RE: PERMIT NO. 96-9205

Dear Permit Holder:

The Department of Water Resources received the Proof of Beneficial Use and the Request for Extension of Time to Submit Proof of Beneficial Use forms you submitted in connection with Permit 96-9205. When you submit proof of beneficial use, you are notifying the Department that your project is complete and that you are ready for a field examiner to verify your beneficial use of water. Because you noted that your landscaping project is under construction, it would probably be difficult for a field examiner to verify the extent of your water use for irrigation. Therefore, the Department has processed your request for extension and returning your proof of beneficial use statement.

Enclosed is a copy of the approved request for extension of time submitted in connection with the above referenced permit which extends the proof due date to **March 1, 2007**. Please note that the department granted this extension based on evidence of **due diligence**. It is important that you work diligently toward the completion of this project during the construction period allowed, since the department may not be able to grant an additional extension request based on this category.

Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner. Additionally, these forms can be found on our website at:
<http://www.idwr.idaho.gov>

If you have any questions regarding this matter, contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
