RE: REQUEST FOR EXTENSION OF TIME

Dear Mr. Jones:

Our office received your request for additional time on 8/23/2005 to submit information required on a transfer application filed on water rights 61-371A and 61-372. I apologize for not replying more timely to your request.

Your request to hold your processing of your transfer until December 31, 2005 has been granted. Our records show that the original transfer application is still in your possession, so you will need to resubmit that transfer with the needed changes or resubmit a new transfer form.

The Department will hold further processing of your application until 12/31/2005 to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

If you have any questions or concerns please contact me at the above address.

Respectfully,
