Re: Amended Application for Transfer of Water Right

Dear Allen:

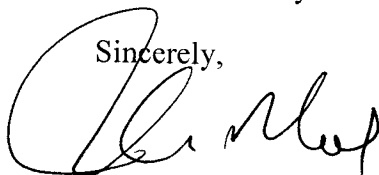

I am enclosing two applications for transfer and a copy of each on behalf of Double C Farms et al. Please date stamp the copies and return them to me in the enclosed envelope. ✓ 

The first application is the latest amendment to transfer number 69939 seeking to obtain water for Double C's feedlot. I sent a previous amendment on August 29, 2005, but have further amended it per our recent discussion to reflect the Department's position that water rights 45-11928 and 45-13421 should be conditioned as overlapping rights. Because this transfer has already been published and does not need to be republished, I have not included any additional application fee.

The second application is a transfer that seeks to consolidate the place of use for all water rights on the Double C farm that share a common delivery system and to recognize alternate points of diversion for all ground water rights that supply the system. I have enclosed a transfer application fee of \$1,690.00.

Please contact me if you have any questions. Thank you for your assistance

Sincerely,

John M. Marshall
