RE: City of Mountain Home - Transfer No. 72128
Name Change on proposed Well Site, Addition of Well Site

Dear Mr. Westra and Mr. Nelson:

On January 6, I faxed a letter to you regarding an additional well site and a change of name on a previous proposed well site. We have since been able to contact the Mountain Home School District and have finalized a location for a possible well site. This information has been given to Brockway Engineering, who has made changes to the transfer paperwork. I am attaching these changes for your consideration. If acceptable, please amend our transfer application to reflect these changes.

We understand that IDWR has been very cooperative and responsive to the City regarding this transfer request and that any delays caused by these changes are the City's responsibility. With these changes incorporated, we are ready to move forward with the transfer process. Thanks again for your support and cooperation in this matter.

Please let me know if you have any questions or need further information.

Sincerely,

L. Wayne Shepherd, P.E.
Director of Public Works
