RE: APPLICATIONS FOR PERMIT 15-7273, 15-7274, and 15-7275

Dear Idaho Department of Water Resources,

As per my conversation this morning with Sharla Cox , I am writing this letter to request a pre-hearing conference with protestants of the above listed applications for permit. I understand your desire to have the various parties meet and attempt to resolve differences prior to a pre-hearing conference. Over the past several months I have offered to meet with many of these protestors regarding the issues surrounding these applications, but they have declined my invitations. Therefore, I anticipate that a pre-hearing conference may be the best option to hopefully bring these issues to resolution.

Thank you for your help in this matter.

Sincerely,
