Disposition of Petitions for Reconsideration

RE: Petitions for Reconsideration of the Issuance of Water Right License Nos. 67-7732 and 67-7899

Dear Mr. Campbell:

The Department of Water Resources (IDWR) has received your timely petitions for reconsideration of the preliminary orders issuing Water Right License Nos. 67-7732 and 67-7899. In your petitions, you express concern about the quantity and period of use elements and some of the approval conditions stated on the licenses, but you have not provided a brief or other information detailing the reasons for your concerns and describing the specific changes you are requesting.

IDWR grants you 30 days to support your petitions by providing information describing your particular concerns about Water Right License Nos. 67-7732 and 67-7899 and requesting specific changes. IDWR will evaluate your information when determining whether to grant or deny your petition for reconsideration and schedule a hearing. If you do not respond in writing within 30 days, IDWR will deny your petition for reconsideration.

When IDWR received your petitions, Kay Walker prepared a report discussing the water right elements mentioned in your petitions. I am enclosing a copy of Kay's report for your review.

If you have any questions, please call me at 208-287-4947, or email me at shelley.keen@idwr.idaho.gov.

Sincerely,

Shelley W. Keen
Water Rights Supervisor
