RE: Permit # 74-7155

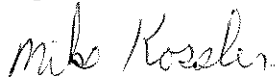

Dear Ms. Brown:

This letter is to inform IDWR that Eagle Valley Ranch, Salmon, Idaho has installed a measuring device on the Bohannon Lake diversion. This work was completed on October 20th 2005.

I have included pictures of the weir that was cemented into the creek bottom on the downstream flow of the lake. Bohannon Lake has a lockable head gate and with this measuring device we have completed the requirements to maintain the water right license for water right # 74-07155.

If you have any questions please contact me at the above address.

Regards,

Mike Kossler
Eagle Valley Ranch Manager
