Re: Instream Stockwater Notice

Statutory claim 74-15664 is the result of a Notice of Diversion for Instream Stockwater Use pursuant to Idaho Code Section 42-113. At first it was believed that the notice modified Right 74-1787A, but review of the water right record showed that Right 74-1787A authorized an out-of-stream stockwater use, not an instream stockwater use. This notice is being interpreted as modifying a previously unrecorded instream stockwater use.
