RE: Phillip J. Miller
Change of Ownership of Water Right #85-11376

Dear Sally Sherman:

Pursuant to your letter to our office of July 28th, we enclose the following:

1. Plat map showing site of well
2. Copy of Correction Deed of Gift

Phil and June Miller deeded this property to their son, Phil J. Miller (Phillip J. Miller) and his wife, Minda Miller, in 1994, reserving a life estate. Phil and June Miller are in a nursing home at this time.

Minda Miller recently passed away with cancer and Phillip J. Miller is also ill with cancer and that is the reason why he is in the process of this ownership change and why he is adding his children's names on the property. The property hasn't been deeded to the children, Michelle, Amanda and Phillip James, yet, but Mr. Miller wants to get everything taken care of before he becomes too ill to handle it.

We are not certain if Mr. Miller can change this ownership of water rights at this time, since there is a life estate on the property, although he does have a power of attorney from his parents, so he could sign whatever was necessary, as far as they are concerned.

Could you please advise us if this ownership change can be taken care of at this time or advise us what will be necessary. Thank you for your assistance.

Very truly yours,
