing Dept.
Utah Mortgage Loan Corporation
Logan, Utah

Dear Mr. Bickmore:

In our letter to you, dated January 21, 1960, the due date of the proof of beneficial use of the water was shown as May 3, 1958, whereas it was actually due May 3, 1957.

Proof of beneficial use of the water under Permit No. 20863 can be made at any time. The date of priority on the license will be advanced the same amount of time the proof is late. In this case, if proof is made May 3, 1960, the proofs would be three years late and the priority of the water license would be September 17, 1951, or three years after the application for permit was received in this office.

The water licenses under the various permits cannot be issued until the works have been inspected by our field engineer, which will be some time next summer, provided the depositions of the holder and two witnesses, for each permit, are received in this office.

Very truly yours,

Geo. N. Carter
State Reclamation Engineer

Re: Permit Nos. 20863
G-25535 - G-25536
Sweet Sage Water Corporation

Dear Mr. Carter:

Under date of January 21, you addressed a letter to Mr. George A. Judah, Vice President of our Corporation in connection with the above permits.

You state that proof of beneficial use was due May 3, 1958 and has not been made as concerns permit No. 20863. We have included in our mortgage, one well under this permit. Our concern is when can such proof of beneficial use be made, if at all, now that the first date has passed. Please advise us on this matter.

Your letter indicates that proof of beneficial use is due on March 28, 1960 on permits Nos. G25535 and G-25536. Mr. J. Edwin True, Secretary-Treasurer of Sweet Sage Water Corporation, called in our office a few days ago and advised us that everything will be in order by March 28 to complete this phase of action on the permits. Because we will not be in a position to complete the closing of our loan until the permits have been satisfactorily completed, including one well under permit No. 20863, and our loan must be closed by the end of April, we are asking Mr. True to get in touch with you as soon as possible to complete the necessary details. Mr. True is receiving a copy of this letter to alert him to this situation.

Your prompt advice will be very helpful.

Very truly yours,

Alma M. Bickmore, Manager
Farm Loan Closing Department

Re: Permit No. 20863 - 0-25535
0-25536 - Sweet Sage Water Corporation

George A. Judah, Vice-President
Utah Mortgage Loan Corporation
Logan, Utah

Dear Mr. Judah:

Replying to your letter of January 19, 1960, the status of the permits about which you inquire, is as follows:

Permit No. 20863 - filed March 22, 1955 by Hope Land & Water Co., Inc. for 40 c.f.s. of water from wells. Completion of works was made and certificate issued on December 20, 1956 for 4.72 c.f.s. Proof of beneficial use was due May 3, 1958 and has not been made. The permit was assigned to Sweet Sage Water Corporation on December 4, 1959.

Permit No. 0-25535 for 15 c.f.s and Permit 0-25536 for 14.4 c.f.s were filed on March 22, 1955. These two permits appear to cover the same land and why they were filed in two parts instead of one, I do not know. The latest action on these two permits is assignment to the Sweet Sage Water Corporation, Inc. Proofs upon these two permits are due March 28, 1960.

Until the proofs are offered it is impossible to forecast what development might take place in connection with the objections which might be offered by other people in that vicinity. At present there is no pending litigation affecting the water right implied by the permits.

A protest was filed on April 25, 1955 against allowance of Permit No. 20863, but files do not indicate that any action was taken on this protest.

Very truly yours,

GEO. H. CARTER
State Reclamation Engineer

RE: Permit No. 20863

March 1, 1957

Hope Land & Water Co., Inc.
c/o J. Edwin True
1806 Kimberly Road, Twin Falls, Idaho
Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 20863. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than May 3, 1957, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

20863

STATUS OF HOPE LAND & WATER CO., INC. PERMITS

DECEMBER 14, 1956

E. M. HUMPHREY

Permit
No.

20589

Don True refers to this permit in his letter to this Department written Dec. 11, 1956.

Completion of Works have been made.
Beneficial Use proofs were due July 31, 1954, but have not been made.

20789

An extension of time was granted.
Completion of Works proof has been made.
Beneficial Use proof is due December 18, 1957.

20863

This is a large filling that is only partly developed.
An extension for completion of works was made on February 4, 1954.
Completion of Works was made in May, 1955.
Inspection was made.
Certificate for Completion of Works has never been issued.
It can be issued for an amount of 416 inches.
In February, 1956, point of diversion was amended to drop out Well No. 3, which produced 180 inches, on the date of inspection September 2, 1955. Since these changes have been made; probably the best thing to do is issue a completion of works for 236 inches.
Beneficial Use due in May, 1957.

G-23641

Well No. 3 that was dropped from Permit No. 20863 has been included in this permit.

Proofs are all okay.

Completion of Works can be issued for amount of filling or

4.8 c. f. s.

Delivery from the two wells was 360 inches on Sept. 2, 1955.

lands irrigated (that are covered in permit):

T. 6 N., 30 E., Section 20; SW $\frac{1}{4}$ SW $\frac{1}{4}$ = 40 Acres

SE $\frac{1}{4}$ SW $\frac{1}{4}$ = 25 Acres

NW $\frac{1}{4}$ NW $\frac{1}{4}$ = 0 Acres

Section 29; NE $\frac{1}{4}$ NW $\frac{1}{4}$ = 37 Acres

NW $\frac{1}{4}$ NW $\frac{1}{4}$ = 40 Acres

SW $\frac{1}{4}$ NW $\frac{1}{4}$ = 20 Acres

SE $\frac{1}{4}$ NW $\frac{1}{4}$ = 10 Acres

NW $\frac{1}{4}$ SW $\frac{1}{4}$ = 0 Acres

NE $\frac{1}{4}$ NW $\frac{1}{4}$ = 35 Acres

207 Acres

License for 207 inches can be issued.

There is still no permit that includes the well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$
of Section 8, T. 6 N., R. 29 E.
Possibly G-26188 is meant to, if so there should be an amend-
ment.

There appears to be additional lands irrigated that are not
included in any of these permits. They are as follows:

T. 6 N., R. 30 E. Section 19; SE $\frac{1}{4}$

Section 30; NW $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$

T. 6 N. R. 29 E. Section 25; S $\frac{1}{2}$ NE $\frac{1}{4}$

Re: Permit No. G-23641

Mr. Dan B. True
Hope Land & Water Co., Inc.
1054 Blue Lakes Blvd.
Twin Falls, Idaho

Dear Mr. True:

I have checked all the permits listed in the name of Hope Land & Water Company, Inc., and also included Permit No. 20569.

Enclosed is a map and analysis of the filings as they appear on record in this office.

You will undoubtedly receive a letter in the near future from the Chief Clerk regarding Permit Nos. 20863 and 23641.

Yours truly,

MARK R. KULP
State Reclamation Engineer

Dear Ed:

We see by correspondence on file in this Office that you are having a Meeting with the State Land Commissioner on May 29.

If possible the Writer wishes that you could spend a little time in the Office of the Department of Reclamation.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Clifford E. Fix, Attorney at Law
Fidelity Bank Building,
Twin Falls, Idaho.

Re: Hope Land and Water Company
Sec. 16, Twp. 6 N., Rge. 29 E, BM.

Dear Sir:

In answer to your letter of May 7, I am acting upon your suggestion that a conference be held with Attorney General Graydon W. Smith, State Reclamation Engineer Mark Kulp and myself and have called the meeting for May 29 at 11:00 A. M. here in the Capitol Building.

At this meeting I hope an arrangement can be made for the disposition of the problems concerning the wells drilled by Mr. True on the above section.

Please arrange to be present at the meeting.

Very sincerely yours,

Arthur Wilson
State Land Commissioner.

RECEIVED
MAY 8 1956
Department of Reclamation

May 7, 1956

Mr. Arthur Wilson
State Land Commissioner
Boise, Idaho

Dear Mr. Wilson:

You will recall that on last Tuesday, May 1, I discussed with you the matter of the Hope Land and Water Company securing an additional right-of-way widening Easement No. 882 in Section 16, Township 6 North, Range 29 East, E. M., to include the wells which had been drilled by the Hope Land and Water Company either on or adjoining the right-of-way under Easement No. 882.

In a letter dated March 14, 1955 the Company's application for added right-of-way was not allowed for the reason "that the State would not give any right to enter upon a right-of-way for the purpose of removing water from said Section 16 without said section being considered as a first priority to the waters which may be underneath the surface." Since we are informed there has now been filed an application for the sale of Section 16, we are endeavoring to work out some solution equitable to Mr. True which will protect him and the company in the works that have been constructed.

I believe we all feel that the fact that the Company does not now have permission to drill wells on the right-of-way is the result of a mutual misunderstanding. As Mr. Woosley said in his letter to you of April 24, 1956:

"Recently, while on a trip to Idaho, Mr. True contacted me. We looked at his map and went further into the entire matter, and I believe, in the interest of fairness, I should bring you up to date with the recollection I have of the entire affair. When Mr. True came in and requested a right of way to carry water from this section to other land, he wished to buy the section. I told him that Andy Little of Howe had a lease on it; that Andy had been deprived of considerable of his grazing land through the acquisition

Mr. Arthur Wilson
Page 2
May 7, 1956

"of the ACE, and I believed his purpose could be cared for through a right of way or easement. I do not recall that he asked for a permit to drill wells on this strip, and Mr. True believed that, in as much as he had secured a permit from Mr. Kulp, State Reclamation Engineer, he would not need a permit from the State Land Board for wells. I think in the first instance it was a misunderstanding both on my part and on the part of Mr. True. I also understand that these wells were about the first ones developed in that area, and that they had demonstrated the feasibility of taking ground water, from this area and using it on lands more adapted to irrigation some few miles away."

Also it now appears that the original Easement No. 882 was in error since there is a canal already in existence along the west line of Section 16 and a public highway along the south line of Section 16 and the Company was granted only a 25 foot right-of-way "over and along the west line and south line of Section 16, Township 6 North, Range 29 East, B. M."

I suggested to you as a possible solution that upon an application for added right-of-way to widen the right-of-way under Easement No. 882 the Company be granted a right-of-way approximately 50 feet wide or as much wider as may be necessary to include the two wells which the Company has drilled, and that the easement from the State specifically provide that any wells drilled or to be drilled by the Company shall be subordinate and junior to any well or wells that may be drilled in the future to irrigate those parts of Section 16 susceptible of irrigation and that any deed issued pursuant to the sale of Section 16 contain such a subordination clause. As further evidence of his good faith in the matter, Mr. True and the company would be willing to enter into a contract with the purchaser of Section 16 to remove any possible doubt regarding the matter.

As I recall, you agreed that this would offer a solution of the matter but that you had received the impression from Mr. Mark R. Kulp, State Reclamation Engineer, that his office would not approve such an arrangement.

After talking with you, I saw Mr. Kulp and discussed the matter at some length with him. Mr. Kulp, if I understood him clearly, said that the Department of Reclamation would have no right to subordinate a water right granted under an early permit to one filed later but that he saw no objection to any arrangement by contract or otherwise between the Company and the purchaser of Section 16 as to the subordination of the Company's wells to any wells that might be constructed to irrigate Section 16 or to any subordination which might be contained in any easement which

20863

Mr. Arthur Wilson
Page 3
May 7, 1956

might be granted to the Company.

I might add also that I discussed this briefly with Attorney General Graydon Smith who is familiar with the matter, and it was his thought that the Company's proposal, as I expressed it to you, might offer an equitable solution.

If the foregoing meets with your approval, and we are so advised, we would be glad to submit an amended application reflecting the proposed foregoing arrangement. In the event you should like to discuss the matter further we would be glad to meet with you and Mr. Kulp or Mr. Thompson, and Mr. Graydon Smith, if he is available, and agree upon the necessary procedural steps to effect this settlement.

I appreciate the opportunity that I had to discuss this with you last Tuesday.

Very truly yours,

CLIFFORD E. FIX

RE: PERMITS NOS. 20863 - G-23641

Mr. J. Edwin True, Sec.-Treas.
Hope Land & Water Company
1964 Filer East
Twin Falls, Idaho

Dear Mr. True:

You will probably think the Writer is careless as I forgot to have you sign the enclosed Amendments for change in point of diversion and place of use. Please sign the Amendments and return to this Department.

Evidently too much confusion around here when you came back to the Office in the afternoon.

We also wish to state that we are unable to furnish you Licenses for Permits Nos. 20863 and G-23641 for the reason that when Mr. Humphrey inspected your wells he only inspected them for Completion of Works and did not inspect the land where the water was used, therefore, it will be necessary for him to make another inspection on Beneficial Use proof.

This inspection can be made after you complete Permits Nos. G-23641 and 20863.

For the purpose of satisfying the Bureau of Land Management on your Desert Land Entries, we are wondering if it would not suffice to furnish the Land Office with a copy of the Amended Permit No. G-23641 in place of a copy of the License which we are now unable to furnish.

Please advise us accordingly.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 20863

Comes now Hope Land & Water Co. / By J. Edwin True, Sec.-Treas. and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 20863.

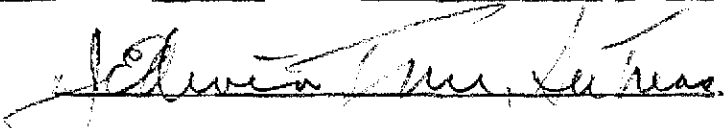

That the point of diversion is described in said permit as being located in the NE¹/₄NE¹/₄, SE¹/₄NE¹/₄ Section 21 & the NW¹/₄NW¹/₄ Sec. 16, Twp. 6 N., Rge. 29 E., B.M.

That he now requests that the point of diversion be changed to a point located in the NE¹/₄NE¹/₄, SE¹/₄NE¹/₄ Section 21, Township 6 North, Range 29 E., B.M.

That his reasons for desiring to make such change are as follows:
Better consolidation of water facilities.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 10th day of February 19 56

Date of receipt at Department of Reclamation February 10, 1956

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 20863. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20863

This proof is for Completion of Works

In Water District No.

1. Name of applicant Hope Land & Water Company, Inc., C/o J. Edwin True, 1805 Kimberly Rd. Twin Falls, Idaho.

2. Source of water supply: Subterranean from wells.

3. Location of point of diversion: Is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 21. / of Section 16 and NW $\frac{1}{4}$ NW $\frac{1}{4}$

T. 6 N. R. 29 E. County of Butte

4. Describe works as they exist, giving dimensions and capacities of same: Well # 1: 25 or 30 hp motor, no specifications on motor. information given by Bill Williams. Pump is a Pomona Turbine serial No. R-558. Water measured through spurling meter at 120". Well # 2: 50 hp O. A. Smith Motor, serial No. 56821. Fairbanks Morse Pump No. CF 52917. Water measured through Sparling Meter at 116". Well No. 3: Well is 120' deep. H=75'. Draw down not appreciable. 50 hp U. S. Motor No. 592022. Pump is a Layne Bowler Turbine No. 19500. This pump was not measured because a fuse was blown. This one and #4 are duplicate wells and the same amount of delivery is assigned to these as was measured under #4. Well #4: 50 hp U.S. motor serial No. 952021. Pump is a Layne Bowler no number on the plate. Water was measured through a Sparling Meter at 180".

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

1920 acres in Section 1, Twp. 5 North, Range 29 East, B. M.

Sections 4, 5, 6 & 8, Township 5 North, Range 30 East, B. M.

Sections 32 and 33, Twp. 6 North, Range 30 East, B. M.

See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

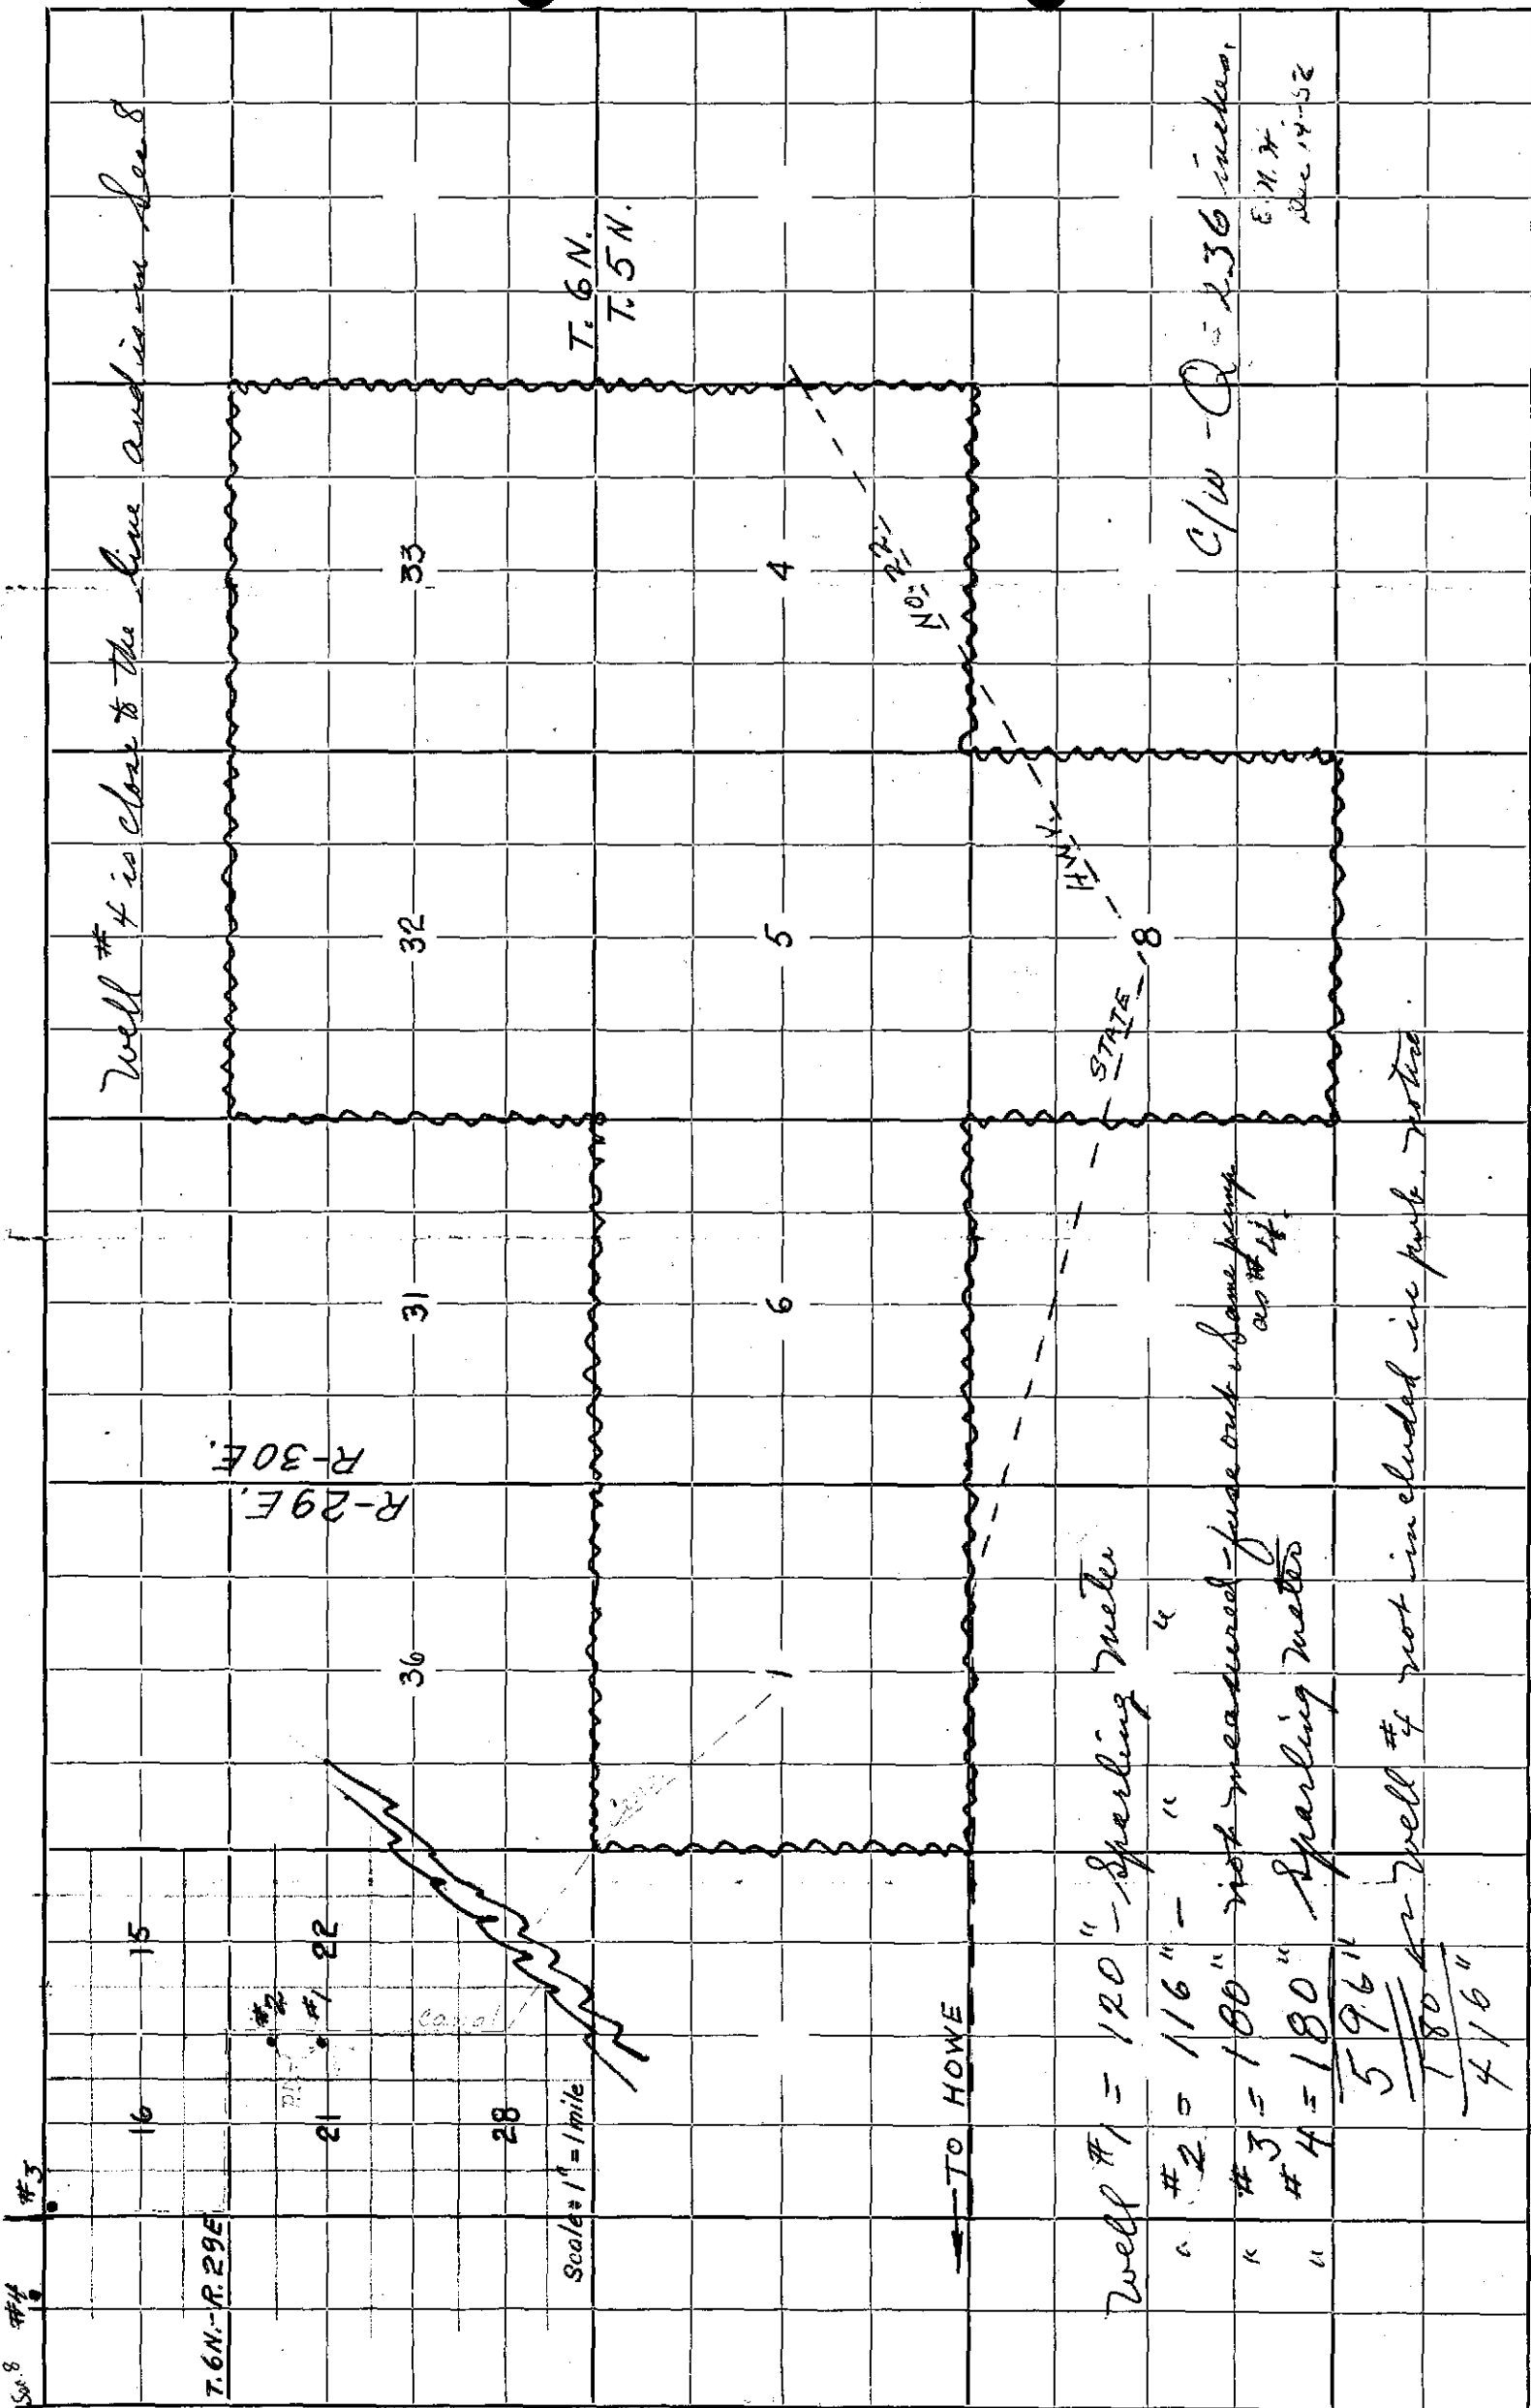

Remarks: None of these wells were operating at the time of well visit. The draw down was checked by checking the stop watch against 100 cubic foot delivery. There was very little draw down because the time required to deliver 100 c.f. of water did not change after a few minutes operation. These wells were all hand dug wells down to a depth of water. The top part of the well has a concrete casing. After that, the gravels are merely stuccoed. After water has been reached, a well that will accomodate 16" casing is drilled. There appeared to be but one well that was within a $\frac{1}{4}$ of a mile of any of these wells and the statement was made that it was drilled after these wells were in.

*They use a ditch alongside the Blaine Canal for #3 & #4.
There is a ditch of ample size from the other
two wells to the land irrigated.*

This examination was made on the 2nd day of September, 19 55

(Signed) C. H. Humphrey Examiner.

RE: Permit No. 20863

Hope Land & Water Co., Inc.
C/o J. Edwin True
1805 Kimberly Road
Twin Falls, Idaho

Dear Mr. True:

I intend to make inspection in connection with
completion of works on your Permit No. 20863 on Friday,
September 2, in the morning.

Will you please accompany me on this inspection.
I will try to be in Howe sometime between 8:00 and 8:30 A.M.
I will either stop at the Motel in Arco or the Hotel Idaho
in Idaho Falls the evening before.

I am not sure of the name of the motel in Arco but
it is the one immediately on the South side of the highway
after crossing the railroad tracks coming into Arco from
Blackfoot.

Yours truly,

MARK R. KULP
State Reclamation Engineer

My dear Mr. Kulp:

There has been received from the Director a copy of a protest addressed to you against proof of completion of certain irrigation works under permit No. 20863 of the Hope Land and Water Company in Idaho.

By his letter of May 12, 1955, the Director advised Mrs. Edwin L. Amos, who forwarded the copy of protest to him, that it appears that the matter at issue is one exclusively for the State Department of Reclamation.

If this Bureau can be of any assistance to you in this matter, please advise.

Very truly yours,

J. R. Penny
State Supervisor

Affidavit of Publication

I, Paul Cross, of the
Arco Advertiser, a weekly newspaper of general
circulation, published weekly at Arco, Idaho, since
March, 1909, do solemnly swear that a copy of
this notice, per clipping attached, was published
weekly in the regular and entire issue of said
newspaper, and not in any supplement thereof,

for four consecutive weeks, commenc-
ing with the issue dated April 8, 1955

and ending with the issue dated April 29, 1955

LEGAL NOTICE

NOTICE FOR PUBLICATION

NOTICE IS HEREBY GIVEN that at 1:00 P.M. on the 2nd day of May, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Lyle Fraser, Public proof will be submitted of the completion of works for the diversion of 9 cubic feet per second of the waters of 3 wells in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 21, and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 16, Township 8 North, Range 29 E.B.M. in accordance with the terms and conditions of a certain permit heretofore issued by the Department of Reclamation of the State of Idaho.

1 The name of the person or corporation holding said permit is HOPE LAND & WATER CO., INC.

2 The postoffice address of such person or principal place of business of such corporation is 1964 FILER AVE. E., TWIN FALLS, County of Twin Falls, State of Idaho.

3 The number of such permit is 20863, and the date set for the completion of such work is MAY 3, 1955.

4 Said water is to be used for irrigation purposes.

5 Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 9 cubic feet per second.

6 The amount of lands for which said water is available is 1,920 acres, particularly described as follows: Section 1, Township 5 North, Range 29 East, B.M.; Sections 4, 5, 6, 8 Township 5 North, Range 30 East, B.M., Sections 32 and 33, Township 6 North, Range 30 East, B.M.

RE: Permit No. 20863

Mr. J. Edwin True, Sec. Treas.
Hope Land & Water Co. Inc.
1806 Kimberly Road
Twin Falls, Idaho

Dear Mr. True:

We have your letter of May 4 enclosing depositions of W. T. Williams and two witnesses in proof of Completion of Works on Permit No. 20863 and note your statement as to the errors in the location of the wells and place of use.

Since the corrected deposition of Mr. Williams correctly describes the location of the three wells on which you were to make proof we can accept the depositions regardless of the fact that the land is incorrectly described, since this is not proof of Beneficial Use.

In order to complete the proof, however, it will be necessary for you to furnish Affidavit of Publication from the Arco Advertiser. They were instructed to send this to you and if you have not received it we suggest you take the matter up with them at once.

Meanwhile, we enclose copies of two Protests filed in connection with this proof, but before final action is taken the matter will be thoroughly investigated by an Engineer from this Department.

We cannot say just when this investigation will be made but you will be notified in order that arrangements may be made to show our Engineer over the Project.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mrs Anderson:

Re: Permit # 20863

Attached are completion forms signed and notarized as requested.

Mrs Anderson, I was out of town yesterday and had to ask Mr. Williams and the Notary to complete these papers. As you will note, they became a bit confused as to the actual lands involved as well as the wells. I note they have mentioned 4 wells and have specified lands we have been farming rather than those under the permit.

While this water will flow on other lands as well as those under the permit I am not sure how we should correct these proofs attached.

It is my thinking that these proofs will certify that the wells are in and pumps working as of May 3. Should we file these with you and, if necessary, get corrected papers signed as soon as I can?

I must be out of town for a couple of weeks and upon my return will do this over in any manner you feel is necessary. Since some of the local people at Howe registered an objection to these proofs I thought it best to get them signed as advertised.

Will stop and see you the first time I can get into Boise.

Kindly advise if you wish that I do anything more with this matter.

Sincerely,

Hope Land & Water Co. Inc.

Sec. Treas.

PERMIT NO. 20863

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. W. T. Williams, Rt. #2, Twin Falls, Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Hope Land and Water Co., Inc., 1964 Filer Ave East Twin Falls, Idaho

President of Hope Land and Water Co.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. 20863, Jan 7, 1949 40 Cubic Ft. of Water, Subterranean flow,

2 Well in E $\frac{1}{2}$ NE $\frac{1}{4}$ Section 21, Range 6 north, Township 29 EBM, 1 well in NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 16 Range 6 North, Township 29 EBM, 1 Well in SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 8 Range 6 North Township 29 EBM.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation. SE $\frac{1}{4}$ Sect 23, Township 6N. Range 29 EBM, NE $\frac{1}{4}$ Section 25, Township 6 North Range 29 EBM. SE $\frac{1}{4}$ Sec 19, NE $\frac{1}{4}$ Section 30, W $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 20, NW $\frac{1}{4}$

NW $\frac{1}{4}$ SW $\frac{1}{4}$ in Section 29, All in Township 6 North, Range 30 EBM

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. 2 Wells Completed in 1951 and 2 Wells completed in 1953

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. 4 Well and ditches fully completed and they do comply in all respects to the terms of the permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. This is partial completion under the total permit.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. 4 Wells produce twelve cubic feet of water. Cost Approx \$17,000.00

for the wells, pumps and diversion ditches.

(Sign here.)

Re: Sec. 16, Twp. 6 N., Rge. 29 E.B.M.
Application of Hope Land & Water Co., Inc.

Dear Mr. Kulp:

The State Land Department hereby makes objection to the diversion of water from a well placed on the NW¹/₄ in the above-described section as prayed for in the Notice of Publication by the Hope Land & Water Co., Inc., for final proof of Permit No. 20863.

The State Land Department makes objection to the removal of any water from said Section 16 for the reasons; (1) a large proportion of Section 16 is irrigable from waters developed in the Northwest corner of said section; (2) the applicant does not have an easement on this land for the purpose of drilling for water for diverting waters therefrom, the Easement No. 882 in existence being for the purpose of a canal only; (3) removal of this available source of water would depreciate the value of the land which is public school grant land.

The proof for completion of works is scheduled for May 3 at Twin Falls, Idaho, and it is requested that this objection to the allowance of any diversion of waters from the NW¹/₄ said Section 16 be noticed at the hearing, and registered as an objection to the allowance of any water therefrom.

Very truly yours,

ARTHUR WILSON
State Land Commissioner

Copy

Howe, Idaho
April 25, 1955

State of Idaho
Department of Reclamation
Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

We, the undersigned, hereby submit our protests to completion of works and diversion of water from 3 wells located NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 21 and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 16 T. 6 N. R. 29 EBM, proof to be submitted May 3, 1955, at Twin Falls, Idaho, under permit 20863; application made by Hope Land and Water Co., Inc. 1964 Filer Ave. E., Twin Falls, Idaho. We also protest any future works under Permit 20863 and Permit 20789 for the following reasons:

1. Well and proposed wells in Sec. 16 are located on a school section, and it is our understanding that no easements, rights of way, etc are granted on school sections.
2. Wells and proposed wells on Sec. 21 and Sec. 17 are located on Government property that was opened in 1952 for Desert Entry to World War II veterans. NE $\frac{1}{4}$ of Sec. 21 was duly awarded under Serial No. 02990. E $\frac{1}{2}$ of Sec. 17 duly awarded to Serial No. 03066. These, and proposed wells, (some already dug), with ditches and rights of way, render these desert entries impractical for entrants to develop successfully.
3. Records show Permit No. 02387 for 7 exploratory wells was approved by the US Dept of the Interior Nov. 18, 1952. Notice for Publication by the Hope Land and Water Company specifies that water from 3 operating wells is to be applied to private land approximately 5 miles distant with water loss of 40 to 60%. This same Publication states that water will be available for 1,920 acres, part of which (480 acres of Sec. 32 and Sec. 33) is owned by persons not desiring water from said company. The means of conveyance is not yet accomplished, and also there is no priority date stated in the Publication.

We submit these objections, not only in the light of our personal situations, but realizing the effect that such exploitation would have on any future water code written for the State of Idaho. We implore you to give this protest your immediate attention.

3. Records show Permit No. 02387 for 7 exploratory wells was approved by the US Dept of the Interior Nov. 18, 1952. Notice for Publication by the Hope Land and Water Company specifies that water from 3 operating wells is to be applied to private land approximately 5 miles distant with water loss of 40 to 60 %. This same Publication states that water will be available for 1,920 acres, part of which (480 acres of Sec. 32 and Sec. 33) is owned by persons not desiring water from said company. The means of conveyance is not yet accomplished, and also there is no priority date stated in the Publication.

We submit these objections, not only in the light of our personal situations, but realizing the effect that such exploitation would have on any future water code written for the State of Idaho. We implore you to give this protest your immediate attention.

Gentlemen:

We have checked the notice in connection with the above numbered Permit in the name of the Hope Land & Water Company appearing in your issue of April 8 and find same to be correct in accordance with the copy, but one line seems to have been omitted from the notice.

In your subsequent issues please insert State Reclamation Engineer after the name Mark R. Kulp at the bottom of the notice.

Thank you.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Notice for Publication

Notice is hereby given that at 1:00 P. M., on the 3rd day of May, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Lyle Frazier, Notary Public proof will be submitted of the completion of works for the diversion of 9 cubic feet per second of the waters of 3 wells in the NE $\frac{1}{4}$ and SE $\frac{1}{4}$ of Sec. 21, Township 6 North, Range 29 E.B.M. in accordance with the terms and conditions of a certain permit heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name of the person or corporation holding said permit is Hope Land & Water Co., Inc.

2. The postoffice address of such person or principal place of business of such corporation is 1964 Filer Ave. E., Twin Falls County of Twin Falls, State of Idaho.

3. The number of such permit is 20863, and the date set for the completion of such work is May 3, 1955

4. Said water is to be used for Irrigation purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 9 cubic feet per second.

6. The amount of lands for which said water is available is 1920 acres, particularly described as follows:

Section 1, Township 5 North, Range 29 East, B.M.; Sections 4, 5, 6, 8 Township 5 North, Range 30 East, B.M.; Sections 32 and 33 Township 6 North, Range 30 East, B.M.

RE: Permit No. 20863

Mr. J. Edwin True
1806 Kimberly Road
Twin Falls, Idaho

Dear Mr. True:

We have included the well in the NW $\frac{1}{4}$ Section 16, Township 6 North, Range 29 East B.M. in your notice for completion of works proof on Permit No. 20863.

We shall send a copy of the notice to the Arco Advertiser with instructions to publish it once a week for four weeks prior to May 3, 1955 and to send you the affidavit of publication together with statement of costs.

At the time set you should appear before Mr. Lyle Frazier, Notary Public, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

Dear Mrs Anderson:

In checking the attached notice I find I've completely overlooked a good well which is on this permit. In addition to the wells you have listed on the notice we have another one which has been pumped two seasons. As it is on permit #20863 presume it should be advertised with these.

Located in NW $\frac{1}{4}$ NW $\frac{1}{4}$ section 16, Twp. 6 N., Range 29 E. B. M. we have a well which pumps 150". Three feet in terms of the permit.

This will make three wells which pump a total of 9 feet. Can this one be added to the notice?

My face is very red on this as I thought this last well was on another permit.

If you can add this one please do. If there are additional papers to sign kindly forward same. Had we been able to go over this when I was in Boise perhaps you would have caught it.

Kind regards,

J. Edwin True

RE: Permit No. 20863

Mr. J. Edwin True
1806 Kimberly Road
Twin Falls, Idaho

Dear Mr. True:

We have your letter of March 8 and everything seems to be alright except the location of the wells. You state that the two wells completed are located in the SE¹/₄NE¹/₄ and NE¹/₄NE¹/₄ Section 29, Township 6 North, Range 29 East B.M. But Permit No. 20863 does not show any wells in Section 29. According to our records these wells are located as follows and we have no record of any of the "Land and Water Company wells in Section 29":

- Well No. 1 in the NW¹/₄NW¹/₄ Section 16, Twp. 6 N., Rge. 29 E.
- Well No. 2 in the SW¹/₄NW¹/₄ Section 16, Twp. 6 N., Rge. 29 E.
- Well No. 3 in the NW¹/₄SW¹/₄ Section 16, Twp. 6 N., Rge. 29 E.
- Well No. 4 in the SW¹/₄SW¹/₄ Section 16, Twp. 6 N., Rge. 29 E.
- Well No. 5 in the SE¹/₄SW¹/₄ Section 16, Twp. 6 N., Rge. 29 E.
- Well No. 6 in the SW¹/₄SE¹/₄ Section 16, Twp. 6 N., Rge. 29 E.
- Well No. 7 in the SE¹/₄SE¹/₄ Section 16, Twp. 6 N., Rge. 29 E.
- Well Nos. 8 & 9 in the NE¹/₄NE¹/₄ Sec. 21, Twp. 6 N., Rge. 29 E.
- Well Nos. 10 & 11 in the SW¹/₄NE¹/₄ Sec. 21, Twp. 6 N., Rge. 29 E.
- Well No. 12 in the SE¹/₄NE¹/₄ Section 21, Twp. 6 N., Rge. 29 E.

If there has been a change the Permit will have to be amended and we enclose a form of application for amendment herewith.

If you are coming to Boise next week perhaps we can take care of the whole matter at that time.

Don't worry about causing us any trouble. It's no trouble at all and any way that's what we are here for.

Dear Mrs Anderson:

Re: # 20863

I really butched that one didn't I ??

Water from these two wells would go on any of the 1920 acres listed in your letter. Guess I encluded another permit in the total. We won't amend the application unless you feel we should.

We will make proof before Lyle Frazier, Fidelity National Bank in Twin Falls.

The two wells we have completed with pumps are located as follows:

1 is at the SE corner of the NE $\frac{1}{4}$ Section 29, the other is in the SE corner of the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ section 29. Twp 6 N., Range 29 E. B. M. Bute County, Idaho.

Both of these wells pump the same and the total for the two is 6 feet of water.

Mrs Anderson, will the above information allow you to publish?

I expect to come into Boise next week and we will make the new filings at that time.

Am sorry I caused you so much confusion on this proof. Only hope it will clear now.

Thank you so much for helping out.

RE: Permit No. 20863

Mr. J. Edwin True
1806 Kimberly Road
Twin Falls, Idaho

Dear Mr. True:

We have your letter of March 3 enclosing Notice for Completion of Works Proof to be made on the part of Permit No. 20863 that has been completed.

This proof can be made only on the wells that are completed and equipped with a pump at the time proof is made.

I will be glad to complete the notice for proof if you will advise me the number of the wells you are proving up on at this time and their location as to Subdivision, Section, Township and Range.

We note that you describe 2400 acres where the water is to be used but the Permit, as amended, only describes 1920 acres including the following:

S $\frac{1}{2}$ Section 32
SW $\frac{1}{4}$ Section 33
Township 6 North, Range 30 East, B.M.

NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 4
N $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$ Section 5
N $\frac{1}{2}$, SE $\frac{1}{4}$ Section 6
Township 5 North, Range 30 East, B.M.

NE $\frac{1}{4}$ Section 1, Township 5 North, Range 29 East, B.M.

N $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 8
Township 5 North, Range 30 East B.M.

SW $\frac{1}{4}$ Section 6, Township 5 North, Range 30 East, B.M.

E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 1, Township 5 North, Range 29 East, B.M.

March 7, 1955

Do you wish to include additional land? If so, you may apply for an amendment to the land list on the Form enclosed.

We note that you name yourself as the Notary Public before whom this proof is to be made. Since you are a member of the Hope Land and Water Co., Inc. it would be better to name another Notary Public.

I will be glad to complete the notice upon receipt of your further advice.

It will be entirely all right for you to make a new filing on the wells that have not yet been completed and we will be glad to help you with this the next time you are in Boise.

Sorry you have been laid up with the flu. Hope this will find you much better. Surely is no joke.

With all good wishes,

Dear Mrs. Anderson:

Attached are the forms for completion of works permit #20863. These just came in my mail today.

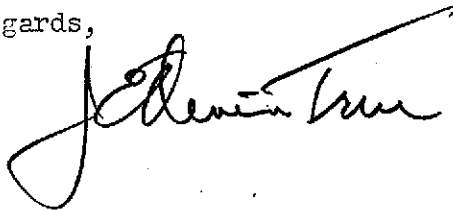

I was wondering. We have another well in this group which has been drilled and tested. It will produce another $3\frac{1}{2}$ feet of water. However we do not have a pump on it at this time. Can we include it in our completed works?

The wells we are pumping develop 6 feet of water. If we are allowed to add the third well mentioned above the amount should be $9\frac{1}{2}$ feet. I have left that space blank on the forms and trust you will fill in the correct figure for me.

As we have discussed several times in the past, I want to get in and make a new filing on those wells we have not gotten completed in this group. Do you suppose I could do that the next time I'm in Boise?

Trust you people are all well. I've had two weeks of hard flu. It is no joke.

PROOF OF COMPLETION OF WORKS

Hope Land & Water Co.
C/o J. Edwin Trus
857 Walnut Street
Twin Falls, Idaho

Boise, Idaho,

Dear Sir:—

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 20863.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before May 3, 1955. Upon receipt of the blank properly filled out, notice of publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

MARK R. KULP

Re: Idaho Permit #20863

Dear Mrs. Anderson:

Due to unavoidable circumstances I have delayed in answering your letter with inclosures regarding final proof on the above application.

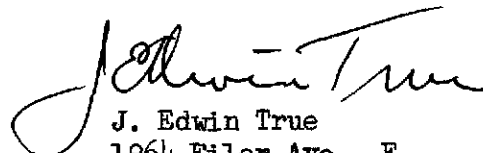

As we discussed once before in your office, I would now like to call attention to the fact that the Desert Land entries which were originally dated November 24, 1948, were not allowed until May 3rd of 1950. This delay of two and one-half years has of course set us back in the water development to a great extent.

While we have done well over the required one-fifth of the assessment work, we do not have the whole project completed at this time.

We therefore request that an extension of time be made on this permit to allow for the delay caused by the government failure to allow the Desert Land Entries until so much later.

Trust this will meet with your approval and that we may have favorable consideration from your department on this matter.

Kind personal regards,

J. Edwin True

May 22, 1953

Mr. Edward Woozley, Administrator
U. S. Bureau of Land Management
Washington 25, D. C.

Dear Mr. Woozley:

RE: Your letter, Idaho 02990 LUD:HSA

The Hope Land and Water Company has Permit No. 20863 from the State to appropriate subterranean public water through a number of wells, including wells in the NE¹/₄ NE¹/₄, SW¹/₄ NE¹/₄ and SE¹/₄ NE¹/₄ Section 21, Township 6 North, Range 29 East, B.M. Other wells are located along the West line and the South line of Section 16, same township and range. The permit was issued on January 7, 1949.

The plan of development is to pump water into a canal and carry it to lands to be irrigated several miles to the Southeast, as well as the NE¹/₄ Section 21.

Permit No. 20655 was issued on September 22, 1948, to William Bond Thomas for subterranean water from two wells in the NW¹/₄ NE¹/₄ of Section 21, Township 6 North, Range 29 East, B.M., for the irrigation of the NE¹/₄ of Section 21, with the notation that the water was for a desert entry.

Permits issued by the State Department of Reclamation are for the appropriation of unappropriated water only and do not carry any right of way privileges or authority to do more than appropriate water.

It is our unconfirmed information that the 40 foot rights of way permits were from the Bureau of Land Management and the rights of way were for wells and ditches.

The State Department of Reclamation does not require a showing of title to land either at the point of diversion or the place of use, but the applications for permits for water for desert entries generally note that the water is to be used on a desert entry.

20863

Mr. Edward Woozley

Page 2

May 22, 1953

Generally, under agreement with the local Bureau of Land Management office, desert entryment are informed that the permit to appropriate public water does not authorize entry on the land for any purpose.

We sometimes issue more than one permit to appropriate water for the same land, as was done in this case. The one having legal right to enter the land is the only one who can perfect his water right.

We are enclosing a sketch map of part of the Hope Land and Water Company development.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Boise, Idaho

MAY 18 1953

My dear Mr. Kulp:

Reference is made to the NE $\frac{1}{4}$ Sec. 21, T. 6 N., R. 29 E., B. M., Idaho, formerly embraced in Carey Act segregation list No. 53, and relinquished by the State on December 20, 1944. The relinquishment was accepted by this Office on September 21, 1950. The tract is now covered by desert entry 02990 of Edwin L. Ames, application for which was filed on May 31, 1952, and allowed about April 20, 1953.

The entryman has complained that under authority of permits issued by your office, the Hope Land and Water Company is drilling wells on the tract, and has 40-foot wide ditch rights over it. He does not give the dates of the permits. In order that we may properly answer his letter, please inform us as to the dates of the permits, whether they authorize the drilling of wells only, or include other rights of way, and whether the permittee made any showing of color of title to the tract or otherwise asserted any claim thereto.

Sincerely yours,

Administrator

Messrs. Merrill & Merrill
Attorneys at Law
Pocatello, Idaho

ATT: Mr. A. L. Merrill

Dear Mr. Merrill:

In reply to your letter of May 7, 1953, requesting information in regard to filings by the Hope Land and Water Company, William T. Williams and Edward True.

The records in this department show the following permits in the names of Hope Land and Water Company and Edwin True, but none in the name of William T. Williams.

Permit No. 20863 of the Hope Land and Water Company, filed September 17, 1948, for 40 cubic feet per second from a group of wells located as follows: NW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 16; NE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 21, Township 6 North, Range 29 East, B.M. Water to be used on the following land: S $\frac{1}{2}$ Section 32, SW $\frac{1}{4}$ Section 33, Township 6 North, Range 30 East, B.M.; NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 4, N $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 5, N $\frac{1}{2}$ and SE $\frac{1}{4}$ Section 6, Township 5 North, Range 30 East, B.M.; NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 1, Township 5 North, Range 29 East, B.M.; NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 8, SW $\frac{1}{4}$ Section 6, Township 5 North, Range 30 East, B.M.

Proof of completion of works due January 7, 1954. Beneficial use proof due January 7, 1956.

Permit No. 20789 of the Hope Land and Water Company, filed December 6, 1948, for 6.4 cubic feet per second from wells located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 17, Township 6 North, Range 29 East, B.M., for use on NW $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 20, and the NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 29, Township 6 North, Range 30 East, B.M.

Proof of completion of works extended to November 20, 1956, and beneficial use proof an additional five years.

20863

May 11, 1953

Permit No. G-23641 of the Hope Land and Water Company, filed January 27, 1953, for 4.8 cubic feet per second from two wells in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 8, Township 6 North, Range 29 East, B.M., for use on the N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 25, Township 6 North, Range 29 East, B.M., and the NE $\frac{1}{4}$ Section 30, Township 6 North, Range 30 East, B.M. Proofs of completion of works and beneficial use due February 6, 1956.

Permit No. 20370 of J. Edwin True, filed March 29, 1948, for 9.6 cubic feet per second from two wells in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 23, Township 6 North, Range 29 East, B.M., but amended to the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 23, Township 6 North, Range 29 East, B.M. Proof of completion of works made and Certificate of Completion of Works issued March 10, 1953, for 5 second feet for use on the SE $\frac{1}{4}$, E $\frac{1}{2}$ NE $\frac{1}{4}$ Section 23, SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Township 6 North, Range 29 East, B.M. Beneficial use proof due April 7, 1959.

Department of Reclamation

Mr. Mark Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

A group of residents in Butte County have consulted me with reference to the drilling of an unusual number of wells and attempted use of their canal for transfer of water by Hope Land and Water Company and/or William T. Williams and Edward True. These people advise that tracts of their land has been taken by this process and their water decidedly affected. I would be pleased if you could advise of the filing, if any have been made in your office for this underground water, giving me the names, dates and quantities of the same, together with any information that might be helpful to me in advising these people as to their rights.

Sincerely yours,

MERRILL & MERRILL

Bond.

Bond No. 47780

KNOW ALL MEN BY THESE PRESENTS, That Hope Land and Water Co., Inc.
of Twin Falls, Idaho, as principal, and AMERICAN BONDING COMPANY OF BALTIMORE,
of Baltimore, Maryland,

as surety, are held and firmly bound unto the State of Idaho in the full
and just sum of One Thousand and No/100 - - - - - (\$ 1000.00) Dollars,
lawful money of the United States, to the payment of which sum, well and truly to be made, said
principal and surety bind themselves, their heirs, administrators, executors and assigns, jointly and
severally, under the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the 12th
day of January, 1949, filed in the office of the Commissioner of Reclama-
tion in Boise, Idaho, a certain application for permit to appropriate the public waters of the State
of Idaho, the said application being thereupon numbered No28289, in accordance with which said
application the Commissioner of Reclamation granted and issued to the said principal herein a cer-
tain permit numbered No20863, a full, true and complete copy of which application No28289
and permit No20863, is of record in the office of the Commissioner of Reclamation in Book
75 of Permits, at Page 20863

Now, if the above bounden principal shall faithfully carry to completion the said works of diver-
sion as specified in said application No28289 and permit No20863, in the manner and form
prescribed therein and within the time therein allowed, then the above obligation to be void, otherwise
to remain in full force and effect.

IN WITNESS WHEREOF, The said principal and surety have hereunto set their hands and seals,
this 1st day of February, 1949

WITNESSES:

HOPE LAND AND WATER CO., INC. (SEAL)

Re: Hope Land and Water Co. Inc. Project.

In reply to your letter of December 24, 1948 addressed to the above
H.L. & W. Co., Inc, C/o J. Edwin True at 1806 Kimberly Road, Twin Falls, Idaho.

There is enclosed herewith a tracing of the Hope Land and Water Co. Inc.,
project upon which is shown the location proposed developments as well
as that portion already completed. We trust that this map will suffice
for the requirements of your office. If this tracing is adequate will
you please send it to the Idaho Blue Print and Supply Co at 210 N.
Capitol Blvd and have them make 6 black line prints and such other
prints as you may need in your office. Charging to my account and
ask that they mail the prints to me at Box 72, Twin Falls. The tracing to
be returned to your own office for filing.

Yours very truly,

J.E. Hayes.

Residence: Arco, Idaho.

My commission expires Nov. 6, 1950.

NOTICE OF APPLICATION TO
APPROPRIATE THE PUBLIC
WATERS OF THE STATE OF
IDAHO IN ACCORDANCE WITH
THE PROVISIONS OF SECTION
41-203, IDAHO CODE ANNOTATED

NOTICE IS HEREBY GIVEN That
the Hope Land and Water Company,
Inc., of Twin Falls, Idaho, made ap-
plication on the 17th day of Septem-
ber, 1948, for permit to appropriate
forty (40) cubic feet per second of
subterranean water from a group of
wells, for irrigation and domestic
purposes.

That the points of diversion, or
location of the wells, are described
as follows:

NW 1/4, SW 1/4, NW 1/4, NW 1/4
SW 1/4, SW 1/4, SW 1/4, SE 1/4, SW 1/4,
SW 1/4, SE 1/4, SE 1/4, SE 1/4 Section
16, Township 5 North, Range 29
East, B. M.

NE 1/4, NE 1/4, SW 1/4, NE 1/4, SE 1/4,
NE 1/4, Section 21, Township 5
North, Range 29 East B.M.

That the lands to be irrigated, as
described in said application, con-
sist of 1920 acres in Sections 32 and
33, Township 5 North, Range 30 East,
B. M., and Sections 3, 4, and 5 Town-
ship 5 North, Range 30 East, B. M.

That any protests against the ap-
proval of this application must be
filed in the Department of Reclama-
tion, at Boise, Idaho, within forty
(40) days from the date of this
notice, and such protest shall state
the name and address of the protest-
ant, and shall clearly set forth his
objections to the approval of said ap-
plication.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Protest of Robert Ulrich, et al.
against
Application No. 28289 of the
Hope Land and Water Company, Inc.,
for permit to appropriate unappropriated public water.

DECISION OF
STATE RECLAMATION ENGINEER

On November 25, 1948, at 10:00 o'clock A.M. in the office of the State Reclamation Engineer, a public hearing was held on the protest of Robert Ulrich and others on the approval of the application for Permit No. 28289 by the Hope Land and Water Company, Inc., of Twin Falls, Idaho.

Appearing for the Hope Land and Water Company were Edwin True and W. T. Williams; for the protestants, Robert Ulrich, John Dietrich, Warren Stauffer, Clyde Burton and Earl Wortley.

The questions to be considered were: Would the appropriation interfere with existing rights? Is there sufficient water, or unappropriated water, available for appropriation? Was the application made in good faith? Was the application made for speculative purposes or delay?

Interference with existing rights and available unappropriated water can not be determined. It is the opinion of the State Reclamation Engineer that the application was made in good faith and not for speculative purposes or delay. Since the application was for permit to appropriate unappropriated public water, the protests were dismissed and the application will be approved.

MARK R. KULP

State Reclamation Engineer

20863

November 13, 1948

Hon. C. A. Robins
Governor of Idaho
Building

Dear Governor Robins:

The petition of J. M. Hansen, et al, protesting the approval of an application for permit to the Hope Land and Water Company supplements two formal protests to the Department following publication of the application. Hearing will be held on November 23, 1948.

Existing permits if completed will undoubtedly over-develop the Little Lost River Valley subterranean supply although we do not have specific information as to the extent of the supply or annual recharge.

All applications for permit are for unappropriated public water and the Department has little discretion in approving properly executed applications.

Permits already approved total more than the application being protested but were not published as publication of applications for less than 25 cubic feet per second do not require publication. (Note - An amendment has been prepared to require publication of all applications)

There is no legal authority to refuse approval of application for permit on account of residence.

It is doubtful if the State Land Board has any authority to reject applications for permit although signatures of the Governor and Secretary of State are required on all permits.

Ground water legislation is being prepared for the coming session of the legislature by a legislative committee of the State Reclamation Association and others, but it is doubtful if it can meet the test of constitutionality if too restrictive.

20862

Governor Robins
November 13, 1948
Page 2

While the names of some of the petitioners are also on formal protests, any one can attend the public hearing on November 23, at 10:00 o'clock A.M. at Room 107, State House, Boise, Idaho, and be heard.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Hon. Idaho

Oct 20, 1948

Mark R. Kulp, Engineer
Dept of Reclamation, State of Idaho
Boise, Idaho.

Dear Mr. Kulp,

I am writing to protest the Department of Reclamation's plan of the Hope Land Co. Green Falls Idaho.

It is my belief, based on experience, that there is not sufficient water to develop two thousand inches in addition to what is now being pumped. I have dug several wells in this location and have found the water to be flowing in a circumscribed channel.

It is not justice that a large speculative company be allowed to place a line of wells between the source of water supply and the wells now operating, thus lowering the water table and squeezing out those who have made permanent homes. The

ultimate result will be the Hope Land Co developing the water, reducing the land at a good profit and leaving the permanent land owners to face a litigation.

Granting this letter is read with a visionary, analytical and just reasoning I am

20863

Sincerely yours
P. J. R. Cullen

20863

Home Idaho, October 18 1948.

Mark R. Kulp, State Reclamation
Boise, Idaho.

Dear Sir:

We the undersigned hereby object to the execution of a permit to appropriate 40 cubic feet per second of subterranean water as requested by the Hope Land and Water Company, according to publication in the arco Advertiser for the following reasons.

We now have filings on adjoining lands and lands within the same general valley for the development of subterranean water. Part of our filings have been developed and proven successful. It appears that several attempts to develop subterranean water in this section of the valley have been un-successful. We therefore assume that there is not enough possibility of development to provide subterranean water for this established farming section and the huge subterranean water development the Hope Land and water company anticipates.

A/gt

CC: State Land Department

20563

August 23, 1948

Mark R. Kulp
State Reclamation Engineer
Department of Reclamation
Boise, Idaho

Dear Sir:

It is requested that your department grant to the Hope Land and Water Company Inc., an easement or right of way across the South side and the west side of Section 16, Township 6 N Range 29 EBM Butte County (see attached sketch). We would like to have a twenty-five or thirty foot right of way extending along the two sides of this section in order that we can run an irrigation ditch, into which we expect to transport the water from wells spaced in this right of way at regular intervals.

Water in this ditch will flow south along the west boundary of Section 16 and east along the south boundary.

It is our intention to request permission of your Department to allow us to drill wells on this right of way in the hope that we may develop several hundred inches by pumping. This water will be transported by ditch to land south and east of Section 16. This land is now vacant, and we are advised available to desert entry.

In discussing this matter with Mr. Oscar Edholm it was his suggestion that we apply to your office for an easement along the two sides of Section 16 rather than to ask that the land be put up for sale. We understand that this land is part of a grazing section and that the State would be reluctant to advertise it.

If your Department will consider this application we would very much appreciate your advice so that we may take the necessary steps for survey etc.

Yours very truly,

Hope Land & Water Co., Inc.

LOST RIVER

By BEATRICE E. SORENSEN

Mr. and Mrs. Jenness Anderson attended the wedding dance of Marion Anderson, daughter of Mr. and Mrs. Sylvan Anderson of May last Saturday night.

Mr. and Mrs. Courtleigh Toombs returned home to Lost River last Wednesday following a ten day trip through Utah and Idaho. They traveled as far south as Monroe, Utah and reported cold and stormy weather everywhere they visited. However, they had a very pleasant trip.

Returning home Tuesday were Mr. and Mrs. Roy Pearson and daughter. The Pearsons went by plane to New York to meet Maud who has been stationed at Lebanon for the past three years. She will now enjoy a six months vacation before returning. While in the east they visited in New York and Washington D.C. where they met with our C.A. Bottolfsen. Maud says it is good to be home.

Weldon Sorensen spent both Wednesday and Saturday on business in Twin Falls.

A Junior Sunday School was started in the Lost River Ward today morning with 65 children in attendance. Mrs. Josephine Toombs has been chosen as the coordinator for the new group.

Mrs. Elva J. Beal and Miss Agnes

NOTICE

FOR PUBLICATION

NOTICE IS HEREBY GIVEN that at 1:00 P.M., on the 3rd day of May, 1955, at Twin Falls, County of Twin Falls, State of Idaho, before Lyle Frazier, Notary Public proof will be submitted of the completion of works for the diversion of 9 cubic feet per second of the waters of 3 wells in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 21, and NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 16, Township 6 North, Range 29 E.B.M. in accordance with the terms and conditions of a certain permit heretofore issued by the Department of Reclamation of the State of Idaho.

1 The name of the person or corporation holding said permit is HOPE LAND & WATER CO., INC.

2 The postoffice address of such person or principal place of business of such corporation is 1964 FULLER AVE. E., TWIN FALLS, County of Twin Falls, State of Idaho.

3 The number of such permit is 20863, and the date set for the completion of such work is MAY 3, 1955.

4 Said water is to be used for irrigation purposes.

5 Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 9 cubic feet per second.

6 The amount of lands for which said water is available is 1,920 acres, particularly described as follows: Section 1, Township 5 North, Range 29 East, B.M.; Sections 4, 5, 6, 8 Township 5 North, Range 30 East, B.M., Sections 32 and 33, Township 6 North, Range 30 East, B.M.

ATTEN

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
NOTICE OF APPLICATION TO
APPROPRIATE FOR PUBLIC
WATERS OF THE STATE OF
IDAHO IN ACCORDANCE WITH
THE PROVISIONS OF SECTION
41-203, IDAHO CODE ANNOTATED

NOTICE IS HEREBY GIVEN That the Hope Land and Water Company, inc., of Twin Falls, Idaho, made application on the 17th day of September, 1948, for permit to appropriate forty (40) cubic feet per second of subterranean water from a group of wells, for irrigation and domestic purposes.

That the points of diversion, or location of the wells, are described as follows:

NW $\frac{1}{4}$, W $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 10, Township 6 North, Range 29 East, B. M.

NE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 21, Township 6 North, Range 29 East B.M.

That the lands to be irrigated, as described in said application, consist of 1920 acres in Sections 32 and 33, Township 6 North, Range 30 East, B. M., and Sections 3, 4, and 5 Township 5 North, Range 30 East, B. M.

That any protests against the approval of this application must be filed in the Department of Reclamation, at Boise, Idaho, within forty (40) days from the date of this notice, and such protest shall state the name and address of the protestant, and shall clearly set forth his objections to the approval of said application.

Dated this 8th day of September, 1948.

MARK R. KULP

State Reclamation Engineer
Date of first publication: Oct. 8.
Date or last publication: Oct. 22.
Last date for protest: November 6, 1948.

SERVICE OF THE FOREGOING, by copy, is hereby acknowledged, this 29th day of September, 1948.

Its Sec'y-Treas.

NOTICE FOR PUBLICATION
NOTICE OF PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 p. m. on the 18th day of April, 1960, at Boise, County of Ada, State of Idaho, before Ona Daley, Notary Public, 511 First Security Building, proof will be submitted of the application to beneficial use of 4.72 cubic feet per second of the waters of Underground source, in accordance with the terms and conditions of Permit No. 20863 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are: Sweet Sage Water Corporation, Boise, Idaho.

The use to which said water has been applied is Irrigation and domestic.

The amount applied to beneficial use is 4.72 second feet.

The place where said water is used, give full and accurate legal description: NE $\frac{1}{4}$, E $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 1, T. 5 N., R. 29 E.B.M.; SW $\frac{1}{4}$, W $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 32, T. 6 N., R. 30 E.B.M.; NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, W $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, W $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 5; All Sec. 6; NE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 8, T. 5 N., R. 30 E.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Sweet Sage Water Canal.

The right to take water from such works, is based upon Permit No. 20863.

The source of supply from which such water is diverted is Underground.

Points of Diversion (legal description) SW cor. of NE $\frac{1}{4}$ NE $\frac{1}{4}$, NE cor. of SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 21, T. 6 N., R. 29 E.B.M.

The date of priority which said user is prepared to establish is Sept. 2, 1951.

GEO. N. CARTER,

State Reclamation Engineer.
