Idaho Falls, ID 83402-1718

Idaho Department of Water Resources:

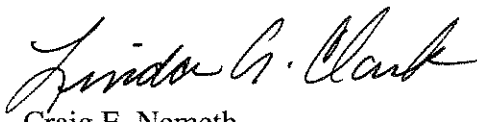

The Bureau of Land Management (BLM) is hereby writing this Petition to Intervene in the Application for Amendment to Permit numbers 75-7052 and 75-7589.

The BLM is connected to the Williams Lake water system and receives water at our Williams Lake Campground. We have water right permit number 75-7638 for this purpose. The BLM has issued a right-of-way to the Williams Lake Water District for the pumping and transmission of water from springs below Williams Lake up to the private homes around the lake and our campground.

For these reasons, the BLM should be a party in all issues related to these Amendments to Permits and any protests or subsequent hearings.

If you have any questions you can contact me at 756-5425 or Alan Bittner at 756-5423.

Sincerely,

for Craig E. Nemeth
Acting Field Manager
