Gentlemen:

We wish to call your attention to an error in the advertising under Permit No. G-25134, in the name of Corless Farms.

In Paragraph Five - The place where said water is used -" should read S¹/₄S¹/₄, NW¹/₄SE¹/₄, All in Section 23, T. 9 S., R. 22 EBM, a comma being left out between S¹/₄S¹/₄ and NW¹/₄SE¹/₄.

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25134. The proofs are to be made at 10:00 o'clock A.M., on the 18th day of September, 1959, before Floyd J. Fruit, Rupert, Idaho, Notary Public.

As of this date we have mailed the Notice to the Minidoka County News with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

I have made the date for establishing final proof on September 2, 1959. Our local paper has only two issues weekly, so in order to have notice published four consecutive times and allow sufficient time for mailing, that is the earliest date possible. I also changed the date on the Form No 11, although I felt it was unnecessary to do so.

The date that the well was completed was May 1, 1955. I am not sure whteher that has any significance in estaglishing date of final proof

RE: Permit No. G-25134

Date July 1, 1959

Corless Farms
Attn: Seth Corless
Route #1, Paul, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-25134 are due not later than Sept. 3, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.
