Re: Applications for Permit Nos. 15-7273, 15-7274 and 15-7275

Dear Ladies and Gentlemen,

This letter is on behalf of the Samaria Recreation District, Samaria Cemetery District and residents of the community of Samaria, Idaho in protest to the above numbered applications filled by MJ Davis Memorial Limited Partnership of Colorado Springs, Colorado. The above listed Idaho State established Tax Districts as well as the residents Samaria's residents jointly protest these fillings on the grounds that issuance of said permits would drastically hamper the safety of the residents. The Samaria Recreation District, jointly with the Samaria Water and Irrigation Company, and with the support of the Oneida County Commissioners and County Fire District, have for some time been planning and is currently in process of the engineering and obtaining funding for development said water for a fire protection, dry hydrant system, for the community. The streams in question would charge the system. Further many of the residents signed below would loose use of water for crops, yards and gardens as they have water shares of these streams through the Samaria Water and Irrigation Company who have a prior claim filed for this water. Any reduction of water from the streams to which these applications refer would be in extreme conflict with the local public interest not only for safety but for further development of the community for recreation development which is also underway and requires said water rights remain in place for beautification as well.

Enclosed find our check for the required \$25.00 per filing in the sum of \$75.00. A copy of this protest is also being sent to the applicant.

Thank you for you consideration.

Sincerely,

Samaria Recreation District Commissioners, Samaria Cemetery District, and Samaria Residents

Re: Applications for Permit Nos. 15-7273, 15-7274 and 15-7275

Dear Ladies and Gentlemen,

This letter is on behalf of the Samaria Recreation District, Samaria Cemetery District and residents of the community of Samaria, Idaho in protest to the above numbered applications filed by MJ Davis Municipal Limited Partnership of Colorado Springs, Colorado. The above listed Idaho State established Tax Districts as well as the residents Samaria's residents jointly protest these filings on the grounds that issuance of said permits would drastically hamper the safety of the residents. The Samaria Recreation District, jointly with the Samaria Water and Irrigation Company, and with the support of the Oneida County Commissioners and Candy Fire District, have for some time been planning and is currently in process of the engineering and obtaining funding for development said water for a fire protection, dry hydrant system, for the community. The above mentioned applications would change the system. Further many of the residents signed below would loose use of water for crops, yards and gardens as they have water claims of these streams through the Samaria Water and Irrigation Company who have a prior claim filed for this water. Any reduction of water from the streams to which these applications refer would be in extreme conflict with the local public interest not only for safety but for further development of the community for recreation development which is also underway and requires said water rights remain in place for beautification as well.

enclosed find our check for the required \$25.00 per filing in the sum of \$75.00. A copy of this protest is also being sent to the applicant.

Thank you for your consideration.

Sincerely,

Samaria Recreation District Commissioners, Samaria Cemetery District, and Samaria Residents
