RE: PERMIT NO. 94-7399

Dear Permit Holder:

I have enclosed copies of the approved requests for extension of time submitted in connection with the above referenced permits. The order extends the time within which to submit proof of beneficial use to **March 1, 2008**.

Please note that the department granted this extension based on **due diligence**. It is important that you work diligently toward the completion of this project during the construction period allowed since the department may not be able to grant additional extensions based on due diligence. If you continue to have difficulties obtaining permission from the USFS at the end of this extension period, please include substantiating documentation regarding your application with USFS with the period of time they delayed you with this project. At that time a second request for extension of time could be granted based on federal agency delay.

Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact this office or any regional office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

Please contact the department, if you have any questions regarding this matter.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
